ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

I would like the opportunity to give back to the community I live in. I believe that my experience as a Real Estate Broker in Paso Robles has given me experience in the areas a planning commissioner would be involved. Zoning, land use, etc. I would like to be part of a team that helps provide guidance to the people of Paso that would like to help grow and improve the City. I think it is importanta that we have citizens who are willing to invest in our community.

## Jerry L. Crabill, T.E.

### PROFESSIONAL REGISTRATION

Registered Traffic Engineer (#1157), California, 1982

### EDUCATION

Bachelor of Science in Civil Engineering  
Long Beach State University, 1979

### EXPERIENCE

As a Consulting Traffic Engineer, Mr. Crabill has:

- Served or prepared traffic evaluations in numerous Cities/Counties including among others, Redding (Planning Department review), Mount Shasta (traffic control assistance), Red Bluff (Tehama County traffic impact review request), Grenada (Siskiyou County traffic impact review request), Yorba Linda, Monrovia, Norwalk, Chino Hills, Corona, Hawaiian Gardens, Laguna Niguel, Laguna Hills, Mission Viejo, Tustin, Lake Elsinore, Stanton, Los Alamitos, Monterey Park, Bellflower, and Palm Desert.
- Directed the activities of various traffic divisions, provided expertise to City Engineers, Planning staffs (development plan review and traffic impact analysis requirements), City Redevelopment Agencies, and Traffic Commissions.
- Assisted in the review of proposals and reports, performed traffic engineering and transportation planning services, coordinated the maintenance of traffic signals, identified traffic control device deficiencies, and advised City staff regarding grant funding sources.
- Assisted transit companies in the safe location of bus stops and shelters.
- Developed procedures, goals and objectives for newly established City Traffic Engineering Divisions (i.e. Laguna Niguel, Agoura Hills, etc.).
- Prepared traffic volume charts used in the tracking of City growth patterns.
- Prepared City – wide accident assessments used to provide safety improvement recommendations to reduce accident types and frequencies.

For the design of traffic engineering components on arterial highways:

- Prepared and implemented striping designs, signal plans, sight distance evaluations, and other safety related features of roadway/intersection design and operations.
- Oversaw signal operations, the establishment or defense of speed limits, stop/yield locations, bus stop locations, roadway design, and work control areas.

**For litigation and expert witness service:**

- **Provided consultation/depositions and/or testimony involving intersection designs and/or signal operation, the establishment or defense of speed limits, stop/yield locations, bus stop locations, roadway design, and work control areas.**
- **Provided defense expertise against vehicular and/or pedestrian accident lawsuits.**
- **Trial testimony has involved traffic safety elements such as existing speed limits and their derivation, roadway design features, construction related casual factors, sight distance, lane widths, and other features of roadway and intersection design and operation.**
- **Provided testimony and consultation involving signal operation and its affect on pedestrian walking times.**
- **Provided defense for Cities relative to locations of fatal accidents.**
- **Performed on-site evaluations and deposition testimony of motorcycle vs. truck fatality involving Caltrans attorneys and State highways.**
- **Worked with City Attorneys in identifying the casual factors of accidents and evaluating same - including field review of accident locations with attorneys (providing on-site expert opinion as to case issues).**

**For the preparation and/or review of street/water improvement projects:**

- **Responsible for the proper preparation of traffic control plans meeting both State and local criteria.**
- **Responsible for the proper identification of project – related traffic/pedestrian impacts.**
- **Supervised traffic master plan preparation for bikeways, circulation systems and traffic signals.**
- **Prepared traffic impact evaluations for residential, commercial, office, hotel, and mixed – use developments.**
- **Responsible for developing roadway circulation systems for existing Cities or new city areas including new or modified freeway interchange designs/analysis.**

**For Parking Design and Parking Operational Expertise,**

- **Prepared numerous parking assessments for retail, office, residential, and industrial developments.**
- **Prepared full city-wide parking studies and parking ordinance updates for various cities.**

**Published Articles**

**Slower Driver on the Horizon? Western ITE, 1/95**

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

Dear Sir or Madam: I am excited about the opportunity to be considered for the City of Paso Robles Planning Commission. As a relatively recent transplant to the great city of Paso three years ago, my family and I have enjoyed the 'feel' of the city, its uniqueness and its potential. I would like to be active in the future direction of the city and provide an outstanding environment for the community and children. As an active parent in AYSO, Paso Youth Baseball and Almond Acres Charter Academy I am dedicated to providing the required passion and time to this endeavour.  
Thank you.

I have been involved in a number of public and private projects throughout the city and these projects have given me a good insight into the workings of the Planning Commission and the DRC. I have also been involved in a number of community activities such as being a founding member of the board of directors for the Children's Museum, the Parks and Recreation Committee and the Salinas River Corridor Vision Planning group. My personal and professional experiences have kept me informed of important issues within the city and these experiences will help to make me an effective member of the Planning Commission.

**ADDITIONAL INFORMATION:**

I believe that I can share my background, knowledge and experience with the Planning Commissioners that will assist them in developing recommendations to pass onto the City Council for their consideration. I did not list the various projects I have been involved with to impress you, but to show you my commitment to Paso Robles, my willingness to study and do the work necessary to come prepared to each and every Planning Commission meeting, ready to participate and listen to my fellow commissioners and their opinions and ideas.

I do understand that the City council sets the policy and procedures and as a Planning Commissioner it is our responsibility to follow what is set. I am more than willing to abide to follow the rules set down by the council and I know my place. I look forward to becoming a team player and I have a working knowledge of a lot of items that will be coming forward to the Planning Commission as I have worked on some of them. I am always open to new ways of doing business as I do not believe my way is always the best way. I do ask questions of staff, the applicants as well as other Planning Commissioners, not to embarrass them but to gain a better understanding on what is before us. I want what is best for Paso Robles and I feel that I can be a value added asset to the Planning Commission.

City of Paso Robles

ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

Paso Robles is a wonderful community but exists with limited resources. The city leaders need to carefully weigh the future of the city with growth potential and the limited resources available. The city plan must be coherent and manageable, allow for growth while maintaining the ambiance that makes Paso Robles so unique. I have 27 years of experience with leading personnel in the US Army. I possess an MBA in Project Management and have a firm grasp on the requirement to meet the needs of the community with the need for growth and expansion all the while preserving the atmosphere and sense of community that make Paso Robles what it is. I am open minded and flexible and believe that I can bring many assets to the planning commission.

ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

I have been involved in large scale community planning and projects for over 25 years. I have managed large scale communities in the Miami Florida area that consisted of over 1400 homes on 1200 acres and also high rise complexes of 60 story buildings with over 300 units. I am familiar with governmental procedures and realize the need to work hand in hand with community leaders and city officials to reach a common goal. Coming into this area in the past six months, I have developed a great respect for the unique and differing aspects of Paso Robles and have seen some of its challenges for today and what lies ahead in the city's future.

ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

Having served now for 3 years on the current commission I feel the knowledge and experience I have gained will make a valuable contribution to the future Commission and the city of Paso Robles. In addition, my background in building and planning has given me extensive experience with both the building and planning departments within the city allowing for a sensitivity to both City and private citizen concerns. Thank you.
