

TO: City Council
FROM: Mike Compton, City Treasurer
SUBJECT: General Obligation Bond Tax Rate – Fiscal Year 2010
DATE: August 18, 2009

Needs: For the City Council to set the ad valorem tax rate for general obligation bond debt service for fiscal year 2010.

Facts:

1. In June 1998, Paso Robles voters authorized the sale of \$38 million in general obligation bonds.
2. Annual debt service requirements for general obligation bonds are funded from the levy of an ad valorem property tax.
3. The current tax rate is \$0.0839 per \$100 assessed valuation, or \$83.90 per \$100,000 secured assessed valuation.
4. The tax rate must be set annually by Council resolution.
5. The tax rate for fiscal year 2010 has been calculated at \$0.0876 per \$100 assessed valuation, or \$87.60 per \$100,000 assessed valuation. A 51% reduction from the original rate but represents a 4% increase over last year due to declining assessed valuations for the current secured tax roll.

Analysis
and
Conclusion:

The City has issued \$38 million in general obligation bonds. The bonds were issued in three series. Series A was for \$23 million, Series B for \$7 million and Series C for \$8 million. The first debt service payment was made 2/1/03. The average annual debt service requirement is \$3,031,200.

From fiscal year 2002 through 2005, the City levied the maximum (self imposed) tax rate of \$0.1775 per \$100 assessed valuation, in order to establish a prudent debt service reserve. The reserve has been established at approximately twice the annual debt service. The reserve protects the City against economic downturns that might negatively impact assessed valuation. For fiscal year 2008, the Council set the rate at \$0.0839 per \$100 assessed valuation.

As of June 30, 2009, Measure D debt service fund had a cash balance of \$6.6 million.

Fiscal
Impact:

Total debt service requirements for fiscal year 2010 are \$3,177,700. Per the County Auditor-Controller's Office, the net secured assessed valuation for fiscal year 2010 is \$3,468,323,850 and the unsecured roll is \$171,031,032 the ad valorem tax rate for fiscal year 2010 should be increased from \$0.0839 to \$0.0876 per \$100 assessed valuation. The slight increase in the tax rate is due to the reduction in the City's assessed valuation. The down turn in the housing market has resulted in 4% decline in assessed valuation. This lower assessed valuation equates to the slightly higher tax rate.

An ad valorem tax rate of \$0.0876 per \$100 assessed valuation equates to an annual tax of \$87.60 per \$100,000 in assessed valuation. Thus, a single family residence with an assessed valuation of \$500,000 would pay \$438.00 as compared to \$419.50 last year or \$887.50 under the original tax rate. Non-residential and vacant properties would be levied the same tax rate. Unsecured assessed valuations are levied at the prior year rate of \$0.0839.

Prior tax rates are illustrated as follows:

<u>Fiscal Year</u>	<u>Tax Rate</u>
2003	\$.1775
2004	.1775
2005	.1775
2006	.1082
2007	.0952
2008	.0888
2009	.0839
2010 (proposed)	.0876

Options:

- a. That the Council adopt resolution no. 09-XXX setting an ad valorem tax rate beginning July 1, 2009 to pay debt service on the general obligation bonds; or
- b. Amend, modify, or reject the above option.
