

TO: James L. App, City Manager
FROM: Joseph M. Deakin, Public Works Director
SUBJECT: Parking Restrictions on the 900 block of Pine Street
DATE: January 6, 2004

Needs: For the City Council to consider approving parking restrictions (red curb) along the 900 block of Pine Street at the new Public Safety Center to the City Council.

Facts:

1. There is a need for additional sight distance from the Public Safety Center exit onto Pine Street for the safety of our police officers and the general motoring public.
2. The Police Department has experienced numerous “near misses” while exiting the parking lot.
3. The Streets and Utilities Committee recommended approval of the red curb at their meeting of November 21, 2003.

Analysis & Conclusion: Large vehicle parking is anticipated in this area. Restricted parking on either side of the Pine Street exit gate from the Public Safety Center will allow for proper sight distances to drivers exiting this high traffic gate. The requested length of red curb is as follows:

- 55 feet on the north side of the Pine Street exit/gate
- 35 feet on the south side of the Pine Street exit/gate

Fiscal Impact: Minimal impacts requiring the cost of painting and maintaining the curb markings.

Options:

- a. Adopt Resolution No. 04-xxx approving parking restrictions (90 feet of red curb) on the 900 block of Pine Street.
- b. Amend, modify or reject the above.
