1. In 2004 Caltrans approved a Project Study Report (PSR) to:

  - b) relocate the 16th Street off-ramp from Highway 101 to 17th Street;
  - c) install a new southbound onramp to Highway 101 at 17th Street;
  - d) add a second lane to the existing southbound State Route 101 entrance ramp at the State Route 101/46 East interchange;
  - e) re-stripe State Route 101/46 East traveled way to include a second left-turn lane from westbound 46 onto the southbound 101 ramp;
  - f) add a southbound auxiliary lane between Highway 46 and the new on/off ramps at 17th Street.

In June 2010 the California Transportation Commission (CTC) approved allocation of a State Transportation Improvement Program (STIP) grant in the amount of \$9,060,000 for the 46 East Project.
