SUBJECT: DRAFT Two Year Budget & Four Year Financial Plan

DATE: May 12, 2005

Needs: For the City Council to consider a draft Two Year Budget & Four Year Financial Plan

Facts:

1. The goals identified by Council form the basis for the Two Year Budget/Four Year Financial Plan.
2. A Copy of adopted goals is attached.
3. The Council appointed Councilmen Duane Picanco and Gary Nemeth to serve as their ad hoc budget committee.
4. Both staff and the ad hoc committee have met to review the current budget and new budget requests for the purpose of making recommendations to the full Council.
5. Their recommendations are attached herewith and will be presented in detail at the first of two budget workshops.

Analysis & Conclusion:

The City continues to enjoy economic prosperity and vitality as measured by healthy growth in General Fund resources. This environment is enhanced by the passage of Proposition 1A last November and no looming State reductions in local revenues.

General Fund revenue growth and lack of State reductions gives rise to approximately \$2 million in recurring revenues to implement Council goals. The management team recommends twenty new staff positions, mostly field positions (one is conversion of a contract position and one represents the conversion of two part time) in order to make up lost service response capacity. The recommended staff positions are identified as follows:

Administrative Services	Transit Manager
Police Services	Code Enforcement administrator
	Police Officer (4)
Emergency Services	Fire Marshall/Battalion Chief

Public Works	Fire Fighters (3) Maintenance Worker – Water Division Maintenance Worker – Water Division (convert two existing part-time)
Community Development	Maintenance Worker (4) – Maintenance Administrative Assistant (convert contract to full time)
City Manager’s Office	Info Technology – Web Master Info Technology – GIS Specialist Human Resources Analyst/Manager

These additional positions simply maintain the minimum level of service.

The Council’s ad hoc budget committee has recommended approval of the “A” list of new/expanded service requests (that includes the new positions listed above) with the following additions:

1. LRS submitted a request to provide operational funding for Youth Commission activities/events starting at \$4,000 in FY 2006 and topping out at \$5,500 in FY 2009. One ad hoc committee member recommended ongoing funding of \$2,000 annually.
2. The use of public school play fields for non-school organized sports activities is deemed a “community benefit”. Without this “play capacity”, the City would be forced to provide similar facilities to meet the demand. Since City facilities do not pay water user fees, extending this policy, on a “proportional use basis” to landscape metered public school owned and maintained play fields seems equitable. The ad hoc committee supported this new policy. The value of this benefit based upon current non-school organized sport play is \$15,000 annually.
3. The school district recently received a grant award for a ‘school resource officer’. The salary is grant funded and the City would pick up the cost of benefits if approved by Council. The funding is for three years. At the end of three years, either the position would be eliminated or absorbed by the City. In all such cases in the past, the officer has been absorbed. The ad hoc committee has recommended that this officer, at the end of three years, be absorbed as one of the four officers recommended for inclusion in the proposed budget.
4. Lastly, the ad hoc committee recommends that the Chamber and Mainstreet contracts be extended at their current terms, conditions and cost for one year.

Fiscal
Impact:

None. Workshop presentation only.

Options:

- a. That the Council provide direction relative to the development of the City’s Budget & Four Year Financial Plan; or

b. Amend, modify, or reject the above option.
