ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

I'm excited about an opportunity to serve the City of Paso Robles as a member of this advisory body. My wife and I moved to Paso Robles in 2006 and we just recently had daughter. I believe I would be an asset on this committee with my professional background in transportation and municipal capital projects in addition to public service (in particular public works) being a calling for me.

I have been in the public works profession for over 15 years with degrees in City Planning & Civil Engineering. I have extensive experience with public government, community engagement, resource/project prioritization, public finances, and capital project management. I have implemented numerous award winning capital projects, been the recipient of various awards for public service, and written papers and lectured on municipal project & resource prioritization.

Mayor Picanco and City Council Members:

Per my application to serve on the Tax Oversight Committee you will note that I am not a member of many organizations. Past experience includes serving as an executive board member of the American Nurses Assn., District 10, Santa Clara County, CA. I also served in various union officer roles as well as the legislative representative for Stanford Medical Center Nurses. For 25 years nursing was not just a job it was my passion. I made a difference in my profession. Now as a retiree I do what I believe I do best, attend City Council and Planning Commission meetings. However, when I feel my local government is threatened by individuals who are willing to make statements to the press without any attempt at back-up with facts, passion kicks in and I fight back.

It shouldn't be necessary to have a tax oversight committee (Anyone can oversee council actions every 2<sup>nd</sup> and 4<sup>th</sup> Tuesday of the month.) however, in view of an increase in distrust toward city government this past year it is probably a good idea. It will be another indication of the council's willingness to listen to local residents.

I wish to serve on the Tax Oversight Committee, not so much as to give advice to Council, but to serve in a capacity of educating the public regarding monies collected from the sales tax increase. I wish to be a part of a group that creates a balance to those who complain that "everything is done in secret...no public input."

An example of my skill in being able to make a difference is the attached letter I wrote in the Spring of 2010 as co-chair of the committee called Water4Paso. Issues were different but similar in that a few residents were loudly distorting the facts about Paso's water rates.

Water4Paso made a difference in getting water rates approved. I wrote letters to local newspapers, went door to door handing out my letter as well as a copy of Paso Robles Uniform Water Rate Chart. I helped design the chart along with Christopher Alakel. I am convinced that truth trumps; when presented with problems it means working hard to find a solution.

When I wrote my "dear editor" letters to the Tribune and the Paso Robles Press in October, 2012, I was trying to find a solution to combat complainers and distortions about a sales tax increase. I needed to "stand up and be counted" before the measure went to the ballot. I believe I was the only resident to voice my opinion publically that I was in favor of a sales tax increase.

If not chosen to serve on the Tax Oversight Committee I will not take my dollies and go home; I will find another way to be involved in educating the public regarding decisions pertaining to spending sales tax money.

Thank you for considering my application.

Respectfully,

  
Katherine Barnett  

October 23, 2012

Dear Editor:

Paso has an opportunity to repair roads by voting for a sales tax increase. The ballot measure isn't confusing unless one believes confusing the public with misrepresentations of the truth works. Public meetings were held regarding the issue. Council took into account the advice of SLOCOG. (SLO Council of Governments) SLOCOG hired professional pollsters, who, after a scientific polling, found there was NO chance for a 2/3 majority vote associated with a specific tax, but a majority vote associated with a general measure was possible. To reassure voters that money would be spent on roads an advisory measure was placed on the ballot, similar to the oversight committee appointed to monitor money associated with a previous school bond measure.

Business Times considers Paso Robles to be the economic anchor for North County, the distinction partially gained by the way it handles its budget. Using vigorous fiscal control Paso has maintained an AA credit rating. Individuals deserving credit are City Council, our City Manager and employees.

I will vote for a sales tax increase for road repair. Based upon past performance I see no reason not to trust our council to spend sales tax money on road repair.

Respectfully,  
Katherine Barnett

Printed in the Tribune 10/26/12

My name is Kathy Barnett and I have agreed to co-chair a committee called Water4Paso.

I handed out a water rate chart so you can follow along with my comments. I believe without data and facts you're just another person with an opinion.

I am part of a coalition of residents and local businesses who care about Paso Robles and want to lend support to the city's Proposed Uniform Water Rates. We named ourselves Water4 Paso. I believe last November's water rate proposal was turned down mainly because of voter apathy. I voted but 8900 other registered Paso Robles residents didn't. I made a promise that if this issue goes to the ballot again I will be knocking on doors asking people to go vote.

Lately one of my reasons for joining changed, it has to do with protest. I attend most council meetings figuring that it gives me the right to protest when I disagree with city proposals. Mainly it offers me an opportunity to participate in local government. I often disagree but I also take the time to thank council and staff when votes go in my direction.

Friends and former co-workers who know me well know that I have never been a passive observer when protest turns to a willful intent to distort the truth. Lately this is what seems to be happening in my city. I will be first to defend the right to protest but I will also fight for the truth.

A recent mailer from the Concerned Citizens group was sent to residents asking that they protest the new water rate proposal. At the bottom of the mailer was a graph indicating that, with the new rate structure, by 2015 my water bill would increase 335%. This is a misrepresentation of the truth. Either that or the City is sending members of the Concerned Citizens group a special water bill. My current water bill contains charges for each unit of water plus an \$18.00 NWP fee. Perhaps Concerned Citizens receive a bill without this charge; the graph indicated you didn't need to include a monthly \$18.00 fee when you compare current charges to the new proposed rates.

I don't think the city is handing out special bills. Perhaps members of this group do not know how to do simple math...that is figure percentages...or could it be they deliberately intended to misrepresent the truth? I believe it is the latter. To compare current water rates to the new Uniform rates you have to start with your total current bill which includes a monthly \$18.00 fee. Currently a customer that uses 9 or less units of water each month would pay 29.88/month.  $\$1.32 \times 9 \text{ units} = 11.88 + \$18 \text{ equals } 29.88$ .

Using 9 units in 2011 saves me \$7.88 each month. In 2012 I save \$1.08. In 2013 I begin to experience a rate increase \$3.42, in 2014 \$7.02, in 2015 my rate will increase by \$9.72. On the water chart that I have handed out I calculated the cost of 1 to 50 units. You can go to 50 units in 2015 and still not reach a 335% increase.

I do not know who all received the mailer; it did get the attention of seniors. I am a senior living on a fixed income and would be down here at city hall screaming bloody

murder if I thought my water rates would soar 335%. Our current rate includes the \$18.00 fee, with the new Uniform rate the \$18.00 fee is eliminated.

My other reasons for joining the Water4Paso committee are:

1. Paso Robles has a contract: **One way or another, residents will pay for the Nacimiento Water Project.** Filing lawsuits, telling people the city didn't allow residents to vote for the project will not negate the bill. Distorting facts and scaring residents is cruel.
2. It is forward thinking to have a secondary source of water. Supplemental water is needed to meet existing demand and improve quality.
3. The general fund is for libraries, parks & recreation, our senior center, police and firemen. The fair way to pay the bill is through increased water rates. You pay only for what you use.
4. Council considered the impact of the NWP on growth and in March 2009 raised water connection fees from \$9,119 to \$23,500/residence.
5. To date we have spent almost \$3 million revising water rates; the current Uniform Rate is the 5<sup>th</sup> proposal. The money spent revising proposals gets added to water bills. The longer we wait to increase rates the higher our water bills.
6. Last but not least, this as an opportunity to show support for my city. Our committee's has one primary goal: We are asking residents to support the Uniform Water Rate Proposal.

Kathy Barnett

As President of the Quail Run Senior Estates HOA for the last two years, I have had the responsibility of monitoring the income and expenditures of our community. I have had experience in negotiating with the City of Paso Robles on issues that concern the residents of Quail Run. I would like to represent the 475 residents of Quail Run, and all the residents of Paso Robles, in ensuring that the revenues from the new Road Sales Tax are expended in an efficient manner for the intended purpose of repairing our city streets for the benefit of the city residents.

ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

I recently retired after 28 years as a high school mathematics teacher in Atascadero and in Cambria. Prior to that, from 1969-1973 I was a project engineer on two highway projects in southern California and from 1973-1981 I was an engineer for an industrial building contractor. I believe my education and work experience qualify me for appointment to the road tax advisory committee. In addition, I bicycle on most north county roads and am aware of the pressing need for road maintenance in the city. I have resided in Paso Robles since Dec. 30, 2004 and in SLO County since Oct., 1981.
