

**TO:** City Council  
**FROM:** James L. App, City Manager  
**SUBJECT:** Paderewski Reprise – Funding Request  
**DATE:** August 21, 2007

---

**NEEDS:** For the City Council to consider a request for \$10,000 to support a half-day youth piano recital and concert reminiscing the days of Ignace Paderewski.

- FACTS:**
1. The original Paderewski Festival was first attempted in the 1990's. After some success, it was discontinued.
  2. A group of area citizens is working to re-establish the Paderewski Festival as Paderewski Reprise.
  3. The group's first annual event will be a one-half day youth piano recital and concert on September 30.
  4. The group is requesting contributions to financially support the reprise. The cost is approximately \$20,000. They report \$13,000 raised from community organizations – including \$2,000 from REC Foundation.
  5. The group requests \$10,000 from the City to support this year's project launch.

**ANALYSIS &**

**CONCLUSION:** The Economic Strategy contains objectives that would encourage support for culture and the arts. Likewise, there are many goals to further tourism. A major music festival could meet these objectives.

Paderewski Reprise is a recreated and embryonic project. Its prospects as a major festival and tourism draw are not yet evident. However, the City has a history of encouraging promising new ventures.

**POLICY**

**REFERENCE:** Economic Strategy

**FISCAL**

**IMPACT:** There are no funds budgeted for this proposal.

- OPTIONS:**
- A. Council Consider the Request and Make a Determination.**
  - B. Amend, Modify or Reject the Option Above.**

Dear Paso Robles City Council,

At the July 11, 2007 meeting of the REC Foundation, members voted to both support the concept of the Paderewski Reprise and donate seed money of \$2000 to help get the program started in the City of Paso Robles. We are in support of the group of citizens who have come together to re-ignite the Paderewski connection to Paso Robles. Ignace Paderewski and his bond with Paso Robles is a wonderful and unique part of our heritage. The Paderewski Reprise program celebrates Paso Robles as a cultural and historical destination, as well as advances several elements of the City's economic strategy. The success of past Paderewski events in Paso Robles is proof of the desire within the community to preserve these historical ties and the interest from visitors outside the community to share them.

On behalf of the REC Foundation, I would like to express our support toward this endeavor and request the assistance of the City Paso Robles in providing the financial and political support such a dynamic and special event will require. The opportunity to expand an educational platform for our youth, and provide visitors with a cultural and historical destination is significant. Spotighting Paderewski's special relationship with Paso Robles will help establish the uniqueness of Paso Robles and result in national and international recognition.

This community has been progressive in recognizing and supporting institutions that provide the quality of life we value. The impact of the Paderewski programs will complement ongoing programs, and provides a platform for future educational and cultural opportunities. Additionally, the chance to partner with USC and the Polish Music Center to introduce international artists should not be overlooked.

We sincerely urge you to consider lending the financial support required to take advantage of this great opportunity and contribution to our community.

Sincerely,

Greg Haas, President

Dear Paso Robles City Council,

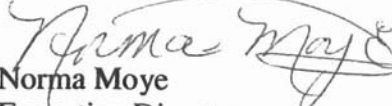

The Downtown Paso Robles Main Street Association has recently been made aware of a group of citizens that has come together to re ignite the Paderewski connection to Paso Robles. Paderewski and his bond with Paso Robles is a wonderful part of our heritage. This opportunity celebrates Paso Robles as a cultural and historical destination. The success of past Paderewski events in Paso Robles is proof of the desire within the community to preserve these historical ties and the interest from visitors outside the community to share them.

We would like to express our support toward this endeavor and request the assistance of Paso Robles in perpetuating this important contribution to the community. The opportunity to expand an educational platform for our youth and provide visitors with a cultural and historical destination is significant. Spot-lighting Paderewski's special relationship with Paso Robles will help establish the uniqueness of Paso Robles and result in national and international recognition.

Dear Paso Robles City Council,

The Paso Robles Chamber of Commerce supports the Paderewski Reprise 2007. We see this as an opportunity to embrace the Economic Strategy that is one of the foundations of our City planning. It also fits our mission statement regarding “preserving its civic and historical well being, in order to provide a better place to live, work and visit.”

Prosperity in the 21<sup>st</sup> Century will be based on creating and maintaining a sustainable standard of living and a high quality of life for all. This festival is just that. We see this as a partnership between education, the arts, business, and the public sector. This Reprise brings together the local and international connection through the arts. A platform to show the talent of our youth, to recognize a special personality and moment in our past, and the vision of our City fathers.

We know that the City has been a generous supporter of many of the local programs. We fully support the Paderewski Reprise, and hope that the City can help in the funding of such a special program.

Sincerely,

Mike Gibson  
President

August 3, 2007

Dear Paso Robles City Council,

A committee of active citizens has been busy organizing an important cultural event that links Paso Robles to a significant piece of historical legacy. Ignace Jan Paderewski, the Polish statesman, composer and international celebrity owned property in Paso Robles from 1914 until his death in 1940. The Paderewski Reprise will make its debut September 30<sup>th</sup> in the Paso Robles Inn Ballroom. The Paderewski Reprise committee respectfully requests the City of Paso Robles to support this event and recognize the cultural and economic value it will contribute to the community.

A financial commitment from the city of \$10,000 is requested to assist this year in providing the funds needed to launch the project. The committee has raised over \$13,000 from community organizations, businesses and individuals demonstrating the community's level of interest. A goal of this committee is to provide a high quality program the majority of the community can enjoy.

The privilege to host internationally renowned Polish Composer, Krzysztof Meyer is provided to Paso Robles through the Polish Music Center at USC. It is with this opportunity the Paderewski Reprise was given birth and many more cultural opportunities unfold as plans progress. This event will provide significant resources and tools to expand an educational platform for our youth and provide visitors with a cultural and historical destination. Spotighting Paderewski's special relationship with Paso Robles will help establish the uniqueness of Paso Robles and result in national and international recognition.

We urge you to lend the financial support required to take advantage of this great opportunity for our community.

Sincerely,

Paderewski Reprise Committee

### **Vision for the Future**

The Paderewski event will be more than a musical experience available to the community at large for participation. The history of Ignace Jan Paderewski and his relationship with Paso Robles will resonate throughout a theme providing an educational platform for teachers, aspiring young musicians, tourism professionals, and enthusiasts of the arts. In addition to concerts, competitions, dinners and wine events Paso Robles has the opportunity to celebrate dual cultures with period celebrations reminiscing the days of Paderewski.

### **Gala Concert**

Musical events open to the community, free or at low cost, performed in the downtown city park. Downtown restaurateurs would be encouraged to extend their seating to the outdoors and take advantage of the musical festivities. Concert goers can make reservations at their favorite restaurant or enjoy free picnic seating in the park. This event will be supported by the USC Polish Music Center featuring internationally recognized artists identified by their relevance to the musical legacy of Paderewski. The downtown setting around the park and musical quality of the program will provide the flavor of a European village celebration.

### **Youth Piano Competition**

Available to qualified aspiring artists throughout San Luis Obispo County, this piano competition will provide a multitude of opportunities for participants. Achieving the skill and discipline to enter the competition will be noteworthy on its own. Winners will have the opportunity to perfect their skills and take advantage of new experiences and resources during special recitals they will be invited to perform. This extends abroad where competition winners will be invited to perform at the Paderewski Concert Hall in Poland as part of an exchange program. Supporters of the piano competition would include the Paderewski Gala Concert, San Luis Obispo Youth Symphony, the San Luis Obispo Arts Council and more.

### **Mid Week, Supporting and Historical Events**

Local merchants will be invited to provide supporting activities and performances to entertain and educate the community and visitors interested in these types of cultural experiences. This can range from special school programs and performances, chamber music events, to Polish festivities celebrating a sister city exchange with Kańska Dolna, Poland. Music, dancing and a live period museum will recognize the importance of Paderewski for more than music but also as a Prime Minister of Poland and signator of the Treaty of Versailles.

### **Cultural Contributions to the Community**

- ✚ High quality cultural and educational experiences will be an added value for the community and visitors. With the type of tourism growth triggered by the wine industry this type of event would complement and balance ongoing activities.
- ✚ Visitors to Paso Robles will be attracted by historical and cultural experiences unique to the Central Coast.
- ✚ Paso Robles will be recognized by providing a platform for local aspiring students of music to demonstrate abilities and become recognized for their talents and dedications.
- ✚ Educational, coaching and professional development opportunities through interaction with artists and faculty at USC and the Polish Music Center at USC.
- ✚ Future *Paderewski Reprise* concerts may feature Winners of the International Paderewski Piano Competition in Bydgoszcz, Poland.
- ✚ Launching of a non-profit organization to manage the events annually and expand its scope. Current funds are being collected and disbursed through ACORN.
- ✚ Utilize the Paderewski Events and Committees to act as the catalyst for evaluating the needs and functions of a performing arts center in the community.
- ✚ Expound upon the historical story and tie unique to Paso Robles through the history of Paderewski and other prominent visitors of his time.

### **Economic Contributions to the Community**

- ✚ Increased tax revenues will result from increased tourism during the event.
- ✚ The average visitor attending these events will more likely have a college education or higher, have an above average income and be a seasoned traveler.
- ✚ The opportunity to market Paso Robles to a segment of the population currently not targeted, i.e. wine and agriculture will result with newly identified reasons to return to Paso Robles as a destination.
- ✚ A new demographic of tourists will be introduced to the area that would consider longer stays extending into midweek.
- ✚ Group and packaged business can be sold to tour operators, music groups, extended education, and ethnic groups for the event and through out the year with special Paderewski or music programs.

### **Funding and Committee Structure Structure**

As a result of this year's successful fundraising and events the committee would like to continue to utilize the services of a professional event coordinator to facilitate and oversee the event. The Paderewski Reprise and Events will be directed by a committee or Board of Directors that comprise a proportionate balance of the community representing the local arts, tourism, downtown merchants, member of the Polish Music Center at USC, North County Cuesta College campus, and members representing local business and the community.

This committee will be governed by 501 ©(3) non profit organization rules and guidelines. Plans are currently underway to establish the necessary documents to support these endeavors. A tax advisor will be consulted for bookkeeping and auditing purposes.

### **Funding**

With some preliminary investigation the committee has determined that a good portion of the events, specifically the Youth Piano Competition, can be substantially funded through grants and endowments specific to cultural activities. Some examples would include, but not be limited to SLO Art Inspires, American Express Cultural Heritage Grant, The Case Foundation and others. Other revenue sources will come from admissions and community sponsors. The event will be self sufficient and raise enough money to provide prize money and scholarships for aspiring youth musicians.

**Conclusion**

The addition of a cultural event of this type will fulfill the void of a Fine Arts program in Paso Robles. The advantage of celebrating our history while providing cultural and educational opportunities will set us apart from our neighbors.

As the community grows, the revitalization of downtown continues and services like the North County Cuesta College Campus expand, it makes sense to provide this natural component expressing the heritage of the community. The relationship already established with the Polish School of Music at USC and the opportunities that parallel it are unique and provide a great foundation. The Paderewski Reprise can grow with the community and provide the venue for a Fine Arts program that can be associated specific to Paso Robles.
