

TO: JAMES L. APP, CITY MANAGER
FROM: RONALD WHISENAND, COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: DEVELOPMENT APPLICATION FEE UPDATE
DATE: July 18, 2006

Needs: For the City Council to consider revising the Schedule for Development Application deposit amounts.

- Facts**
1. The City Council adopted a revised Fee Schedule, including individual hourly billing rates and fee deposits on May 6, 2003 (Attachment 1).
 2. The hourly billing rates were subsequently adjusted on September 20, 2005 (Attachment 2).
 3. Adjustments to the Deposit Schedule were not made in 2005 which has resulted in the City receiving only a portion of the total process fees at the time of application. This has complicated the bookkeeping and recovery of the remaining portion of the fee once the project is complete.
 4. Based on updated worksheets (Attachment 3), an adjustment of the deposit collected on “major projects” from \$2,600 to \$5,500 and “minor projects” from \$600 to \$1,200 would more closely cover processing expenses. The requested changes will only adjust application deposit amounts and are not considered an increase in application fees.

**Analysis
and**

Conclusion: During the last comprehensive update of the Community Development Department Fee Schedule in 2003, the Council confirmed the City’s Fiscal Policy that user fees shall be set at a level for full cost recovery. During that update, the deposit amount was set at a level that matched the cost for processing a “typical” project. When the blended hourly billing rate system was established in 2005 the “fee estimates” for typical permits rose. The Deposit Schedule however was not adjusted upward to reflect the new costs for providing planning services. Based on the attached updated worksheets (Attachment 3), fee deposits that are collected upon application are significantly lower than the ultimate costs for providing the service. This requires staff to collect additional fees after the project is complete in order to comply with the City’s Fiscal Policy. While applicants agree to pay for the full cost of City services, this post-approval surcharge is rarely a welcomed surprise.

Planning fees are grouped into two main categories. The first category is considered “minor projects” which typically have total processing costs of \$1,000-\$1,200. Raising the deposit from \$600 to \$1,200 will more accurately reflect the likely costs to process those applications. The second category of “major projects” has typical processing costs of \$5,000 to \$5,500 and would warrant raising the deposit from \$2,600 to \$5,500.

Policy

Reference: City Council Fiscal Policy of 1992 that states that user fees will be developed to insure/support cost recovery.

Fiscal

Impact: The proposed increase in fee deposit will have insignificant fiscal impacts. The total application fees are not changing. Increasing the deposit only affects the timing on when application fees are paid. The cost associated with staff time collecting additional fee revenues could decrease while expenses associated with processing refunds would be insignificant.

- Options:**
- a. Adopt Resolution No. 06-xx approving the revised Deposit Schedule to the Department's Planning Application Fees.
 - b. Amend, modify or reject the above option.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PASO ROBLES
APPROVING THE REVISIONS OF THE FEE SCHEDULE FOR DEVELOPMENT
APPLICATIONS AND FRONT YARD LANDSCAPING BONDS
(CITY INITIATED)

WHEREAS, in February 1992, the City Council adopted a Fiscal Policy that states that user fees will be developed to insure/support cost recovery; and

WHEREAS, the proposed cost recovery approach applies to the "processing" of development applications; and

WHEREAS, there are no proposed changes to the City's existing development "impact fees" (e.g., bridge fees, a sewer connection fee, etc.); and

WHEREAS, pursuant to Government Code Section 66014, local agencies may charge fees not to exceed the reasonable cost of providing the service for which the fee is charged; and

WHEREAS, the Community Development Department proposes to charge an individual hourly billing rate for all staff time spent processing all development applications except for those applications which have a fixed fee; and

WHEREAS, the individual hourly billing rates for staff are listed in Section I of this resolution; and

WHEREAS, the fixed fee applications are listed in Section II of this resolution; and

WHEREAS, the development applications for which the individual hourly billing rate shall be charged are listed in Section III of this resolution; and

WHEREAS, the bond for front yard landscaping bonds would be increased from \$500 to \$1,500; and

WHEREAS, public hearings were conducted by the City Council on April 15, 2003 and May 6, 2003 to consider the adoption of development application fees and landscaping bond as presented in the staff report prepared for this report, and to accept public testimony regarding this report; and

WHEREAS, the City has complied with the noticing requirements of Government Code Section 66016; and

WHEREAS, this resolution supersedes the development application fees portion in its entirety of Resolution 96-75 previously adopted by the City Council on June 5, 1996; and

WHEREAS, the City Council finds that the proposed fees do not exceed the reasonable cost of providing the services for which the fee is charged.

NOW, THEREFORE, BE IT RESOLVED, based on the City's independent judgment, the City Council of the City of El Paso de Robles does hereby resolve, determine and order as follows, based upon the facts and analysis presented in the staff reports, and public testimony, that the following fee schedule associated with the processing of development applications including the increase of front yard landscaping bonds from \$500 to \$1,500, are hereby adopted and become effective July 7, 2003.

If the applicant does not submit the deposit amount within 15 days from the date of the letter, staff may stop the processing of the application and/or not schedule the project for the Planning Commission meeting. Staff will make reasonable efforts to be flexible with the intent that all accounts in arrears will be paid in full, prior to the application being considered by the Planning Commission. All remaining deposits will be refunded to the applicant within 30 days of the final action taken by the Planning Commission or City Council, or upon request by the applicant to formally withdraw the application. A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PASO ROBLES
TO APPROVE THE REVISIONS OF THE SCHEDULE FOR DEVELOPMENT
APPLICATIONS DEPOSIT AMOUNTS

WHEREAS, in May of 2003, the City Council adopted Resolution 03-66 that amended the fees for planning application services and setting a deposit schedule that approximated the average cost to process various typical permits; and

WHEREAS, in September of 2005, the City Council adopted Resolution 05-192 that amended the cost recovery fee schedule; and
