SUBJECT: Advisory Body Communication for February 16, 1999 Council Agenda;
Planning Commission Recommendation to the City Council Regarding
Up-Date of the Circulation Element of the City's General Plan

DATE: February 16, 1999

At their meeting of January 26, 1999, the Planning Commission unanimously recommended that the City undertake an up-date to the Circulation Element of the General Plan.

It was staff's understanding from the discussion that the Commission is recommending that the up-date occur as soon as feasible, and that the City not wait for completion of either a Sphere of Influence or Land Use Element up-date.

The specific suggestion was that the City Council consider including a Circulation Element up-date as part of the Fiscal Year 1999-2000 Budget.

Please contact Bob Lata if you have questions or need further information regarding the Planning Commission's recommendation on this topic.
