E. Record Retention

- (1) The project sponsor agrees, and will assure that its contractors and subcontractors shall establish and maintain an accounting system and records that properly accumulate and segregate incurred project costs and matching funds by line item for the project. The accounting system of the project sponsor, its contractors and all subcontractors shall conform to Generally Accepted Accounting Principles (GAAP), enable the determination of incurred costs at interim points of completion, and provide support for reimbursement payment vouchers or invoices. All accounting records and other supporting papers of the project sponsor, its contractors and subcontractors connected with PTMISEA funding shall be maintained for a minimum of three (3) years from the date of final payment and shall be held open to inspection, copying, and audit by representatives of the State and the California State Auditor. Copies thereof will be furnished by the project sponsor, its contractors, and subcontractors upon receipt of any request made by the State or its agents. In conducting an audit of the costs claimed, the State will rely to the maximum extent possible on any prior audit of the Project Sponsor pursuant to the provisions of federal and State law. In the absence of such an audit, any acceptable audit work performed by the project sponsor's external and internal auditors may be relied upon and used by the State when planning and conducting additional audits.

- (2) For the purpose of determining compliance with Title 21, California Code of Regulations, Section 2500 et seq., when applicable, and other matters connected with the performance of the project sponsor's contracts with third parties pursuant to Government Code § 8546.7, the project sponsor, its contractors and subcontractors and the State shall each maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of such contracts, including, but not limited to, the costs of administering those various contracts. All of the above referenced parties shall make such materials available at their respective offices at all reasonable times during the entire project period and for three (3) years from the date of final payment. The State, the California State Auditor, or any duly authorized representative of the State, shall each have access to any books, records, and documents that are pertinent to a project for audits, examinations, excerpts, and transactions, and the project sponsor shall furnish copies thereof if requested.
- (3) The project sponsor, its contractors and subcontractors will permit access to all records of employment, employment advertisements, employment application forms, and other pertinent data and records by the State Fair Employment Practices and Housing Commission, or any other agency of the State of California designated by the State, for the purpose of any investigation to ascertain compliance with this document.

F. Special Situations

- (1) A project sponsor may lend its unused funds from one year to another project sponsor for an eligible project, for maximum fund use each fiscal year (July 1 – June 30). The project sponsor shall collect no interest on this loan.
- (2) Once funds have been appropriated in the budget act, a project sponsor may begin a project with its own funds before receiving an allocation of bond funds, but does so at its own risk.
- (3) The Department may perform an audit and/or request detailed project information of the project sponsor's PTMISEA funded projects at the Department's discretion at any time prior to the completion of the PTMISEA program.
