DISCUSSION

1. Workshop Purpose and Format
2. Informational Presentation by City's General Plan Consultant – Overview of General Plan Draft Environmental Impact Report
3. Next Steps – Review of Schedule and Process
4. Questions, Comments and Public Input
5. Opportunity for Planning Commission and City Council to pose questions
6. Adjournment of Public Workshop

Mayor Frank Mecham called the Public Workshop to order and announced that the Workshop was an opportunity to receive an overview of the proposed General Plan Draft Environmental Impact Report (DEIR), and to provide public comments.

Community Development Director Bob Lata reviewed the purpose and format of the Workshop. He indicated that Steve Svete with Rincon Consultant, the firm providing the City with contract assistance for the City's General Plan update program, would be presenting an overview of the Draft Environmental Impact Report (DEIR) and a comparison of the impacts associated with each of the four (4) different land use alternatives: (1) maximum development, (2) moderate development, (3) minimum development, and (4) no growth/existing General Plan.

Steve Svete made a presentation summarizing the impacts, mitigation measures, and significance/non-significance of the potential impacts of the 4 land use alternatives in each of the 12 topical areas addressed in the DEIR. The DEIR addresses:

- 1) Aesthetics and community design
- 2) Air quality
- 3) Biological resources
- 4) Cultural and historic resources
- 5) Geologic hazards
- 6) Hydrology and water quality
- 7) Land use and agriculture
- 8) Noise
- 9) Public services and infrastructure,
- 10) Recreation
- 11) Safety
- 12) Transportation/circulation

Mayor Mecham opened the public hearing. Speaking from the public was Tim Bryan, Dale Gustin, Larry Werner, Susan Harvey, Jay Huebner, Vera Wallen, Neil Olsen and Kathy Barnett. There were no further comments from the public, either written or oral and the public hearing was closed.

Mayor Mecham thanked everyone for participating in the Public Workshop and asked Community Development Director Bob Lata to review the next steps and the action being sought.

Community Development Director Bob Lata stated that the Public Workshop was an opportunity to present the findings of the DEIR to the Council, the Commission, and the public. Comments are welcome and are a part of the process. After the comment period is closed, a final EIR will be prepared providing responses and the General Plan update itself will be further refined where necessary. Public hearings are scheduled for November and December.

Upon consideration of the information presented, the public testimony received, and the discussion held, it was the consensus of the City Council and the Planning Commissioners to receive and file the report.

By general consensus of the City Council and Planning Commission, the Public Workshop was adjourned at 9:45 PM.
