

TO: James L. App, City Manager
FROM: Mike Compton, Director of Administrative Services
SUBJECT: Redevelopment Agency – Senate Bills 211 and 1045
DATE: June 1, 2004

Needs: Consider adopting an ordinance to implement the provisions of SB 211 and SB 1045.

Facts:

1. The current Redevelopment Agency Plan expires November 30, 2027, and will cease to exist after this date.
2. Additionally, the current Plan dictates that the Agency may not issue debt after fiscal year 2007.
3. Senate Bill 211, which took effect on January 1, 2002, provides agencies an opportunity to eliminate the time limit on issuing debt and extends the life of the Agency by an additional ten years (until 2037).
4. Adoption of the ordinance presented herein would implement the provisions of SB 211.
5. Additional legislation, Senate Bill 1045, provides a means for those agencies that were required to make an ERAF payment in fiscal year 2004 to extend their Plan time limit and debt issuance limit by one year to recoup the contribution to ERAF.
6. The Agency is required to make an ERAF payment in fiscal year 2004. Thus, the Agency qualifies to extend the Plan time limit by one year if the City Council so chooses.

Analysis and
Conclusion:

As noted above, SB 211 allows redevelopment agencies to eliminate the time limit on the establishment of loans, advances, and indebtedness contained in redevelopment plans and extends the life of the Agency by ten years by ordinance adoption.

The State Legislature, in their attempt to balance the State budget in fiscal year 2004, adopted SB 1045. SB 1045 applied the ERAF shift for the first time to redevelopment agencies, but only for fiscal year 2004. In exchange, the legislation gave agencies the option of extending both their plans and debt limits by one year. Thus, adoption of the attached ordinance would extend the Agency's life by an additional one year (until 2038).

Fiscal Impact: Adoption of the attached ordinance would have a major impact upon Agency resources *in the long-term*. By extending the "tax increment model" out another eleven years, ten for SB 211 and one year for SB 1045, projections indicate that an additional \$90 million in gross tax increment revenues would be generated with a net of over \$40 million accruing to the Agency.

Options:

- a.** Introduce and hold first reading of Ordinance No. XXX N.S. modifying the Redevelopment Agency Plan; and set June 15, 2004, as the date for adoption of said ordinance.
- b.** Amend, modify, or reject the above option.
