**ANALYSIS  
AND**

**CONCLUSION:** This purchase request represents two budget years (FY02 & FY03) of new vehicles and equipment. The new vehicles will replace old rolling stock and equipment eligible for replacement per the City's Vehicle/Equipment Policy. In addition to replacement vehicles the list contains approved additions to the fleet and one specialized vehicle (DARE).

At the December 9, 2002 Vehicles/Equipment Purchasing Procedures ad hoc committee meeting, Chief Cassidy advised the low bid options for the DARE vehicle were not consistent with the Police Department's desired vehicle type and use. The ad hoc committee authorized the removal of the DARE vehicle from the vehicle/equipment purchase list. The DARE vehicle will be addressed in a future bid.

In addition, the committee discussed the three categories (small car, large car, SUV) bid for the replacement used undercover vehicle. The Police Chief recommended the purchase of the large car (Crown Victoria). The committee concurred.

The following table lists all bids received on vehicles by category, with an "X" indicating the low bid in each category, meeting the minimum specified requirements. Footnotes following the table clarify specific instances requiring discretion.
