ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body. I have been very active, "hands on" with the above organizations who mainly service the local youth. I feel strongly that the Senior population needs more attention and I have the dedication and motivation to work towards serving our Senior population. This is a place that I will find that my career course will be of value. I have taught a course in Marketing, Promotions & Customer Service locally - The Fire Star Image - I am a good time raiser and have the personality to motivate others
