

TO: Jim App, City Manager
FROM: Ron Whisenand, Community Development Director
SUBJECT: Annual Report on the General Plan
DATE: March 17, 2009

Needs: To consider a status report on the implementation of the General Plan.

- Facts:
1. California Government Code Section 65400 requires local jurisdictions to prepare an annual report on the status of the General Plan and progress towards its implementation. This report should be submitted to the State by April 1.
 2. The Housing Element report must include an assessment of progress made toward meeting the City's share of the Regional Housing Need.
 3. Attached is an annual report that basically has two parts. The first (Exhibit A) is a table containing brief descriptions of every Action Item, except those in the Housing Element, with thumbnail descriptions of their status of implementation. The second (Exhibit B) is the Housing Element Report, with discussions of progress toward meeting the City's share of the Regional Housing Need and a similar table as that in Exhibit A for the Housing Element Action Items.
 4. The attached annual report was presented to the Planning Commission on February 24, 2009. The Planning Commission received and filed this report without any comments.

Analysis and
Conclusion:

There is no state-mandated format for the General Plan Annual Report. The format of Exhibit A in the attached report is similar to that employed in previous years for reporting on implementation of Economic Strategy Action Items. The format for the Housing Element Report (Exhibit B) was the same as that submitted to HCD in 2008.

Staff from all departments contributed to the preparation of this report. In the 6 years since adoption of the General Plan, it appears that the City has made considerable progress in implementing the action items.

- Options: After consideration of any public testimony, that the City Council consider the following options:
- a. Via voice vote (minute action), approve submittal of the 2009 General Plan Annual Report to the Governor's Office of Planning and Research and to the Department of Housing and Community Development;
 - b. Amend, modify or reject the foregoing option.

Attachment: 2009 Annual Report on the General Plan

City of El Paso de Robles

Annual Report on the General Plan

April 1, 2009

(Prepared pursuant to Government Code Section 65400)

Presented to the Planning Commission on February 24, 2009
Approved by the City Council on March 17, 2009

Mandate for Annual Report on the General Plan

Section 65400 of the Government Code requires that the Planning Commission shall do both of the following:

- (a) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.
- (b) Provide by April 1 of each year an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes all of the following:
 - (1) The status of the plan and progress in its implementation.
 - (2) The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

The housing element portion of the annual report, as required by this paragraph, shall be prepared through the use of forms and definitions adopted by the Department of Housing and Community Development pursuant to the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2).

- (3) The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

Composition of the General Plan

Government Code Section 65302 requires that the General Plan contain the following seven mandatory elements:

1. Land Use;
2. Circulation;
3. Housing;
4. Conservation;
5. Open Space;
6. Noise;
7. Safety.

Government Code Section 65303 provides that, in addition to the mandatory elements, local jurisdictions may adopt optional general plan elements to address other policy matters related to the physical development of the community.

History of Adoption and Amendment of Current Elements of Paso Robles’ General Plan

The City of Paso Robles’ General Plan currently consists of the eight elements listed in the table below.

Element	Date of Adoption	Adopted by Resolution

 4. GPA 2007-001A: Resolution 07-079, adopted on 05/01/07, to redesignate 22 acres on the northeast corner of Buena Vista and Experimental Station Roads from.RSF-1 and R/L Overlay to RMF-8 (the Resort/Lodging Overlay was deleted).
 5. GPA 2007-003: Resolution 08-168, adopted on 11/18/08, to redesignate 13.4 acres of land located at 1450 Golden Hill Road from Residential, Single Family, 2 units per acre (RSF-2) to Residential, Multiple Family, 12 units per acre (RMF-12).

Progress Made in Implementing the General Plan

This report addresses progress made on implementing the General Plan between adoption of the elements and December 31, 2008. Attached are the following two exhibits.

Exhibit A is a table containing abbreviated descriptions of all Action Items from every element, except the Housing Element, and thumbnail description of the status of completion. (It should be noted that some Action Items are intended to be ongoing actions, that is, actions the City undertakes on a recurring basis.)

Exhibit B is a discussion of progress made in implementing the Housing Element.

Exhibit A: Status of General Plan Action Items as of December 31, 2008

Note: The Action Items in the table below are but brief descriptions intended to identify the subject matter of the action items and not to serve as a legal substitute for the full text of the Action Items. Please refer to the General Plan text for the full text of the action items.

	8. Mitigation for new residential development shall proceed as described in Table N-6 of the Noise Element Technical Appendix.	As needed/ongoing action
	9. For new residential development where outdoor activity areas are impacted with noise exceeding 65 dbA, the DRC may require installation of noise barriers.	As needed/ongoing action
	10. Use measures listed in the Acoustic Design Manual where necessary to reduce interior noise levels for new residential development to 45 dBA.	Ongoing action
	11. For non-residential noise-sensitive uses, mitigation may proceed in a manner similar to that described in Table N-6 of the Noise Element Technical Appendix.	As needed/ongoing action
	12. Require acoustical analyses where a proposed new noise-sensitive land use may be exposed to noise levels that exceed City noise standards.	As needed/ongoing action
	13. Permit new development only where the noise level from existing stationary noise sources will not exceed specified standards or where mitigation measures have been incorporated into the design of the development.	As needed/ongoing action
	14. Where a new stationary, non-agricultural noise source is proposed to be developed or an existing stationary noise source is proposed to be expanded, mitigation of noise levels that exceed those listed in Table N-5 shall be required.	As needed/ongoing action
	15. Develop and employ procedures to ensure that noise mitigation measures required pursuant to an acoustical analysis or as specified in the Noise Element are implemented in the development review and building permit processes.	As needed/ongoing action
	16. Maintain open space to provide noise attenuation zones.	As needed/ongoing action
	17. Incorporate specified construction noise mitigation measures into contract specs.	As needed/ongoing action
N-1B Airport Noise	1. Implement the provisions of the Airport Land Use Plan. 2. Require aviation easements in areas impacted by noise from aircraft operations.	As needed/ongoing action
	SAFETY ELEMENT	
S-1A Hazard Education	1. Distribute informational handouts. 2. Support volunteer training aimed at assisting police, fire, and civil defense personnel during and after a major earthquake, fire, or flood.	Ongoing action Suspended pending available funding.
S-1B Disaster Response	3. Support/sponsor exhibits and presentations in secondary schools. 1. Maintain Mutual and Automatic Aid Agreements with regional fire prevention and law enforcement agencies. 2. Periodically review/update the Emergency Services Growth Management Plan. 3. Incorporate fire and crime prevention measures in the design and construction of new development via specified actions.	Reduced commitment pending available funding. As needed/ongoing action Suspended pending available funding. As needed/ongoing action
S-1C Hazardous Exposure Minimization	1. <i>Police Service Standards</i> . Maintain a ratio of 0.5 non-sworn personnel per 1,000 population and a ratio of 1.4 to 1.6 sworn personnel per 1,000 population. 2. <i>Emergency Services Standards</i> . Maintain a ratio of 0.8 to 1.3 Firefighters per 1,000 pop.	The FY 08/09 Budget provides for a ratio of 1.50; actual deployment is projected to be 1.24 at the close of the year. The FY 07/08 Budget provides for a ratio of 0.83.

Exhibit B: Status of Housing Element Implementation as of December 31, 2008

Context of Housing Element Review

The Housing Element of the General Plan for the City of Paso Robles was adopted on December 7, 2004. On December 29, 2004, the State Department of Housing and Community Development sent the City a letter finding the Housing Element to be in compliance with State Housing Element Law.

This annual review of the Housing Element will:

- Summarize new residential construction activity between January 1, 2001 (the beginning of the period of the current Regional Housing Needs Allocation) and December 31, 2008;
- Summarize the City's efforts to assist the development of affordable housing, including removing constraints, undertaken through December 31, 2008;
- Report on progress towards implementing the Action Items contained in the 2004 Housing Element.

Completed New Housing Units: Regional Housing Need and Quantified Objectives

Government Code Section 65583(c)(1)(A) requires that the City's General Plan identify adequate sites which will be made available through appropriate zoning and developments standards and with services and facilities, including water and sewer, to meet the City's housing needs for all income groups, including its share of the Regional Housing Need pursuant to Section 65584.

The Regional Housing Allocation Plan adopted by the San Luis Obispo Council of Governments in January 2003 assigns the City following numbers of dwelling units as its share of the Regional Housing Need to be met during the period January 1, 2001 through August 31, 2009.

Income Category	Dwelling Units (Target)
Above Moderate	651
Moderate	520
Low	467
Very Low	627
TOTAL	2,266

The City is not obligated to ensure that the number of dwelling units shown above is built within this time frame, it is only obligated to ensure that there is sufficient land appropriately zoned and served. The Housing Element does, however, establish quantified objectives for building new dwelling units within the same time frame as shown in the table below (next page).

Exhibit B: Status of Housing Element Implementation as of December 31, 2008

Program	Income Group				Total	Note #

8. Canyon Creek Project.
9. 3% of 1,265 units expected between 2004 and 2008.
10. Units from the approved Hot Springs and Provence Resort Projects

Between January 1, 2004 and December 31, 2008, a total of 1,517 new dwelling units were issued Certificates of Occupancy, and those dwelling units can be divided among the following income groups:

Above Moderate	1,107
Moderate	130
Lower	145
Very Low	135
Total	1,517

Details showing the composition of the above new units are attached in a document entitled “Paso Robles Historic Residential Growth: January 1, 2001 through December 31, 2008”. Together with the “Historic” housing activity reported in the first row of the Quantified Objectives Table, the total numbers of new dwelling units developed between January 1, 2001 and December 31, 2009 are shown in the table below.

Year	Income Category				Total
	Above Mod	Moderate	Low	Very Low	
2001	226	90	40	0	356

Exhibit B: Status of Housing Element Implementation as of December 31, 2008

New Housing Units: Under Construction and Approved

As of December 31, 2008, there were active building permits for 20 units, which can be classified by income groups as follows:

Above Moderate	14	(single family development)
Moderate	6	(West Side condominiums)
Lower	0	
Very Low	0	
Total	20	

In addition to the above figures, there are hundreds of vacant lots in recorded and tentatively-approved subdivisions. Most of these will be affordable only to above moderate income households.

New Housing Units: Proposed

In 2008, an application to develop 84 apartments for low income families at 80 South River Road was filed with the City. This application includes a request for a density bonus and an extra density bonus. At its meeting of November 12, 2008, the Planning Commission recommended that the City Council approve the application, including both density bonuses. At its meeting of January 6, 2009, which is outside of the period for this report, the City Council approved the 84 unit project, including both density bonuses.

New Housing Units: Completed Since Last Annual Report

Chet Dotter (Oak Park) Senior Housing, a 40 unit lower income senior apartment complex located on the northeast corner of 28th and Park Streets, was completed and occupied in January 2008.

Rehabilitated Units

Housing rehabilitation presently occurs on a market rate/unsubsidized basis. Between 1988 and 1995, the City did offer CDBG-funded low interest loans to rehabilitate homes and apartments owned or occupied by lower income households. Action Item 3 under Policy H-2 calls for the City to evaluate the feasibility of reinstating the City's housing rehabilitation loan program using CDBG or Redevelopment Low and Moderate Income Housing (LMIH) funds. The 2004 Update to the Redevelopment Implementation Plan, adopted on December 21, 2004, provides that LMIH funds may be used to assist such an activity.

Conserved Units

There are subsidized housing units at risk of conversion to market rate during the Housing Element period (i.e., by June 30, 2009). Peoples' Self-Help Housing Corp. has submitted a letter indicating their willingness to acquire any subsidized housing that may otherwise convert to market rate. (See Appendix 4.0 of the Housing Element.) The 2004 Update to the Redevelopment Implementation Plan, adopted on December 21, 2004, provides that LMIH funds may be used to assist such an activity.

Exhibit B: Status of Housing Element Implementation as of December 31, 2008

Removal of Constraints

On October 5, 2004, the City Council adopted an ordinance amending the Zoning Code to establish development standards for the Mixed Use Overlay Land Use Category. This ordinance, which is listed as Action Item 7 under Housing Element Policy H-1B, facilitates development of rental housing at densities up to 20 units per acre either on the same site as commercial development or on nearby vacant commercially-designated land.

On January 4, 2005, the City Council adopted General Plan Amendment 04-01(B), which removed a privately-owned, vacant, 1.1 acre RMF-12 property from the Oak Park Specific Plan Overlay Land Use Category (which is intended to focus on the long-term redevelopment of Oak Park Public Housing). This action facilitated approval of a development plan for 18 multi-family residential units by the Planning Commission on April 26, 2005.

On May 17, 2005, the City Council adopted an ordinance amending the Zoning Code to establish the R-5 Zoning District and accompanying zoning regulations for high density multi-family housing (up to 20 units per acre). This ordinance, which is listed as Action Item 1b under Housing Element Policy H-1A, facilitates development of rental housing at densities up to 20 units per acre in the RMF-20 land use category.

On November 1, 2005, the City Council adopted an ordinance amending the Zoning Code to remove a requirement that second units share utility meters with the primary unit as it had been learned that utility companies charge higher rates for second units on the same meters.

On October 18, 2005, the City Council adopted an ordinance amending the Zoning Code to establish a Senior Housing Overlay in the northwest quadrant of the City. This overlay allows development of senior housing consisting of 35 or more units on properties within the overlay regardless of underlying zoning. The overlay was established in the 2003 General Plan Update.

On August 29, 2006, the City Council adopted an ordinance amending its Density Bonus Ordinance to bring it into compliance with SB 1818 (2004) and SB 435 (2005).

Although this action was taken after December 31, 2008, it was set in motion prior to that time. On January 6, 2009, the City Council adopted Resolution 09-007, which automatically extended the expiration dates for building permits and zoning entitlements until December 31, 2010.

Progress Toward Implementation of Action Items

The table on the following pages reports efforts made through December 31, 2008 to implement the Action Items and gives a brief statement about the schedule for future implementation.

CITY OF PASO ROBLES' 2004 HOUSING ELEMENT: STATUS OF IMPLEMENTATION OF ACTIONS

Policy	Action Item/ Brief Description	Schedule	Actions through 12/31/08	Future Scheduling
H-1A	1a: Evaluate all amendments to the Land Use Map for their effect on meeting the City's share of the Regional Housing Needs	Ongoing	General Plan Amendment 2006-001 increased the amount of land designed for Residential Multi-Family, 12 units per acre by 4.7 acres. General Plan Amendment 2007-001 increased the amount of land designed for Residential Multi-Family, 12 units per acre by 22 acres.	Upon review of any applications for general plan amendments
	1b: Amend Zoning Code to establish regulations for multi-family, 20 unit per acre	Fiscal Year 2004/2005	Code Amendment adopted May 17, 2005 (Ordinance No. 900 N.S.)	None
	1c: Amend Zoning Code to implement the Senior Housing Overlay	Fiscal Year 2004/2005	Code Amendment adopted October 18, 2005 (Ordinance No. 906 N.S.)	None
	2: Assess balance and distribution of housing types in conjunction with General Plan amendments and rezones	Ongoing	None – No applications for any amendments that would reduce capacity were filed with the City.	Upon review of any applications for general plan amendments
	3: Disperse housing for all income groups to avoid concentrations in any one area	Ongoing	a. Accomplished with 2003 Land Use Element b. PD 08-010, which proposes 84 rental units for low income families, implements this policy. At its meeting of 11/12/08, the Planning Commission recommended City Council approval of this project.	a. Upon review of any applications for general plan amendments b. PD 08-010 was approved by the City Council on 01/06/09.
PD 08-010 was	4: Encourage Provision of student housing near Cuesta College through a variety of efforts	Ongoing	a. In early 2005, City staff met with Cuesta College Administration to open discussions on this item. Additionally, City staff has communicated to developers the City's objective to develop rental housing on land designated for multi-family housing with densities of 12 units or more. b. An application for a general plan amendment to redesignate 270 acres north and west of Cuesta College for a variety of residential densities was filed in 2007 and an EIR will be prepared in 2009.	Continue to implement this action.

CITY OF PASO ROBLES' 2004 HOUSING ELEMENT: STATUS OF IMPLEMENTATION OF ACTIONS

Policy	Action Item/ Brief Description	Schedule	Actions through 12/31/08	Future Scheduling
H-1B	1: Work with developers to meet quantified objectives for new housing	Ongoing	This has been done regularly. During this Housing Element Cycle, three low income housing projects have been completed: Canyon Creek Apartments; Creekside Gardens Senior Apartments; and Chet Dotter (Oak Park) Senior Housing. In 2008 staff assisted the processing of an application to built 84 low income units (PD 08-010).	Continue to implement this action.
	2: Maintain comprehensive housing program	Ongoing	Budgeted through Fiscal Year 2008/09.	Continue to implement this action.
	3: Continue to assist agencies provide emergency shelter to the homeless	Ongoing	2008 CDBG allocations included: \$21,373 to Transitional Food and Shelter's (TFS) Motel Voucher Program and \$5,000 to El Camino Homeless Organization (ECHO)'s shelter in Atascadero. Prior years' allocations of CDBG funds assisted TFS, ECHO, and the North County Women's Shelter.	TFS and ECHO have filed application for 2009CDBG funds.
	4: Develop a downpayment assistance program	Ongoing	<ul style="list-style-type: none"> a. The City made 5 CalHome loans to low income first-time homebuyers in 2004. b. The 2004 Redevelopment Implementation Plan provides that LMH funds may be used for this purpose. 	None scheduled. Amount of CalHome, HOME, or CDBG Funds available are too small to benefit sufficient numbers of low income households to make such a program an effective use of City resources, given other priorities.
	5: Amend Zoning Code to provide for homeless and transitional housing	Fiscal Year 2005/2006	In 2008, City staff began research to do this in a manner to implement SB 2.	To be completed in FY 09/10.
	6: Work with Cuesta College to encourage housing for students	Ongoing	In early 2005, City staff met with Cuesta College Administration to open discussions on this item.	Continue to implement this action.

	2: Continue to implement Demolition of Buildings and Structures Codes (Historical Preservation)	Ongoing	This has been done on an ongoing basis.	Continue to implement this action.
	3: Evaluate feasibility of reinstating residential rehab program	Ongoing	The 2004 Redevelopment Implementation Plan provides that LMH funds may be used for residential rehabilitation.	Continue to implement this action.
	4: Amend Zoning Code to update condominium conversion regulations	Fiscal Year 2005/2006	None, but there has been no demand for condominium conversions in recent years.	To be determined via Housing Element Update
	5: Develop plan to conserve "at-risk" subsidized rentals	Fiscal Year 2004/2005	City obtained letter from Peoples' Self-Help Housing Corp, indicating their willingness to acquire any complexes that may convert to market rate. The 2004 Redevelopment Implementation Plan provides that LMH funds may be used for this purpose.	Continue to implement this action.
H-3A	1: Review adopted policies and standards to remove constraints	Ongoing	a. General Plan Amendment 04-01 (B), adopted January 4, 2004, removed a multi-family zoned parcel from the Oak Park Specific Plan Overlay. This facilitated approval of a development plan for the subject parcel. b. Code Amendment adopted by City Council on November 1, 2005 to facilitate 2 nd unit development.	Continue to implement this action.
H-3B	1: Review Zoning Code to remove constraints	Fiscal Year 2005/2006	None. A new assessment of constraints will be conducted in 2009 as part of the Housing Element Update.	To be determined via Housing Element Update
