

TO: James L. App, City Manager
FROM: Robert A. Lata, Community Development Director
SUBJECT: Rezone 04-002 (Applicant: Ken Parish)
DATE: June 1, 2004

Needs: For the City Council to consider a request filed by John McCarthy on behalf of Ken Parish to rezone an existing 7,000 square foot parcel from R-3 to C-3, in order to bring the zoning designation in conformance with the existing General Plan designation.

- Facts:**
1. The subject property is located at 1830 Riverside Avenue (see attached Vicinity Map).
 2. The General Plan land use designation for the parcel is Commercial Service (CS) and the current zoning is R-3 (residential multi-family, 12-units/acre).
 3. The properties directly across Riverside Avenue (Design Images - Dzida) had a similar zoning designation, and in 1996 Ordinance No. 718 N.S. was adopted changing the zoning designation from R3 to C3 to be consistent with the General Plan.
 4. The properties to the north, south and east are also R3 zoned with the CS general plan designation. These properties are currently developed with multi-family residential, at some point in the future they could also request to be rezoned to C3 as well.
 5. The Planning Commission reviewed the rezone request at their meeting on May 11, 2004, where the Planning Commission recommended that the City Council approve Rezone 04-002. The recommendation to approve the rezone was in order to bring the zoning into compliance with the General Plan Designation. There was discussion by the Commission about whether the Commercial Service designation should remain in this area, since it appears that the area is still predominantly residential with new residential currently being constructed on properties in this neighborhood.
 6. Pursuant to the Statutes and Guidelines of the California Environmental Quality Act (CEQA) and the City's Procedures for Implementing CEQA, an Initial Study was prepared and circulated for public review and comment. Based on the information and analysis contained in the Initial Study, and based on the fact that the rezone is consistent with the Environmental Impact Report completed in 1991 for the General Plan, a determination has been made that the proposed Project qualifies for issuance of a Negative Declaration.

**Analysis
and**

Conclusions: In August 1991, the City Council, as part of the General Plan Land Use Element update, categorized the area proposed to be rezoned as Commercial Service. This land use designation allows for a variety of retail, service and light industrial uses. The proposed C-3 zoning is consistent with the Commercial Service land use designation.

Therefore, because the rezone is consistent with the General Plan, it would be appropriate to

rezone the property from R-3 (Apartment) to C-3 (Commercial/Light Industrial) consistent with this rezone application.

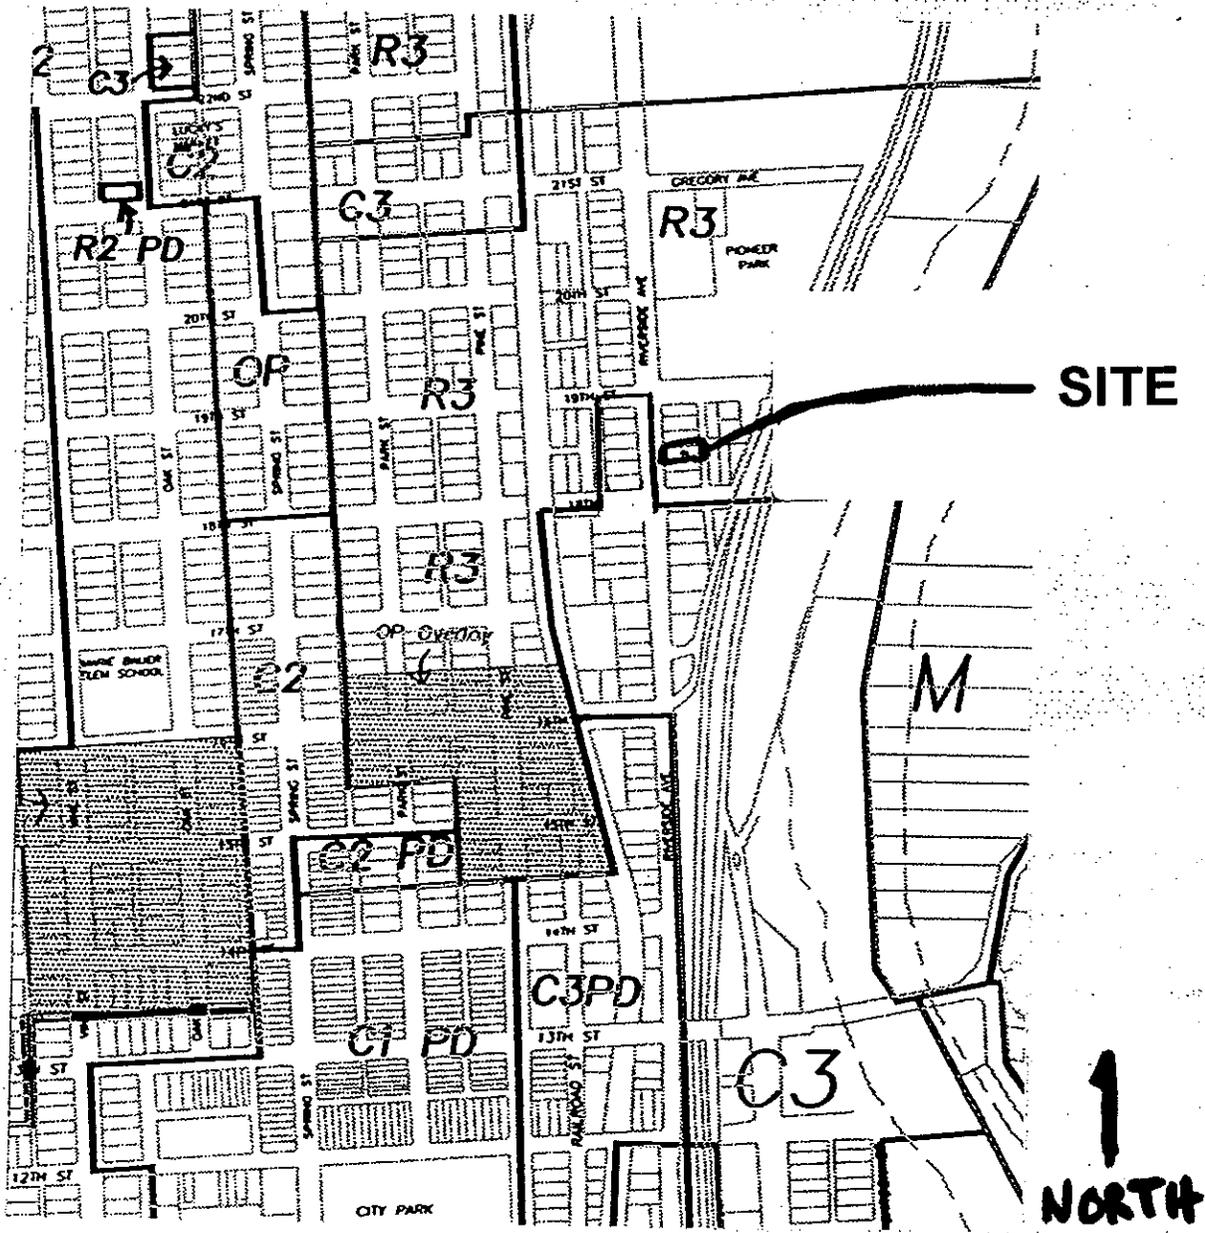

Options: After consideration of all public testimony, that the City Council adopts one of the following options:

- a. (1)** Adopt a Resolution adopting a Negative Declaration for the Rezone 04-002 application; and
 - (2)** Introduce and hold first reading of Ordinance No. XXX N.S. to approve Rezone 04-002 to change the zoning designation from R3 (Residential Multi-family, 12 units to the acre) to C3 (Commercial/Light Industrial); and set June 15, 2004, as the date for adoption of said ordinance.
- b.** Amend, modify or reject the foregoing option.
