

**TO:** James L. App, City Manger  
**FROM:** Robert A. Lata, Community Development Director  
**SUBJECT:** Acceptance of Public Improvement – Tract 2369-2 (Fallingstar Homes Lots 72-106)  
**DATE:** July 6, 2004

---

**Needs:** That the City Council authorize the acceptance of public improvements resulting from the development of Tract 2369-2 (Lots 72-106) into the City's maintenance system.

- Facts:**
1. On March 18, 2003, the City Council accepted Tract 2369-2 for recordation and executed a Subdivision Improvement Agreement with the Developer of this subdivision.
  2. This subdivision is located along Skyview Drive and Christina Court, south of Montebello Oaks Drive (see Vicinity Map, Exhibit A).
  3. The public improvements have been constructed to the satisfaction of City staff.
  4. The Subdivider has constructed the following streets in accordance with the Subdivision Improvement Agreement and in compliance with the improvement plans and all applicable City standards:

<u>STREET NAME</u>	<u>FROM</u>	<u>TO</u>	<u>MILES</u>
Kayla Court	Skyview Drive	250 feet w/o Skyview Drive	0.05
Skyview Drive	Montebello Oaks Drive	700 feet s/o Montebello Oaks Drive	0.13
Montebello Oaks Drive	Christina Court	100 feet w/o Skyview Drive	0.08
Christina Court	300 feet s/o Mont. Oaks Drive	800 feet s/o Mont. Oaks Drive	0.10

**Analysis  
And**

**Conclusion:** The public improvements, which the developer was required to install for this subdivision, have been completed with the exception of the seal coat of the street paving. The City will retain a Maintenance Bond for a period of one year as warranty for the improvements installed. The developer has requested that the placement of the seal coat be deferred and completed during the one-year maintenance period.

Acceptance of public improvements will allow for issuance of certificates of occupancy for homes in the subdivision. Homes will continue to be under construction during the one-year maintenance period, therefore streets in the subdivision will be subject to construction traffic. It will be beneficial to the City to have the paving seal coat deferred until more of the construction traffic has been reduced as homes are completed. Placement of the seal coat during the one-year maintenance period will leave the subdivision with a new and clean appearance at the end of the one-year maintenance period.

**Policy**

**Reference:** Paso Robles Municipal Code, Section 22, Subdivision Map Act

**Fiscal**

**Impact:** The Contractor is obligated to maintain all public improvements for a one-year period following acceptance by the City Council. Once the one-year period has been completed, and the Contractor has completed all correction items, the City will assume additional street, sewer and drainage maintenance costs.

Parkway landscaping and street lighting costs will be financed by the benefiting property owners through the Landscape and Lighting District.

**Options:** Based upon completion of construction of all required public improvements to the satisfaction of the City:

- a. Adopt Resolution No. 04-xxx accepting the public improvements of Tract 2369-2 (Lots 72 – 106) into the City's maintenance system, and authorizing the release of Performance and Payment Bonds upon the posting of a Maintenance Bond in the amount of \$108,590.
- b. Amend, modify or reject the above option.
