**Policy** 

Reference: Paso Robles Municipal Code, Section 22, Subdivision Map Act

Fiscal

Impact: The Contractor is obligated to maintain all public improvements for a one-year

period following acceptance by the City Council. Once the one-year period has been completed, and the Contractor has completed all correction items, the City

will assume additional street, sewer and drainage maintenance costs.

Parkway landscaping and street lighting costs will be financed by the benefiting property owners through the Landscape and Lighting District.

### **Options:**

Based upon completion of construction of all required public improvements to the satisfaction of the City:

- **a.** Adopt Resolution No. 06-xxx accepting the public improvements of Tract 2609 into the City's maintenance system.
- **b.** Amend, modify or reject the above option.
