TO: James L. App, City Manager

FROM: Ed Gallagher, Community Development Director

SUBJECT: Code Amendment 13-001 – Update of Off-Street Parking Regulations

DATE: May 21, 2013

Needs:

For the City Council to adopt amendments to the parking regulations in the City's Zoning Ordinance to implement Low Impact Development (LID) measures and to streamline the Parking Code.

Facts:

- 1. The State has mandated that the City implement LID measures to reduce the amount of, and to clean, stormwater runoff associated with new development and re-development.
- 2. The City Council and Planning Commission held an educational workshop on LID information on March 26, 2013. It was noted at the workshop that staff would be preparing new and revised regulations to implement the new State mandates on storm water management and LID.
- 3. LID measures will likely require an increase in the percentage of site area for landscaping for storm water management and a reduction in percentage of site area development with impervious surfaces.
- 4. Reducing the amount of paving for parking and/or the use of alternative surface materials is proposed to provide a means to reduce the amount of impervious surfaces while minimizing reduction of building floor area in order to meet the State's mandate.
- 5. The proposed parking amendments include re-organizing the text to help make it easier to find parking information.
- 6. Parking regulations for most of the west side of the City will continue to be implemented through the Uptown/Town Center Specific Plan. The proposed code amendment will apply outside of this area.
- 7. The Planning Commission considered the proposed amendments on April 23, 2013. The Commission suggested a few minor modifications to the proposed language which have been incorporated. The Commission recommended approval of the proposed Code Amendment to the City Council, as modified. No public comments were received on this item.
- 8. In accordance with the California Environmental Quality Act (CEQA), a draft Negative Declaration was prepared for this project and circulated on March 25, 2013. The Negative Declaration concludes that this project will not result in significant environmental impacts. (Please see Attachment 1.)

Analysis and Conclusion

The objective of this Code Amendment is to reduce the amount of paving to help meet the State's mandate to manage storm water. Without such a reduction, implementation of LID measures could result in a reduction in floor areas of buildings.

The secondary objective of this Code Amendment is to streamline the Parking Code to make it more user-friendly.

Examples of substantive changes proposed in the regulations include the following.

- Many land uses categories that have similar parking needs would be condensed to reduce repetitive text. A couple land uses were added, such as "wine production" under manufacturing, since the City's experience with development applications for this use demonstrate that it does not typically require as much parking as other types of manufacturing uses.
- Shifting the space requirement ratio from "x" spaces per hundred square feet to "x" spaces per 1,000 square feet. The 1,000 square feet ratio is more-broadly used, particularly by the real estate industry.
- Reduction in the number of parking spaces for certain commercial uses (e.g. general
 office, retail and restaurants) from one space per 150 square feet (or 7 spaces/1,000 sf) for
 restaurants, one space per 200 square feet (or 5 spaces/1,000 sf) for offices, and one space
 per 250 square feet (or 4 spaces/1,000 sf) of retail to three spaces per 1,000 gross square
 feet. (For reference, the UTCSP requires one space per 400 square feet for non-residential
 land uses.)
- For lodging with accessory uses such as restaurants or conference rooms on the same site, a 30 percent parking reduction is proposed based on the assumption that lodging guests will patronize the accessory uses reducing the overall parking demand on site.
- Adding motorcycle parking provisions and increasing the number of compact parking spaces in parking lots from 25 percent to 30 percent.
- The DRC recommended providing flexibility for warehouse and storage buildings larger than 10,000 square feet by including a provision that allows applicants to apply for a Conditional Use Permit to reduce the number of parking spaces, if it can be demonstrated that the parking demand is less than required.
- The DRC also suggested allowing a reduction of parking requirement for studios and onebedroom units from 1.5 spaces per unit to only 1.0 space per unit if the parking space surface material is constructed with porous materials. This was added as an incentive to encourage reducing impervious surfaces.
- A broader range of parking lot surface materials is proposed to include porous concrete or asphalt and alternative materials (e.g., decomposed granite) for rural uses, such as agricultural uses and overflow parking areas at event sites.
- Narrowing parking lot drive aisles widths from 27 feet wide to 24 feet. This would be more in keeping with other jurisdictions in the County.

Reference: State Water Code, CEQA, Zoning Ordinance

Fiscal

Impact: The ordinance itself will have no direct impact on public finances. However, to the extent that it

would prevent reduction of building sizes in order to accommodate LID measures, it could act to

help preserve sales tax revenue that could otherwise occur if buildings had to be smaller.

Options: After opening the public hearing and taking public testimony, the City Council is requested to take one of the actions listed below:

a. (1) Approve the attached Resolution to adopt the Negative Declaration for this project;

- (2) Introduce for the first reading Ordinance No. XXX, for CA 13-001 amending "Chapter 21.22 Off-Street Parking" in the City Zoning Ordinance, and set June 4, 2013, as the date for adoption of said ordinance.
- b. Amend, modify, or reject the above-listed action.

- 1. Resolution to adopt draft Negative Declaration
- 2. Draft Ordinance
- 3. Public Hearing Notice

RESOLUTION NO. 13-xxx

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES ADOPTING A NEGATIVE DECLARATION FOR ZONING ORDINANCE "CHAPTER 21.22 OFF-STREET PARKING" CODE AMENDMENT 13-001

WHEREAS, the City Zoning Ordinance is amended from time to time to clarify language, correct errors and respond to changing circumstances; and

WHEREAS, Code Amendment 13-001 is proposed to amend Chapter 21.22 Off-Street Parking regulations of the Zoning Ordinance; and

WHEREAS, the amendments to Chapter 21.22 includes re-organizing the existing text and a general "clean-up" to make information easier to find and use. It also includes substantive changes including a reduction in the number of parking spaces required for certain land uses, broadens the types of parking area surface materials that may be used, and reduces parking lot driveway widths; and

WHEREAS, this Code Amendment is intended to provide options to reduce the amount of impervious surfaces associated with development for required parking spaces and parking lots to implement "Low-Impact Development" practices to help manage storm water; and

WHEREAS, the City has prepared an ordinance to amend the Zoning Code to modify the above regulations noted; and

WHEREAS, an Initial Study was prepared pursuant to the California Environmental Quality Act (CEQA) to evaluate whether these amendments would result in environmental impacts, and the City has determined that the Zoning Code Amendment modifying these provisions will not result in significant environmental impacts, and;

WHEREAS, pursuant to the Statutes and Guidelines of the California Environmental Quality Act (CEQA), and the City's Procedures for Implementing CEQA, an Initial Study and a Draft Negative Declaration was prepared and circulated for public review and comment; and

WHEREAS, no public comments or responses were received in regard to the Draft Negative Declaration and Initial Study prepared for this project; and

WHEREAS, Public Notice of the proposed Draft Negative Declaration was posted as required by Section 21092 of the Public Resources Code: and

WHEREAS, a public hearing was conducted by the Planning Commission on April 23, 2012 to consider the Initial Study and the proposed Negative Declaration prepared for the proposed project, and to accept public testimony on Code Amendment 13-001, "Chapter 21.22 Off-Street Parking" Ordinance and the Environmental Determination, and the Planning Commission recommended approval of the draft Negative Declaration to the City Council; and

WHEREAS, based on the information and analysis contained in the Initial Study prepared for this project and testimony received as a result of the public notice, the City Council finds that there is no substantial evidence that there would be a significant impact on the environment as a result of implementation of Code Amendment 13-001, "Chapter 21.22 Off-Street Parking" Ordinance.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of El Paso de Robles, based on its independent judgment does hereby adopt a Negative Declaration for Code Amendment 13-001, "Chapter 21.22 Off-Street Parking" Ordinance in accordance with the Statutes and Guidelines of the California Environmental Quality Act (CEQA) and the City's Procedures for Implementing CEQA.

PASSED AND ADOPTED THIS 7th day of May, 2012, by the following roll call vote:

Caryn Jackson, Deputy City Clerk	

ENVIRONMENTAL INITIAL STUDY CHECKLIST FORM CITY OF PASO ROBLES

PROJECT TITLE: Code Amendment (CA 13-001)

Chapter 21.22 – Off-Street Parking Regulations

Concurrent Entitlements:

2. LEAD AGENCY: City of Paso Robles

1000 Spring Street

Paso Robles, CA 93446

Contact: Susan DeCarli **Phone:** 805-237-3970

Email: sdecarli@prcity.com

3. PROJECT LOCATION: Citywide (except not applicable in the

Uptown/Town Center Specific Plan area)

3. PROJECT PROPONENT: City of Paso Robles

Contact Person: Susan DeCarli

Phone: above

Email: sdecarli@prcity.com

5. **GENERAL PLAN DESIGNATION:** Not applicable

6. **ZONING:** Not applicable

7. PROJECT DESCRIPTION:

The project is a comprehensive revision of Chapter 21.22 – Off-Street Parking Regulations of the City of Paso Robles Zoning Code. The revisions include reorganizing the text to streamline it into a logical sequence of information, and to provide flexibility in regulations to reduce the amount of impervious surfaces that result from parking standards.

Substantive changes include condensing the list of land uses where parking needs and potential impacts are similar. The number of parking spaces required for certain uses is also proposed to be reduced. The number of compact spaces that may be incorporated into non-residential development is proposed to be increased from 25% to 30%. The parking lot driveway widths are proposed to be reduced from 27 feet to 24 feet wide. The amendment also includes provision of motorcycle spaces.

Parking lot surfacing materials that may be used is proposed to be broadened to include pervious materials and lot drainage is suggested to be drained toward bioretension features such as landscape bioswales and other features.

- **8. ENVIRONMENTAL SETTING:** The environmental setting for this project is the City of Paso Robles, which is an urbanized area.

EVALUATION OF ENVIRONMENTAL IMPACTS:

- 1. A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2. All answers must take account of the whole action involved. Answers should address off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 3. "Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
- 4. "Negative Declaration: Less Than Significant With Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from ""Potentially Significant Impact" to a "Less Than Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from "Earlier Analyses," as described in (5) below, may be cross-referenced).
- 5. Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063(c)(3)(D). In this case, a brief discussion should identify the following:
 - a. Earlier Analysis Used. Identify and state where they are available for review.
 - b. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
 - c. Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project.
- 6. Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g., general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
- 7. Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
- 8. The explanation of each issue should identify:
 - a. the significance criteria or threshold, if any, used to evaluate each question; and
 - b. the mitigation measure identified, if any, to reduce the impact to less than significance

ORDINANCE NO. XXX N.S.

AN ORDINANCE OF THE CITY OF EL PASO DE ROBLES AMENDING TITLE 21 (ZONING) OF THE MUNICIPAL CODE TO MODIFY CHAPTER 21.22 OF THE ZONING ORDINANCE (CODE AMENDMENT 13-001)

WHEREAS, the City of El Paso de Robles Zoning Ordinance is amended from time to time to clarify language, correct errors and respond to changing circumstances; and

WHEREAS, this Code Amendment is intended to provide options to reduce the amount of impervious surfaces associated with development for required parking spaces and parking lots to implement "Low-Impact Development" practices to help manage storm water; and

WHEREAS, the proposed parking amendments include re-organizing Chapter 21.22 and substantive amendments which encompass:

- Condense land uses categories for uses that have similar parking demands;
- Reduce the number of parking spaces for certain commercial uses such as general office, retail and restaurants to 1 parking space per 300 square feet of gross floor area;
- Add the land use "Wine Production" under manufacturing with a parking ratio of one parking space per 1,000 square feet of gross floor area;
- Allow for a 30 percent parking space reduction for lodging for accessory uses such as restaurants or conference rooms within the same development;
- Add motorcycle parking provisions of one parking space per 20 vehicle parking spaces and a reduction of vehicle spaces if a project includes five or more motorcycle spaces;
- Increase the number of compact parking spaces permitted in parking lots from 25 percent to 30 percent;
- Add a provision for warehouse and storage buildings over 10,000 square feet whereby applicants may apply for a Conditional Use Permit to reduce the number of parking spaces, if it can be demonstrated that the parking demand is less than required;
- Allow studios and one-bedroom residential units to provide one parking space per unit if the parking space surface material is constructed from porous materials;
- Allow for alternative "porous" surface materials for parking lots and parking spaces;
- Decrease the size of parking lot drive aisles from 27 feet wide to 24 feet wide.

WHEREAS, the City has prepared an ordinance to amend the Zoning Code to modify the above parking regulations; and

WHEREAS, in accordance with the California Environmental Quality Act (CEQA) an Initial Study was prepared, and it was determined that this project could not result in significant environmental impacts. Therefore, a draft Negative Declaration was adopted for this project; and

WHEREAS, at its meeting on April 23, 2013 the Planning Commission conducted a public hearing on the proposed Code Amendment and took the following actions regarding this ordinance:

- a. Considered the facts and analysis, as presented in the staff report prepared for this ordinance;
- b. Conducted a public hearing to obtain public testimony on the proposed ordinance;

- c. In accordance with CEQA, recommended the City Council adopt a Negative Declaration for the proposed ordinance;
- d. Recommended that the City Council adopt the proposed ordinance; and

WHEREAS, at its meeting of May 21, 2013, the City Council conducted a public hearing on the proposed Code Amendment and took the following actions regarding this ordinance:

- a. Considered the facts and analysis, as presented in the staff report prepared for this ordinance;
- b. Considered the recommendation of the Planning Commission regarding this ordinance amendment and concurred with the Planning Commission's recommendation.
- c. Conducted a public hearing to obtain public testimony on the proposed ordinance amendment;
- d. Based on its independent judgment and in accordance with CEQA, the City Council adopted a Negative Declaration for this ordinance.

NOW, THEREFORE, BE IT KNOWN that the Paso Robles City Council, based upon the substantial evidence presented at the above referenced public hearing, including oral and written staff reports, hereby finds as follows:

- 1. The above stated facts of this ordinance amendment are true and correct.
- 2. This ordinance amendment is consistent with the City's General Plan.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES DOES HEREBY ORDAIN AS FOLLOWS:

<u>SECTION 1</u>: Chapter 21.22 of the Zoning Ordinance is hereby amended to incorporate the text shown in Exhibit A.

<u>SECTION 2</u>. <u>Publication</u>. The City Clerk shall cause this ordinance to be published once within fifteen (15) days after its passage in a newspaper of general circulation, printed, published and circulated in the City in accordance with section 36933 of the Government Code.

<u>SECTION 3.</u> <u>Severability</u>. If any section, subsection, sentence, clause, or phrase of the Ordinance is, for any reason, found to be invalid or unconstitutional, such finding shall not affect the remaining portions of this Ordinance.

The City Council hereby declares that it would have passed this ordinance by section, subsection, sentence, clause, or phrase irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases are declared unconstitutional.

<u>SECTION 3.</u> <u>Inconsistency.</u> To the extent that the terms of provisions of this Ordinance may be inconsistent or in conflict with the terms or conditions of any prior City ordinance(s), motion, resolution, rule, or regulation governing the same subject matter thereof and such inconsistent and conflicting provisions of prior ordinances, motions, resolutions, rules, and regulations are hereby repealed.

City Council of the City of El Paso de Robles on the 2 vote, to wit:	
AYES: NOES:	
ABSTAIN:	
ABSENT:	
	Duane Picanco, Mayor
ATTEST:	
Caryn Jackson, Deputy City Clerk	

<u>SECTION</u>. <u>Effective Date</u>. This Ordinance shall go into effect and be in full force and effect at 12:01 a.m. on the 31st day after its passage.

CITY OF EL PASO DE ROBLES

NOTICE OF PUBLIC HEARING
NOTICE OF INTENT OF THE CITY COUNCIL TO
ADOPT A NEGATIVE DECLARATION AND TO
APPROVE AN AMENDMENT TO CHAPTER 21.22
OFF-STREET PARKING REGULATIONS ZONING
CODE AMENDMENT 13-001

NOTICE IS HEREBY GIVEN that the City Council of the City of El Paso de Robles will hold a Public Hearing on Tuesday, May 21, 2013, at 7:30 p.m. at the City of El Paso de Robles, 1000 Spring Street, Paso Robles, California, in the City Council Chambers, to consider adoption of a Negative Declaration in accordance with the provisions of the California Environmental Quality Act (CEQA) for the following project:

Code Amendment (CA 13-001) Chapter 21.22 - Off-Street Parking Regulations. The proposed code amendment will apply to all property within the City limits, outside of the Uptown/Town Center Specific Plan Area. Substantive charges in the parking regulations are related to reducing the number of parking spaces required for certain land uses, parking lot driveway width reduction, and inclusion of alternative materials permitted for parking surfaces consistent with "Low-Impact Development" practices.

The public review period for the draft Negative Declaration (ND) was from March 25, 2013 through April 23, 2013. The Paso Robles Planning Commission considered the draft Negative Declaration and Zoning Code Amendment 13-001 on April 23, 2013. The Commission unanimously recommended approval of the draft Negative Declaration and the Code Amendment to the City Council, with minor (clerical) modifications suggested for the Zoning Code Amendment.

The ND and Code Amendment may be reviewed at the Community Development Department, 1000 Spring Street, Paso Robles, California. Copies may be purchased for the cost of reproduction. The staff report for this project may be viewed online beginning May 10, 2013 at the following link—http://www.prcity.com/government/citycouncil/agendas.asp.

Written comments on the proposed Zoning Code Amendment and corresponding ND may be mailed to the Community Development Department, 1000 Spring Street, Paso Robles, CA 93446 or emailed to the City provided that the comments are received prior to the time of the public hearing. Oral comments may be made at the hearing. Should you have any questions regarding this project, please contact Susan DeCarll at (805) 237-3970 or sdecarli@prcity.com.

If you challenge this project in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Council at or prior to the public hearing.
