

TO: James L. App, City Manager
FROM: Meg Williamson, Interim Public Works Director
SUBJECT: Parking Restrictions at the Intersection of 10th and Pine Streets
DATE: February 17, 2004

NEEDS: For the City Council to consider a request for parking restrictions (red curb) on the northeast corner of the intersection of 10th and Pine Streets.

FACTS:

1. The City received a request from about sight line visibility at the intersection of 10th and Pine Streets. Only the northeast corner is without parking restrictions. Restrictions were requested at this location to improve sight line visibility and make the intersection safer.
2. The Streets and Utilities Committee voted 2-0 to recommend approval of the parking restrictions (red curb) to the City Council.

ANALYSIS &

CONCLUSION: The intersection of 10th Street at Pine has four corners with handicap ramp access to the street (which prohibits parking near the corner). In addition, three of the four corners have other features that inhibit parking (bulb out, fire hydrant red curb or no curb at all). Site line can be improved with the installation of red curbing on 10th Street, beginning at the northeast corner handicap ramp extending eastward 20 feet.

**FISCAL
IMPACT:** Minimal (existing budget)

OPTIONS:

- a. Adopt Resolution No. 04-xx approving parking restrictions on 10th Street from the northeast corner handicap ramp extending eastward 20 feet.
- b. Amend, modify or reject the above option.
