

TO: James L. App, City Manager  
FROM: Mike Compton, Director of Administrative Services  
SUBJECT: Appropriation Limit - Fiscal Year 2006  
DATE: August 16, 2005

---

Needs: For the City Council to consider adoption of a resolution approving the "Appropriations Limit" for fiscal year 2006.

Facts:

1. Article XIII B of the State Constitution requires state and local governments to annually adopt an appropriations limit.
2. Article XIII B was added to the State Constitution in November, 1979 when voters approved Proposition 4.
3. The appropriations limit may be adjusted annually by a factor comprised of the change in population combined with either the change in California per capita personal income or the change in the local assessment roll due to local non-residential construction.
4. The data required to complete the calculation is provided by the State of California, Department of Finance.
5. The City's annual population change for the period ending 1/1/05 was 3.05% as calculated by the Department of Finance.
6. The change in California's per capita personal income was 5.26%.

Analysis  
and  
Conclusion:

The appropriation limitation calculation was first applied in fiscal year 1978-79. While described as an 'appropriation' limit, Proposition 4 was, in essence, a tax revenue limit. Local agencies were required to classify revenues as either 'proceeds from taxes' or 'non-tax proceeds'. The total amount of 'non-tax proceeds' was deducted from total appropriations and the difference became the local agencies' appropriation limit.

If the agencies' 'proceeds from taxes' exceeded the amount of the appropriation limit, the difference had to be refunded to taxpayers within two years or in lieu of a

refund, the agency could undertake an election to receive voter approval to keep the extra taxes.

As noted above, this limit may be adjusted annually by the percent change in population and the percent change in California per capita personal income or the percent change in the local assessment roll due to local nonresidential construction. Based upon these annual adjustments, it is highly unlikely that the City would ever experience difficulties in staying within the limit.

Fiscal  
Impact:

None. The City's proceeds from taxes and expenditures continue to be well below the appropriations' limit. The appropriation limit is \$31,679,132, while the total City appropriations subject to the limit are only \$18,378,000.

Options:

- a.** Adopt Resolution No. 05-xx approving an appropriation limit of \$31,679,132 for the fiscal year 2005-06 operating and maintenance budget; or
- b.** Amend, modify, or reject the above option.
