2. Special assessment levy rolls must be submitted to the San Luis Obispo Tax Collector by July 16, 1999.
3. Special assessment levies must be adopted for the following purposes:

Analysis

and

Conclusion:

If the resolution authorizing the special assessment levies is not adopted, the County Tax Collector's office will not include the amounts on the property tax bills for fiscal year 1999-00 and the City's General Fund would not be reimbursed for expenditures incurred for the nuisance abatement, nor for the expenditures made relative to landscape maintenance and street lighting expenditures within district boundaries.

Fiscal

Impact:

Adoption of the attached resolution authorizing the special assessment levies will result in the billing and collection of the special assessment levies by the County Tax Collector.

The total amount of the nuisance abatements are \$1,377.36 and the total amount of the landscape and lighting levies is \$183,317.10.

Options:

- a. That the City Council adopt the attached resolution authorizing the special assessment levies for fiscal year 1999-00; or

RE: SPECIAL TAX ASSESSMENTS FISCAL YEAR 1999-2000 TAX ROLL

The procedure for entering Special Assessment Charges on the 1999-2000 Tax Roll will be essentially the same as it was for the current fiscal year. This year, we will not enter charges of less than \$3.00 per assessment on the tax roll, as the Revenue and Taxation Code permits us to cancel any tax assessment if the amount is so small as to not justify collection. Any special tax assessment levied by your agency for the 1999-2000 tax year is assumed to have been reviewed by your counsel and is in full compliance with Prop 218.

If your district submits assessment data on a diskette, we would appreciate you completing the form enclosed and labeling your diskette with the district name and fund number(s). If your charges were submitted on a hard copy and you would like our office to send you a list of those parcel numbers applied to last year's roll, please request this list by phone.

Annual charges such as weed abatement, water availability, service charges, etc. must be approved by the governing body annually and submitted to the Auditor-Controller on or before July 16th, together with your resolution stating the applicable section of the code.

The dates and instructions outlined on the attached "Schedule for Special Assessment Charges 1999-2000 Tax Roll" must be complied with by your agency or the charges will NOT be entered on next year's tax statement.

The County is responsible only for the recording, collection, and distribution process with respect to special tax charges. Once the charge has been placed on the tax bill, it cannot be altered.

Any questions we receive as to the nature, amount, unpaid balance, Prop 218 compliance, or refund of a special assessment, will be directed to the agency responsible for levying the charge.

Should you have any questions, do not hesitate to call me or Judy at 781-5048.

Yours truly,

Marsha Stillman
Tax Manager
