

**TO:** James L. App, City Manager  
**FROM:** Doug Monn, Director of Public Works  
**SUBJECT:** Annual Levy Report for the Landscape/ Lighting and Drainage Districts  
**DATE:** May 20, 2014

---

**NEEDS:** For the City Council to hold a public hearing and consider adopting the attached Resolutions to order collection of assessments for the Landscape/Lighting District and Drainage Districts for Fiscal Year 2014/2015.

**FACTS:**

1. At the meeting of April 15, 2014 City Council adopted Resolutions declaring the City's intention to levy Landscape and Lighting District and Drainage District assessments for Fiscal Year 2014/2015 and setting a public hearing May 20, 2014.
2. Engineer's Reports for the Landscape/Lighting and Drainage Districts (outlining the proposed improvements and assessments for fiscal year 2014/2015) have been previously prepared and presented to the City Council and have been made available for public inspection – one copy in the Library, one copy at the City Clerk's office and an electronic copy on the City of Paso Robles website.
3. At the public hearing, the City Council will provide the public with an opportunity to provide oral or written comments, testimony or protest regarding the Districts and proposed assessments.
3. After consideration of testimony given at the public hearing the City Council may direct amendments to the Engineer's Reports and/or proposed assessments deemed appropriate, and accordingly adopt the resolutions necessary to levy the assessments for fiscal year 2014/2015 which shall be forwarded to the County by the end of June so that they may be included in the property tax roll.

**ANALYSIS &**

**CONCLUSION:** The Landscape and Lighting District and Drainage Districts assessments for the 2014/2015 Fiscal Year have been developed for each of the sub-areas based on an estimate of the cost to maintain the associated improvements within the maximum assessment revenues permitted. The Engineer's Reports outline the budgets and assessments for each of the designated Zones and/or Sub-Areas and this report has been made available to the public.

**POLICY**

**REFERENCE:** Resolution No. 89-89, forming the Paso Robles Landscape and Lighting District.

Proposition 218.

Resolution No. 08-036 forming the Paso Robles Drainage Maintenance District No. 2008-1.

**FISCAL**

**IMPACT:**

It is estimated that approximately \$1,538,051 will be assessed for the District in fiscal year 2014/2015 to fund the costs of those areas maintained under the Landscape and Lighting District.

It is estimated that approximately \$350 will be assessed for the Paso Robles Drainage District to fund district maintenance.

**OPTIONS:**

- a. Receive public testimony regarding the annual levy of the Landscape/Lighting And Drainage Districts; and
  - 1) Adopt Resolution No. 14-xx approving the Landscape/Lighting District Engineer's Report; and
  - 2) Adopt Resolution No. 14-xx approving the Drainage District Engineer's Report; and
  - 3) Adopt Resolution No. 14-xx ordering the Landscape/Lighting District Levy and Collection of Assessments.
  - 4) Adopt Resolution No. 14-xx ordering the Drainage District Levy and Collection of Assessments.
- b. Amend, modify, or reject the above option.

RESOLUTION NO. 14-xxx

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES,  
CALIFORNIA AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY  
REPORT FOR THE EL PASO DE ROBLES LANDSCAPE AND LIGHTING  
MAINTENANCE DISTRICT NO. 1 FOR FISCAL YEAR 2014/2015

---

The City Council of the City of El Paso De Robles, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has by previous Resolutions ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as:

El Paso De Robles Landscape and Lighting Maintenance District No. 1

(Hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"); and,

WHEREAS, there has been presented to this City Council the Report as required by *Chapter 3, Section 22623* of said Act and as previously directed by Resolution; and,

WHEREAS, this City Council has examined and reviewed the Report as presented and is satisfied with each and all of the items and documents as set forth therein or as amended herein by direction of the City Council, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance, and services to be performed as set forth in said Report, and such assessments as described are in compliance with the provisions of the Act and the California Constitution Article XIID;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT AS FOLLOWS:

SECTION 1. That the above recitals are true and correct.

SECTION 2. The Report as presented (or amended) consists of the following:

- a. A Description of the Improvements
- b. The Annual Budget (Costs and Expenses of Services, Operation, and Maintenance)
- c. The Method of Apportionment that details the method of calculating each parcel's proportional special benefits and annual assessment.
- d. The District Roll containing the proposed assessment for each parcel within the District for Fiscal Year 2014/2015.
- e. The proposed assessment amounts for each of the existing District Zones and Sub Areas

SECTION 3. That the Report as presented (or amended) is hereby approved and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open for public inspection.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

PASSED AND ADOPTED by the City Council of the City of Paso Robles this 20<sup>th</sup> day of May 2014 by the following vote:

RESOLUTION NO. 14-xxx

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES,  
CALIFORNIA AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT  
FOR THE EL PASO DE ROBLES DRAINAGE MAINTENANCE DISTRICT NO. 2008-1  
FOR FISCAL YEAR 2014/2015

---

The City Council of the City of El Paso De Robles, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has by previous Resolutions ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as:

El Paso De Robles Drainage Maintenance District No. 2008-1

(Hereafter referred to as the "District") pursuant to the provisions of the *Benefit Assessment Act of 1982, Chapter 6.4 of the California Government Code*, beginning with Section 54703 (hereafter referred to as the "Act"), and

WHEREAS, there has been presented to this City Council the Report as required by said Act and as previously directed by Resolution; and,

WHEREAS, this City Council has examined and reviewed the Report as presented and is satisfied with each and all of the items and documents as set forth therein or as amended herein by direction of the City Council, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance, and services to be performed as set forth in said Report, and such assessments as described are in compliance with the provisions of the Act and the California Constitution Article XIII D;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT AS FOLLOWS:

SECTION 1. That the above recitals are true and correct.

SECTION 2. The Report as presented (or amended) consists of the following:

- a. A Description of the Improvements
- b. The Annual Budget (Costs and Expenses of Services, Operation, and Maintenance)
- c. The Method of Apportionment that details the method of calculating each parcel's proportional special benefits and annual assessment.
- d. The District Roll containing the proposed assessment for each parcel within the District for Fiscal Year 2014/2015.
- e. The proposed assessment amounts for each of the Assessor Parcel Numbers to be assessed with the District.

SECTION 3. That the Report as presented (or amended) is hereby approved and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open for public inspection.

SECTION 4. That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES,  
CALIFORNIA ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE EL  
PASO DE ROBLES LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 1 FOR  
FISCAL YEAR 2014/2015

---

The City Council of the City of El Paso De Robles, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has by previous Resolutions initiated proceedings, declared its intention to levy assessments against parcels of land within the El Paso De Robles Landscape and Lighting Maintenance District No. 1 (hereafter referred to as "District") for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereafter referred to as the "Act") to pay the costs and expenses of operating, maintaining, and servicing landscaping, lighting, and appurtenant facilities located within the District; and,

WHEREAS, the Engineer selected by the Council has prepared and filed with the City Clerk, and the City Clerk has presented to the Council, the Engineer's Report (hereafter referred to as the "Report") in connection with the proposed levy and collection of assessments upon eligible parcels of land within the District, and the Council did by previous Resolution approve such Report; and,

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 to pay the costs and expenses of operating, maintaining, and servicing landscaping, lighting, and appurtenant facilities located within public places in the City as described in the Report; and,

WHEREAS, the City Council has noticed and held a Public Hearing regarding the District, the proposed improvements and assessments for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 as described in the Report in accordance with the provisions of the Act and applicable provisions of Article XIID of the California State Constitution;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT AS FOLLOWS:

SECTION 1. Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests, and communications made or filed by interested persons regarding these matters.

SECTION 2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which as been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will receive special benefit by the operation, maintenance, and servicing of improvements located in public places within the boundaries of the District; and,
- ii) the District includes all of the lands so benefited; and,
- iii) the net amount to be assessed upon the lands within the District for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the special benefits to be received by each parcel from the improvements and

services and such assessments do not exceed the maximum assessments previously established in accordance with the provisions of Article XIID of the California State Constitution.

SECTION 3. The Report and assessments as presented to the City Council and on file in the Office of the City Clerk are hereby confirmed as filed.

SECTION 4. The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services and materials for street lighting facilities, detention basins, open space areas, landscaping, irrigation systems, public pedestrian paths, slope maintenance, entry monuments; landscaping includes trees, shrubs, grass, and other ornamental vegetation and appurtenant facilities including, but not limited to, irrigation systems and drainage devices within the District. The Report describes any new improvements or substantial changes in existing improvements.

SECTION 5. The assessments as confirmed shall be submitted to the County Auditor of the County of San Luis Obispo and the County Auditor of the County of San Luis Obispo shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

SECTION 6. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund known as the "Improvement Fund, City of El Paso De Robles Landscape and Lighting Maintenance District No. 1," and such money shall be expended only for the maintenance, operation, and servicing of the landscaping, lighting, and appurtenant facilities as described in Section 4.

SECTION 7. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015.

SECTION 8. The City Clerk or their designate is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution pursuant to *Chapter 4, Article 1, Section 22641* of the Act.

PASSED AND ADOPTED by the City Council of the City of Paso Robles this 20<sup>th</sup> day of May 2014 by the following vote:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES,  
CALIFORNIA ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN  
THE EL PASO DE ROBLES DRAINAGE MAINTENANCE DISTRICT NO. 2008-1  
FOR FISCAL YEAR 2014/2015

---

The City Council of the City of El Paso De Robles, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has by previous Resolutions initiated proceedings, declared its intention to levy assessments against parcels of land within the El Paso De Robles Drainage Maintenance District No. 2008-1 (hereafter referred to as "District") for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 pursuant to the provisions of the *Benefit Assessment Act of 1982, Chapter 6.4 of the California Government Code*, beginning with Section 54703 (hereafter referred to as the "Act") to pay the costs and expenses of operating, maintaining, and servicing Drainage and appurtenant facilities located within the District; and,

WHEREAS, the Engineer selected by the Council has prepared and filed with the City Clerk, and the City Clerk has presented to the Council, the Engineer's Report (hereafter referred to as the "Report") in connection with the proposed levy and collection of assessments upon eligible parcels of land within the District, and the Council did by previous Resolution approve such Report; and,

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 to pay the costs and expenses of operating, maintaining, and servicing Drainage, and appurtenant facilities located within public places in the City as described in the Report; and,

WHEREAS, the City Council has noticed and held a Public Hearing regarding the District, the proposed improvements and assessments for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 as described in the Report in accordance with the provisions of the Act and applicable provisions of Article XIID of the California State Constitution;

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT AS FOLLOWS:

SECTION 1. Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the levy and collection of assessments, the Report prepared in connection therewith, and considered all oral and written statements, protests, and communications made or filed by interested persons regarding these matters.

SECTION 2. Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will receive special benefit by the operation, maintenance, and servicing of improvements located in public places within the boundaries of the District; and,
- ii) the District includes all of the lands so benefited; and,
- iii) the net amount to be assessed upon the lands within the District for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the special benefits to be received by each parcel from the improvements and services and such assessments do not exceed the maximum assessments previously

established in accordance with the provisions of Article XIID of the California State Constitution.

SECTION 3. The Report and assessments as presented to the City Council and on file in the Office of the City Clerk are hereby confirmed as filed.

SECTION 4. The maintenance, operation, and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services and materials for Drainage facilities, and appurtenant facilities within the District. The Report describes any new improvements or substantial changes in existing improvements.

SECTION 5. The assessments as confirmed shall be submitted to the County Auditor of the County of San Luis Obispo and the County Auditor of the County of San Luis Obispo shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

SECTION 6. The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for City of El Paso De Robles Drainage Maintenance District No. 2008-1, and such money shall be expended only for the maintenance, operation, and servicing of Drainage, and appurtenant facilities as described in Section 4.

SECTION 7. The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2014 and ending June 30, 2015.

SECTION 8. The City Clerk or their designate is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution pursuant to *Chapter 4, Article 1, Section 22641* of the Act.

**ASSESSMENT ENGINEER'S AFFIDAVIT**

**DRAINAGE MAINTENANCE DISTRICT NO. 2008-1**

**City of Paso Robles  
San Luis Obispo County, State of California**

This Report describes the proposed plans and specifications, method of apportionment, budgets and special benefit assessments to be levied on lots, parcels and subdivisions of land within the Paso Robles Drainage Maintenance District No. 2008-1 for fiscal year 2014/2015, as the same existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the San Luis Obispo County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 21 day of April, 2014.

Willdan Financial Services  
Assessment Engineer  
On Behalf of the City of Paso Robles

## ***I. INTRODUCTION***

---

Pursuant to the provisions of the *Benefit Assessment Act of 1982, being Chapter 6.4 of the California Government Code, commencing with Section 54703* (hereafter referred to as the “1982 Act”), and in compliance with the substantive and procedural requirements of the *California State Constitution Article XIID* (hereafter referred to as the “California Constitution”), the City Council of the City of Paso Robles, County of San Luis Obispo, State of California (hereafter referred to as “City”), previously formed and levied and collected annual assessments for the district designated as:

### ***Drainage Maintenance District No. 2008-1***

(Hereafter referred to as “District”).

The District provides the necessary annual funding to service and maintain drainage improvements associated with the planned residential development designated as parcel map PR03-0338 — Ashwood Place (hereafter referred to as the “PR03-0338 Subdivision”). It has been determined that the improvements are required and necessary for the orderly development of the lots and parcels of land within the PR03-0338 Subdivision and that the improvements and services to be provide will enhance and protect those properties as well as ensure the ecological and environmental integrity of the drainage improvements (creek area). This Engineer’s Report (hereafter referred to as “Report”) has been prepared in connection with the improvements to be provided and the levy and collection of annual assessments related thereto, as required pursuant to *Section 54716* of the 1982 Act.

The City Council previously formed the District, and continues to levy and collect annual assessments on the County tax rolls upon properties within the District to provide an ongoing funding source for the continued operation and maintenance of the drainage improvements (creek area) that have been identified as necessary and essential requirements for the orderly development of the properties within the District, consistent with the development requirements for the PR03-0338 Subdivision and applicable portions of the City General Plan. This Report describes the District, the improvements, and the assessments levied against properties in connection with the special benefits that the properties receive from the maintenance and servicing of the improvements.

Each fiscal year, utilizing the historical and estimated costs to maintain the improvements that provide special benefit to properties within the District, the City establishes the District’s budgets and assessments (within the limits of the approved maximum assessments). The structure of the District (organization), the improvements, the method of apportionment, and assessments described herein are based on current property development plans for the PR03-0338 Subdivision and specifications associated with that planned development; and by reference these plans and specifications are made part of this Report.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the San Luis Obispo County Assessor’s Office. The San Luis Obispo County Auditor-Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for the special benefit assessments.

As part of this District formation in Fiscal Year 2008/2009, the City conducted a property owner protest ballot proceeding for the levy of new assessments pursuant to the provisions of the California Constitution, Article XIID Section 4. In conjunction with this ballot proceeding, the City Council conducted a noticed public hearing to consider public testimonies, comments and written protests regarding the formation of the District and levy of assessments. Upon conclusion of the public hearing, property owner protest ballots were opened and tabulated to determine whether majority protest exists (ballots were weighted based on the calculated proportional assessment amount for each benefiting parcel). Tabulation of the ballots indicated that majority protest does not exist for the assessments and the assessment range formula presented and described herein, the City Council approved the Report (as submitted or amended), ordered the formation of the District, and approved the levy and collection of assessments.

Each subsequent fiscal year, a Report is prepared and presented to the City Council describing any changes to the improvements, the services, the annual budget and assessments for that fiscal year, and the City Council holds a noticed public hearing regarding these matters prior to approving and ordering the levy of assessments.

## ***II. PLANS AND SPECIFICATIONS***

---

### **A. DESCRIPTION OF THE DISTRICT**

At the time of the preparation of this Report, the territory of the District is identified by the County of San Luis Obispo as assessor’s parcel number 009-750-007, which encompasses an area of approximately 2.5 acres. This parcel is currently identified by the County Assessor’s Office with one single-family residential unit on the property, but is to be subdivided to include an additional three single-family residential properties (total of four parcels) as part of the planned PR03-0338 Subdivision.

The District is situated in the southeastern portion of the City of Paso Robles and is located on the north side of Ashwood Place:

- East of Beechwood Drive;
- West of Oriole Way;
- South of Larkfield Place; and
- Generally north of Meadowlark Road.

## **B. DESCRIPTION OF IMPROVEMENTS AND SERVICES**

The District funds the activities necessary to maintain and service specific drainage improvements associated with the properties in the District, namely the existing creek area associated with the PR03-0338 Subdivision. The creek area within the District is one segment of the overall drainage system, which provides storm water runoff control for the properties in the area including those within this District. This creek provides and controls the flow and drainage of excess irrigation water and storm water runoff from adjacent properties acting both as a channel way and bio-filter. This drainage facility originates north of this planned development and the water flows across the territory of the District southward to adjacent properties an ultimately to a control basin east of Oriole Way. The maintenance and operation of these particular drainage improvements may include but are not limited to the materials, equipment, labor, and incidental expenses necessary to keep these improvements in satisfactory condition, ensuring the functionality of the improvements, but also the ecological and environmental integrity of the creek.

As generally defined by the Benefit Assessment Act of 1982 and applicable to this District, the City may impose a benefit assessment to finance the maintenance, servicing and operation cost of drainage and flood control improvements. In addition to imposing a benefit assessment for the annual maintenance and operation of the improvements, the City may also authorize an assessment or utilize existing assessment revenues to finance the installation, construction or replacement of drainage and flood control facilities. While such activities are permitted under the 1982 Act and assessment revenues may be utilized for such activities, the budget and assessments for this District have been established to address annual maintenance and periodic repairs and services that are normally required to ensue the proper flow of storm water runoff as well as the ecological and environmental integrity of the drainage improvements. Since most major rehabilitation or reconstruction projects for such improvements would typically result from unforeseen damages or area flooding in excess of what is reasonably anticipated, the extent and cost of such projects are not easily predicted and it has been determined that it is not reasonable or appropriate to accumulate additional funds for such possibilities. If such funding becomes necessary, the City may present a new or increased assessment to the property owners to support such major rehabilitation or reconstruction projects.

The District budget and assessments identified in this Report are based on an estimate of the annual and periodic costs to service and maintain the creek area within the boundaries of the District as well as offsite areas immediately adjacent to the District that are necessary to ensure the proper flow of water and the ecological integrity of the drainage improvements within the District and determined to be of special benefit to the properties therein including but not limited to:

- Regular and periodic vegetation management within the overall drainage easement including but not limited to vegetation abatement, trimming, dethatching and vegetation replacement;
- Regular large debris removal and control within the creek to ensure proper water flow;
- Periodic desilting and/or small debris removal and control as needed to ensure proper water flow and minimize flooding;
- Vector control on an as needed basis to maintain the environmental and ecological balance within the creek easement;

The Office of Public Works, shall determine the need and scheduling of the services and activities to be performed within the creek easement that are necessary to ensure the functionality and integrity of the drainage improvements as well as available funds to provide such services.

A diagram that identifies the general location of the drainage easement (improvement area) relative to the subdivision of properties within the District is provided on the following page. A more detailed description of the improvement area easement maintained through the District is contained in the development plans for the PR03-0338 Subdivision which is on file in the Office of Public Works and by reference is made part of this Report. These plans and specifications may be amended or modified from time to time to reflect the ultimate development of properties within the District or necessary to accommodate the proper flow and integrity of the improvements. The net annual cost to provide and maintain the improvements determined to be of special benefit shall be allocated to each property in proportion to the special benefits received from those various improvements.

**Diagram of Drainage Easement:**

The diagram below provides a visual perspective of the creek easement (drainage improvement area) within the boundaries of the District:

### III. METHOD OF APPORTIONMENT

---

#### A. GENERAL

The 1982 Act permits the establishment of assessment districts by agencies for the purpose of providing for the maintenance, operation and servicing of drainage and flood control improvements as well as street lighting, streets, roads and highways. The 1982 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service”.*

Furthermore:

*“The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service, except that the legislative body may, by resolution, determine that the estimated cost of work authorized ... is greater than can be conveniently raised from a single annual assessment and order that the estimated cost shall be raised by an assessment levied and collected in installments.... The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied.*

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices in compliance with the provisions of the 1982 Act and the California Constitution. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

#### B. BENEFIT ANALYSIS

As previously noted, the drainage improvements associated with this District are an integral part of a more comprehensive drainage and ecological system in the area and as such, any unnecessary modifications or alterations to that system may negatively impact not only the property within the District but may also impact surrounding properties or the drainage system itself. While this may initially suggest that there is some measurable benefit to the surrounding properties or to the public at large from the District improvements, the cost of which could be considered a general benefit and not assessed to properties in the District, clearly any damages to other properties resulting from modifications

of the existing drainage system or improper maintenance of those improvements would ultimately be the financial liability of the property owner(s) responsible for causing such damages.

In addition, the proper maintenance of the improvements and appurtenant facilities allows individual parcels to be developed and used to their fullest extent by ensuring adequate drainage and proper control of excess water during periods of rain, which is essential to the use, preservation and protection of those properties. Conversely, the absence of adequate maintenance and servicing of these improvements would eventually have a negative impact on these particular properties as well. Clearly, providing for the proper control, maintenance and operation of the drainage improvements within this District must therefore be an integral part of the planned PR03-0338 Subdivision. Based on these findings, it is apparent that the improvements, services and activities for this District are a special benefit to only those properties within this District and ultimately the financial responsibility of those properties.

While it is clear that the drainage improvements to be provided by this District are entirely for the special benefit of the lots and parcels of land therein and ultimately the financial obligation of those properties, it has been determined by the City and supported by a court order, that the proper and adequate maintenance of the creek area (drainage improvements) shall not be relegated to the individual property owners, but shall be provided by the City utilizing assessment revenues from those properties. This is consistent with similar assessments levied annually on other properties in the area through the City's existing landscaping and lighting district.

### **C. ASSESSMENT METHODOLOGY**

Pursuant to the provisions of the 1982 Act and Article XIID Section 4 of the California Constitution, the costs associated with the improvements and services shall be fairly distributed among the parcels based upon benefit and each parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred to that parcel. The method of apportionment established for this District and described herein, reflects the proportional special benefit each property receives from the improvements and services based on the actual or proposed use of that parcel as compared to other properties within the District.

#### **Equivalent Benefit Units:**

The method of apportionment established for most maintenance assessment districts utilizes a weighted method of apportionment known as an Equivalent Benefit Unit (EBU). This method of apportioning special benefit and costs typically sets the single-family home or home-site as the basic unit of assessment. A single-family home is generally assigned one Equivalent Benefit Unit (EBU), with other land uses being assigned a weighted EBU based on an assessment formula that equates the property's special benefits to that of the single-family home utilizing specific property characteristic comparisons. This

proportional weighting may be based on several factors that may include, but are not limited to: the location of the property relative to the improvements, the type of development (land use), development-status (developed versus undeveloped), size of the property, densities or other property related factors including any development restrictions or limitations. Generally for most districts the calculation of each parcel's proportional special benefit can be reasonably determined by applying one or more of these factors.

While the Equivalent Benefit Unit method of apportioning special benefit is most commonly used for districts that have a wide range of land use classifications (residential and non-residential use), the use of this methodology is still applicable for this District even though it is comprised of only existing or planned residential properties. Although each of the residential lots within the District will not be directly adjacent to the creek easement, the ability to develop or subdivide the existing property to two or more individual lots is contingent on providing for the drainage improvements. Therefore it has been determined that each residential lot will have similar and equal benefits from the improvements and shall be assigned one Equivalent Benefit Unit (1.00 EBU) each; and until the existing property is actually subdivided, the existing parcel shall be assigned a weighted equivalent benefit unit of 4.00 EBU (representing the four planned residential lots).

The maximum assessment rate per Equivalent Benefit Unit identified in the Budget section of this Report is based on an estimate of the annual expenses at full build out of the properties within the District according to the development plans for the PR03-0338 Subdivision (Four single-family residential properties — 4.00 EBU). However if the development of properties within the District is modified resulting in a change in the total number of residential units, the maximum assessment rate for the District shall be modified accordingly based on the budget presented herein and the total benefit units applied to properties in the District at build-out. Such a change shall not constitute an increased assessment.

### **Assessment Calculations:**

The total number of Equivalent Benefit Units (EBU's) for the District is the sum of all individual EBU's applied to parcels that receive special benefit from the improvements. As noted in the previous discussion the total Equivalent Benefit Units established for this District is 4.00 EBU based the development of the territory within the District (PR03-0338 Subdivision plans). An assessment amount per EBU (Assessment Rate) for the improvements is established by taking the total cost of the improvements and dividing that amount by the total number of EBU's of all parcels benefiting from the improvements.

**Total Balance to Levy / Total EBU = Levy per EBU**

This Rate is then applied back to each parcel’s individual EBU to determine the parcel’s proportionate benefit and assessment obligation for the improvements.

**Levy per EBU x Parcel EBU = Parcel Levy Amount**

**D. ASSESSMENT RANGE FORMULA**

While the budget and method of apportionment for this District establishes a maximum assessment for each lot/parcel within this District, these assessments reflect the proportional cost of providing the improvements in today’s dollars. Clearly, these costs for service will inevitably be impacted by inflation in subsequent years. To ensure adequate funding is available in the future an assessment range formula for inflation is included as part of the maximum assessment rate to be presented to the property owner(s) of record for approval. The formula, as described herein provides for annual inflationary adjustment to the maximum assessments that may be imposed each year without requiring the extensive procedure and cost of balloting for normal operational cost increases. The annual inflationary formula (assessment range formula) described herein should provide for modest increases to the assessment revenues to meet anticipated cost increases in labor and materials that result from normal inflationary factors.

Commencing in the second fiscal year (fiscal year 2009/2010), and each fiscal year thereafter, the maximum assessments and assessment rate established in the previous fiscal year shall be adjusted by the percentage change increase in the Consumer Price Index reported by the San Francisco/Oakland Urban Wage Earners and Clerical Workers (CPI).

The maximum assessment that may be levied in a fiscal year is increased annually by the following formula:

$$\begin{array}{l}
 \textit{(Prior Year's Maximum Assessment x CPI)} \\
 \textit{Plus} \\
 \textit{Prior Year's Maximum Assessment}
 \end{array}
 \left. \vphantom{\begin{array}{l} \textit{(Prior Year's Maximum Assessment x CPI)} \\ \textit{Plus} \\ \textit{Prior Year's Maximum Assessment} \end{array}} \right] = \textit{Current Year's New Maximum Assessment}$$

The CPI percentage change used each year shall be based on the annual percentage change for the preceding 12 months. For example, the annual inflation factor applied for fiscal year 2014/2015 is based on the annual percentage change from 2013 to 2014 utilizing the February CPI information.

Although the Annual Inflation Adjustment will increase the maximum assessments and assessment rate allowed each year, the actual amount to be assessed shall be based on the annual budget and may be less than the maximum assessments allowed.

## IV. DISTRICT BUDGETS

---

This section of the Report provides an estimate of the annual costs to be collected and deemed appropriate for the operation, maintenance and servicing of the improvements for the District.

BUDGET ITEMS	Budget FY 2014/2015
<b>DIRECT COSTS</b>	
Annual Creek Maintenance	\$214
Collection for Periodic Maintenance	54
Sub-total Maintenance Costs	\$268
<b>ADMINISTRATION COSTS</b>	
Preparation of Annual Report & Resos	\$53
City Overhead	27
Total District Administration	\$80
County Administration Fee	2
Sub-total Administration Expenses	\$82
Total Direct and Admin. Costs	\$350
<b>LEVY ADJUSTMENTS</b>	
Reserve Fund Collection/(Contribution)	\$0
Contributions from General Fund	0
Sub-total Levy Adjustments	\$0
<b>Balance to Levy</b>	<b>\$350.00</b>
<b>DISTRICT STATISTICS</b>	
Total Parcels	1
Total Assessable Parcels	1
Total Equivalent Benefit Units	4.00
<b>Proposed Levy per EBU</b>	<b>\$87.50</b>
Maximum Rate per EBU	\$1,671.103

## ***V. DISTRICT DIAGRAMS***

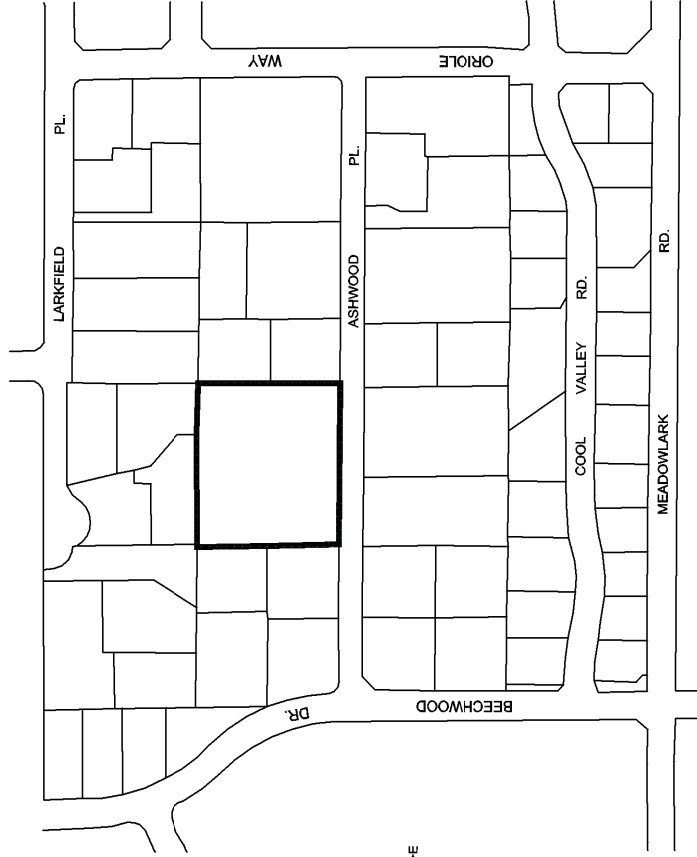

---

The following District Diagram identifies the area of land within the District, as the same existed at the time this Report was prepared is based on the San Luis Obispo County Assessor's Maps and the San Luis Obispo County Assessor's information. The combination of this map and the Assessment Roll contained in this Report constitute the District Assessment Diagram. The maximum assessments and assessment range formula as described herein were presented to the property owner(s) of record in accordance with the provisions of the California Constitution.

## VI. ASSESSMENT ROLL

---

Parcel identification for each lot or parcel within the District is based on the Assessment Diagram presented herein and is based on available parcel maps and property data from the San Luis Obispo County Assessor’s Office at the time the Engineer’s Report was prepared. A listing of the lots and parcels to be assessed within this District along with the assessment amounts is provided herein.

If any parcel submitted for collection is identified by the County Auditor-Controller to be an invalid parcel number for the fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor-Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates described in this Report as approved by the City Council. Therefore, if a single parcel is subdivided to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

The following is a list of the parcels and assessment amounts for each of the parcels within the District as determined by the assessment rates and method of apportionment described herein:

Assessor's Parcel Number	Land Use	EBU	Maximum Assessment	Assessment FY 2014/2015
009-750-007	Planned Residential Subdivision	4.00	\$6,684.41	\$350.00

## I. OVERVIEW

---

### A. INTRODUCTION

The City Council of the City of El Paso de Robles (hereafter referred to as “City”), County of San Luis Obispo, State of California, previously formed and has levied and collected annual assessments for the district designated as:

***El Paso de Robles***

***Landscape and Lighting Maintenance District No. 1***

(hereafter referred to as “District”) pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereafter referred to as the “1972 Act”), and in compliance with the provisions of the *California State Constitution Articles XIII C and XIII D* (hereafter referred to as the “Constitution” or “Proposition 218”). This Engineer’s Report (hereafter referred to as “Report”) has been prepared pursuant to a resolution of the City Council in accordance with Chapter 3, Section 22622 of the 1972 Act, in connection with the improvements to be provided and the annual levy of assessments related thereto for fiscal year 2014/2015.

Each fiscal year, utilizing the historical and estimated costs to maintain the improvements that provide special benefit to properties within the District, the City establishes the District’s budgets and assessments (within the limits of the approved maximum assessments). The costs of the improvements and the proposed annual assessments budgeted and assessed against properties within the District includes the estimated expenditures, deficits, surpluses, revenues, and reserve fund balances determined to be of special benefit to properties within the District. Each parcel is assessed proportionately for only those improvements and expenses for which the parcel receives special benefit and accordingly, the City Council proposes to levy the annual assessments on the County tax rolls as described herein to fund the annual cost and expenses associated with the servicing and maintenance of the landscaping and lighting improvements for fiscal year 2014/2015, associated with and resulting from the development of properties within the District.

This Report has been prepared in accordance with Chapter 1, Article 4 (commencing with Section 22565) of the 1972 Act and describes the District and changes to the District including: territories annexed; modifications to the improvements or organization; and the proposed budgets and assessments applicable for fiscal year 2014/2015. The maintenance, operation and servicing of the improvements associated with specific areas of the District that provide a special benefit to the properties within those areas are grouped into benefit zones that have historically been identified in this District as Sub-Areas. These Sub-Areas identify the properties within a particular commercial development or residential subdivision that benefit from improvements that

were installed in connection with the development of those properties or directly benefit those properties. While many of the improvements maintained by the District provide special benefits to only the properties within a particular Sub-Area, some improvements installed as part of developing properties within one Sub-Area also provide a direct and special benefit to properties within nearby or adjacent Sub-Areas. In these cases, several Sub-Areas have been grouped into Zones based on these shared improvements and the cost of maintaining those shared improvements, are proportionately allocated to the properties within each of the individual benefiting Sub-Areas. However, not all Zones established within this District have improvements that are shared by each of the Sub-Areas within that Zone. Some of the District Zones represent geographical regions of the District, where the Sub-Areas may have similar improvements, but each Sub-Area is budgeted and assessed for only the improvements or that portion of an improvement that were installed and/or resulted from the development of the properties within that particular Sub-Area.

For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessor Parcel Number by the San Luis Obispo County Assessor’s Office. The San Luis Obispo County Auditor/Controller uses Assessor Parcel Numbers and specific Fund Numbers to identify properties assessed for special district benefit assessments on the tax roll.

## **B. ASSESSMENT HISTORY AND CURRENT LEGISLATION**

In November 1996, California voters approved Proposition 218 that established specific requirements for the ongoing imposition of taxes, assessments and fees. The provisions of the Proposition are now contained in the California Constitutional Articles XIII C and XIII D. All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and in compliance with these provisions of the Constitution.

Pursuant to the Article XIII D Section 5 of the Constitution, certain existing assessments were exempt from the substantive and procedural requirements of the Article XIII D Section 4, and property owner balloting is not required until such time that a new or increased assessment is proposed. Specifically, the City determined that the annual assessments originally established for the Sub-Areas 1, 2A, 3-16, 18-23, 25, 27, and 30 (pre-proposition 218 Sub-Areas) were imposed in accordance with a consent and waiver as part of the original development approval for the properties within these areas. As such, pursuant to Article XIII D Section 5b, all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessments (the maximum assessment rates adopted prior to the passage of Proposition 218) for these Sub-Areas are exempt from the procedural requirements Article XIII D Section 4. However, any new or increased assessment for these Sub-Areas shall comply with both the substantive and procedural requirements of Article XIII D Section 4 before such assessments are imposed. The maximum assessment rates that previously existed for Sub-Areas 1, 2A, 3-16, 18-23, 25, 27, and 30 and adopted in fiscal year 1997/1998 (first fiscal year after Proposition 218) did not include

the assessment range formula (inflationary adjustment) for their maximum assessment rates.

All subsequent properties and Sub-Areas that have been annexed to the District since November 1996 have been annexed in compliance with the City Attorney's interpretation of the substantive and procedural requirements of the Constitution, Article XIID. The maximum assessment presented to the property owners of record and adopted as part of these subsequent annexation procedures have included the District's assessment range formula (inflationary adjustment) for most, but not all of the Sub-Areas. (Sub-Areas 2B, 28, 29, 31-35, 40 and 43 were annexed to the District without the assessment range formula.)

The following table (Table I) provides a listing of the Sub-Areas annexed to the District up through fiscal year 2014/2015 since the passage of Proposition 218 in November 1996:

116	TR 2782	117	TR 2772-1-2	118	TR 3016		

In fiscal year 2003/2004 the City conducted a property owner protest ballot proceeding for a proposed assessment increase in several of the Sub-Areas within the District. Of those Sub-Areas balloted, majority protest did not exist in Sub-Area 3 and Sub-Area 22. Based on the results of this protest ballot proceeding, the City Council adopted new maximum assessment rates and the application of the assessment range formula for these two Sub-Areas as approved by the property owners of record.

To ensure that the District assessments accurately reflected the special benefit to each property, a full review of the District improvements, the cost of providing each of those improvements and an analysis of the parcels that benefit from each of the various improvements was conducted in fiscal year 2006/2007. As a result of this review and benefit analysis, the District structure (organization) was modified, by grouping several individual Sub-Areas into geographical areas. These geographical areas are referred to as Zones. Within these Zones the original Sub-Area designations were retained in most cases to appropriately identify properties and allocate the cost of specific improvements or services that benefit properties within each of those Sub-Areas (some improvements are shared by more than one Sub-Area, while others are Sub-Area specific). In some cases, existing Sub-Areas were further divided and given new Sub-Area designations in order to distinguish variances in special benefits received from different improvements. This reorganization created a more defined District structure and nexus between the various District improvements and the properties that receive special benefit from those improvements. In conjunction with this reorganization, the City conducted another property owner protest ballot proceeding for various new or increased assessments, balloting all affected properties within each respective Sub-Area or Zone as applicable. While a significant portion of the Sub-Areas and Zones balloted in fiscal year 2006/2007 did not approve the proposed new or increased assessments, majority protest did not exist for the following Zones and Sub-Areas:

Zone 03 — Sub-Areas 20, 30, and 25;

Zone 06 — Sub-Area 42 (A-D);

Zone 07 — Sub-Areas 45 (A-E), 21, and 63;

Zone 09 — Sub-Areas 52 (A-E);

Zone 13 — Sub-Areas 7, 2, and 46;

Sub-Area 28 (stand-alone Sub-Area); and,

Sub-Area 33 (stand-alone Sub-Area)

At the conclusion of the annual public hearing for the District in fiscal year 2006/2007, the City Council approved and adopted the new maximum assessments for the Sub-Areas listed above, that included the District's previously established Assessment Range Formula. For those Sub-Areas that did not approve the proposed new or

increased assessments, the previously approved maximum assessments were adopted and the corresponding budgets and assessments for fiscal year 2006/2007 were adjusted to reflect those assessments. However, the reorganization of the District's structure that established the thirteen (13) new Zones was implemented.

In fiscal year 2008/2009 the City conducted a property owner protest ballot proceeding for a proposed assessment increase in Sub-Areas 2A-1 and 112 and the application of the assessment range formula for Sub-Area 2A-1. Based on the results of the protest ballot, the City Council approved and adopted the new maximum assessments for both Sub-Areas, as well as the Assessment Range Formula for Sub-Area 2A-1.

In fiscal year 2010/2011 Sub-Area 118 was annexed into the District. The property owners of record within this new Sub-Area were balloted for their proposed maximum assessments and annexed to the District under separate proceedings.

## ***II. DESCRIPTION OF THE DISTRICT***

---

### **A. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

## **B. DESCRIPTION OF THE DISTRICTS/SUB-AREAS**

In general, the District provides for the continued maintenance, servicing, and operation of various landscaping and lighting improvements and appurtenant facilities located within the public rights-of-way and dedicated easements associated with specific developments and/or tracts within the City through the levy of annual assessments. As properties within the City are approved for development (new commercial developments or residential tracts) they have historically been annexed to the District as a new Sub-Area with a maximum assessment established and approved by the property owners to support the estimated annual cost to provide the improvements associated with that Sub-Area. Each property is assessed proportionately for only the improvements and associated expenses determined to be of special benefit to that property and these improvements are generally identified as public street lighting and landscape improvements and all incidental expenses related thereto including, but not limited to administrative expenses, labor, materials, equipment and services associated with the maintenance of street lighting, trees, turf,

shrubs and other planting materials, irrigation systems, drainage systems, detention basins, open space areas, public pedestrian paths, and entry monuments.

This District was formed to fund the ongoing maintenance and operation of landscaping and lighting improvements associated with new developments in the City, and the City has continued to annex various commercial and residential developments to the District as Sub-Areas to support the improvements associated with those developments pursuant to the provisions of the 1972 Act and the California Constitution, Article XIID. For fiscal year 2014/2015, the District is comprised of one hundred and forty two (142) designated Sub-Areas, of which it is proposed that one hundred and thirty three (130) will be assessed in fiscal year 2014/2015. These designated Sub-Areas are identified as Sub-Areas 1 through 118 excluding:

- ❖ Sub-Areas 17, 24, 26, and 65, were originally established for specific planned developments, the development and annexation/formation were not completed for these designated sub-areas;
- ❖ Sub-Area 80, was originally established in fiscal year 2004/2005, the developments for this Sub-Area were subsequently re-designated as Sub-Areas 36C, 36D, 36E and 36F; and,
- ❖ Sub-Areas 104, 105, 107, 108, 109, and 111, have been reserved for planned future developments in various stages and have not been annexed to the District at this time.

### **C. MODIFICATIONS (CHANGES) TO THE DISTRICT**

Modifications to the District structure, if any, could include but are not limited to changes or expansion of the existing improvements or services provided; addition of new services; addition of new Sub-Areas; restructuring of the current Sub-Areas; annexation of parcels into the District; or revisions to the method of apportionment.

#### **Modifications to the District Structure**

Based on the District restructuring and protest ballot proceedings conducted in fiscal year 2006/2007, the District structure for fiscal year 2007/2008 was modified to consolidate some of the previous lettered Sub-Area designations within the District since they benefit from the same improvements and have the same approved maximum assessment rates, including:

- ❖ Sub-Areas 42A, 42B, 42C, and 42D have been combined into a single designation: “Zone 06 — Sub-Area 42 (A-D)”;
- ❖ Sub-Areas 45A, 45B, 45C, 45D, and 45E have been combined into a single designation: “Zone 07C — Sub-Area 45 (A-E)”.
- ❖ Sub-Areas 52A, 52B, 52C, 52D, and 52E have been combined into a single designation: “Zone 09 — Sub-Area 52 (A-E)”.

In addition to the Sub-Area consolidations listed above, Sub-Area 91 (not previously assessed) has been identified as one of the Sub-Areas associated with existing improvements and other Sub-Areas within Zone 01 and has therefore been made part of that Zone; Sub-Area 2C has been split into Sub-Area 2C-1 (Tract 1632-6) and 2C-2 (Tract 1632-7) to reflect differences in the special benefits properties within these tracts receive from the improvements provided by the District; and that portion of the original Sub-Area 72A that is being developed as a gated residential subdivision is now designated as 72D to reflect the differences in the special benefits properties within these two neighborhoods receive from the improvements to be provided by the District. None of the District structure changes made for fiscal year 2007/2008 require property owner balloting for a new or increased assessment, and were made solely for the purposes of identifying and tracking the costs and proportional special benefit assessments applicable to various improvements and properties.

A general description of the improvements, Zones and Sub-Areas is provided in the following sections and is summarized in Table III. Maps showing the boundaries of each of the District Sub-Areas and related District improvements are on file in the office of Public Works and by reference are made part of this Report.

#### **D. DISTRICT ZONES AND SUB-AREAS**

In addition to the various Sub-Area designations for the District, there are currently thirteen (13) designated Zones (geographical areas) of the District that comprise one or more of the District's Sub-Areas. While these Zones were established based on similarities in the type and/or location of the improvements that provide special benefits to properties within each of the Sub-Areas (similar improvements and/or services), or they proportionately share in the special benefits provided by one or more of the specific improvement provided within that Zone (shared improvements); some Zone designations currently identify groups of Sub-Areas within the District based solely on their geographical proximity to one another and the budgets and assessments for each Sub-Area are established independent of the other Sub-Areas within the Zone.

##### **Zones**

The following provides a general description of the developments and Sub-Areas that have been established as Zones within the District as well as a general description and classification of the improvements associated with the Zone (both shared and sub-area specific improvements).

**Shared Improvements:** Those improvements identified as "Shared Improvements" include improvements that are proportionately shared by all parcels within a Zone. Generally for most Zones, improvements such as local street lighting and perimeter landscaping are typically associated with each Sub-Area in a Zone, and the cost to provide these improvements are proportionately assessed to all parcels within the Zone. However, not all District Zones have improvements that are identified as "Shared Improvements". Some Zones include Sub-Areas that are grouped together as they are in close proximity to one another and/or they have similar improvements to be

maintained, but the actual cost of maintaining those improvements are budgeted as “Sub-Area Specific Improvements” only.

**Sub-Area Specific Improvements:** Those improvements classified as “Sub-Area Specific Improvements” are considered a special benefit to the parcels within a particular Sub-Area, and the budgeted cost of providing those improvements are proportionately allocated only to the parcels within that Sub-Area.

### **Zone 01**

Zone 01 is comprised of those residential subdivisions and properties generally located on the north side of Union Road and east of North River Road. The Sub-Areas within Zone 01 include:

- Sub-Area 1 — Tract 1581-1 and portion of 1581-2 (Riverglen);
- Sub-Area 4 — Tract 1619 (Golden Hills Development);
- Sub-Area 18 — Tract 1581-2 (Riverglen);
- Sub-Area 47 — Tract 2137-1 (Riverglen);
- Sub-Area 56 — Tract 2137-2 (Morris);
- Sub-Area 58 — Tract 2137-3 (Weyrich);
- Sub-Area 6 — Tract 1463-1 (Sunset Ridge);
- Sub-Area 19 — Tract 1463-2 (Union);
- Sub-Area 55 — Lots 45, 46, 47, 58, 59 of Tract 1463-2 (Mariah);
- Sub-Area 51 — Tract 2259 (Weyrich);
- Sub-Areas 69A, 69B, 69C and 69D — Tracts 2369-1 through 2369-4
- Sub-Area 91 — Tract 2571
- Sub-Area 114 — PR 06-0035
- Sub-Area 115 — Tract 2620

The costs associated with the various improvements within Zone 01 have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While some of the improvements within the Zone are shared proportionately by more than one Sub-Area, other improvements are considered Sub-Area specific and the cost of providing those improvements are assessed to only properties within that specific Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by one or more Sub-Areas within this Zone. Local street lighting and perimeter landscaping on Union Road and North River Road are directly associated with each Sub-Area and are

proportionately budgeted and assessed to all parcels within the Zone, while other shared improvements may be proportionately budgeted and assessed to two or more Sub-Areas depending on the location and nature of the improvement in relationship to the parcels within the Zone.

**Improvements Shared by All Sub-Areas of Zone 01:**

- Local street lighting improvements;
- Irrigated parkway and Slope (Shrubs) on Union Road (Area Behind Sidewalk).
- Irrigated parkway and Slope (Shrubs) at North River Road (Union Road to 200' north);
- Irrigated entryway median island (Shrubs) on Riverglen Drive at Union Road;
- Irrigated parkway (Shrubs) on Riverglen Drive (Union Road to Via Camilla);
- Irrigated parkway (Shrubs) on Skyview Drive (Union Road up to Sub-Area 69);
- Irrigated Entryway/Open Space Area at corner of Riverglen Drive and Union Road;
- Non-irrigated open space area within Sub-Area 1;
- Non-irrigated open space area between Sub-Areas 1 and 58 and adjacent to Sub-Area 18;
- Non-irrigated open space area within Sub-Area 47 and adjacent to Sub-Areas 58 and 56;
- Irrigated open space area on Via Rosa located between 4 and 47; and,
- Non-irrigated open space area North of Sub-Area 69 and 91 and near Sub-Areas 47 and 56.

**Sub-Area Specific Improvements**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 01. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area that receives special benefits from that improvement.

**For Sub-Area 47**

Irrigated parkway (Turf) on Riverglen Drive (Via Camilla to Skyview Dr).

**For Sub-Area 51**

Irrigated parkway and Slope (Shrubs) on Kleck Road (Union Road up to Sub-Area 69; approximately 200 ft North of Windsong Way).

**For Sub-Area 56**

Irrigate parkways (Turf) within Sub-Area 56.

**For Sub-Area 58**

Irrigate parkways (Turf) within Sub-Area 58.

**For Sub-Area 69 (A-D)**

Irrigate parkways (Turf) within Sub-Areas 69 (A-D).

**For Sub-Area 91**

Irrigate parkways (Shrubs) within Sub-Area 91 (As of the date of this report the city had not yet taken over the maintenance of this Sub-Area).

The cost to provide each improvement within Zone 01 is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas limit available funding, the level of service to maintain various shared improvements as well as sub-area specific improvements shall be monitored and modified or adjusted according to the assessment revenues available from the benefiting Sub-Areas

**Zone 02**

Zone 02 is comprised of those residential subdivisions and properties generally located north of Meadowlark Road, east of Oriole Way and west of the City limits. The Sub-Areas within Zone 02 include:

- Sub-Area 2A-1 — Tracts 1632-1 and 1632-2;
- Sub-Area 2A-2 — Tract 1632-3;
- Sub-Area 2A-3 — Tract 1632-4;
- Sub-Area 2B — Tract 1632-5;
- Sub-Area 2C-1 — Tract 1632-6;
- Sub-Area 2C-2 — Tract 1632-7;
- Sub-Area 2D — Tract 1632-8;
- Sub-Area 2E — Tract 1632-9;
- Sub-Area 2F — Tract 1632-10; and,
- Sub-Area 15 — Tract 1832 (Erskine).

The costs associated with the various improvements within Zone 02 have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While some of the improvements within the Zone are shared proportionately by more than one Sub-Area, other improvements are considered Sub-Area specific and

the cost of providing those improvements are assessed to only properties within that specific Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by one or more Sub-Areas within Zone 02. Some improvements are proportionately budgeted and assessed to all parcels within the Zone, while others may be proportionately budgeted and assessed to two or more Sub-Areas depending on the location and nature of the improvement in relationship to the parcels within the Zone.

#### **Improvements Shared by All Sub-Areas of Zone 02:**

- Local street lighting improvements;
- Irrigated parkway and slope (Shrubs) on north side of Meadowlark Road;
- Irrigated parkway (Shrubs) on Oriole Way between Cool Valley Road and Meadowlark Road;
- Irrigated parkway (Shrubs) on Oriole Way between Laurelwood Drive and Larkfield Place;
- Irrigated median entryway (Shrubs) on Laurelwood Drive within Sub-Area 15 (Tract 1832);
- Irrigated parkway (Shrubs) on both sides of Airport Road;
- Irrigated medians (Shrubs) on Airport Road.

### **Sub-Area Specific Improvements**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 02. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area that receives special benefits from that improvement.

#### **For Sub-Area 2A-1**

This Sub-Area was balloted for an assessment increase for fiscal year 2008-2009. Please refer to the Engineer's Report dated May 6, 2008 for further details.

- Detention Basin (Turf) in Tracts 1632-1 and 1632-2 (Sub-Area 2A-1) — This area will receive minimal maintenance and the irrigation has been eliminated;
- Off-Site drainage improvements (Creek area within Zone 03) attributed to Tracts 1632-1 and 1632-2;
- Open space area in Tracts 1632-1 and 1632-2 (Sub-Area 2A-1) — Primarily budgeted as sub-area specific to Sub-Area 2A-1, but because of its location a small percentage of the cost is also shared by Sub-Areas 2A-1, 2A-2, 2B and 2D. This area will receive minimal maintenance and the irrigation has been eliminated.

**For Sub-Area 2A-3**

Internal parkways (Turf) within Tract 1632-4 (Sub-Area 2A-3) — This area will receive minimal maintenance and the irrigation has been eliminated.

**For Sub-Area 2E**

Irrigated internal street parkways (Turf) within Tract 1632-9 (Sub-Area 2E).

**For Sub-Area 2F**

Irrigated internal street parkways (Turf) within Tract 1632-10 (Sub-Area 2F).

**For Sub-Area 15**

Open space area in Tract 1832 (Sub-Area 15) — This area receives minimal maintenance and the irrigation has been eliminated;

Detention basin (Turf) in Tract 1832 (Sub-Area 15) — This area receives minimal maintenance and the irrigation has been eliminated.

The cost to provide each improvement within Zone 02 is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas limit available funding, the level of service to maintain various shared improvements as well as sub-area specific improvements shall be monitored and modified or adjusted according to the assessment revenues available from the benefiting Sub-Areas.

**Zone 03**

Zone 03 is comprised of those residential subdivisions and properties generally located south of Larkfield Place, west of Oriole Way, north of Meadowlark Road and east of Beechwood Drive. This Zone includes the parcels within following developments:

- Sub-Area 20 — PM 91-088 (Grantham), located south of Larkfield Place, west of Oriole Way, north of Ashwood Place, and east of Beechwood Drive;
- Sub-Area 30 — PR 91-089 (Schnied), located directly south of Ashwood Place; and,
- Sub-Area 25 — PR 94-016 (Johnson), located directly north of Ashwood Place.

Each residential parcel within this Zone proportionately benefits from and is assessed for the maintenance and operation of improvements provided within the Zone that were installed in connection with the development of properties within the Zone and/or Sub-Areas.

**Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 03 and the parcels therein.

**Improvements Shared by All Sub-Areas of Zone 03:**

- Local street lighting improvements;
- Non-irrigated drainage creek area/open space adjacent to and within the Sub-Areas — This creek area is directly associated with the detention basin Tracts 1632-1 and 1632-2 of Zone 02, Sub-Area 2A-1 which is also assessed and contributes to the maintenance of this creek area.

**Sub-Area Specific Improvements**

No improvements for Zone 03 have been identified as sub-area specific improvements. All improvements are budgeted and assessed proportionately as shared special benefits.

**Zone 04**

Zone 04 is comprised of those residential subdivisions and properties generally located west of the Salinas River, east of South River Road, north of Charolais Road extension and south of Niblick Road. This Zone includes the parcels within following developments:

- Sub-Area 5 — Tracts 1508-1 and 1508-2 (Riverbank), located on the west side of South River Road, directly east of South River Road;
- Sub-Area 16 — Tract 1508-3 (Phase III of the Riverbank subdivision), located on the north side of Charolais Road extension, east of Creeksand Lane and west of Riverbank Lane; and,
- Sub-Area 27 — Tract 1508-4 (Riverbank), located along the north side of Charolais Road extension, south of Bridgegate Lane and west of Riverbank Lane.

Each residential parcel within this Zone proportionately benefits from and is assessed for the maintenance and operation of improvements provided within the Zone that were installed in connection with the development of properties within the Zone and/or Sub-Areas.

**Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 04 and the parcels therein.

**Improvements Shared by All Sub-Areas of the Zone:**

- Local street lighting improvements within the Zone;
- Irrigated parkway (Shrubs) on west side of South River Road the length of the Zone;
- Irrigated Entry Islands (Shrubs) at Bridgegate Lane and Riverbank Lane;
- Irrigated parkway (Shrubs) on west side of Riverbank Lane adjacent to the open space;

- Irrigated portion of Larry More Park including restrooms;
- Irrigated Slope/Trail/Bike and Pedestrian Path (Shrubs) behind lots 112-120 (Summer Creek Lane);
- Non-irrigated Open Space Areas surrounding Larry More Park.

The cost to provide each of the improvements within the Zone is proportionately allocated to each parcel within the Zone. Because the available revenues at the approved maximum assessment rates for these Sub-Areas limit available funding, the level of service to maintain various improvements has been modified to a level of service that is consistent with the assessment revenues available. Priority has been given to funding the street lighting and irrigation of the landscaped areas, but the level of maintenance will be less than full services.

#### **Sub-Area Specific Improvements:**

No improvements for Zone 04 have been identified as sub-area specific improvements. All improvements are budgeted and assessed proportionately as shared special benefits.

#### **Zone 05**

Zone 05 is comprised of those residential subdivisions and properties generally located east of the Salinas River, north of State Highway 46 and west of Buena Vista Drive. The Sub-Areas within Zone 05 include:

- Sub-Area36A — Tract 1895-1 (River Oaks - Stonebrook);
- Sub-Area36B — Tract 1895-2 (River Oaks - VY/VV Estates);
- Sub-Area36C — Tract 2376 (River Oaks – Wedgewood, Lots 95-132 and Exempt Lot 146);
- Sub-Area 36D — Tract 2376 (River Oaks - Cottage/Classics, Lots 1-90; Lots 133-144 and Exempt Lots 91-94, 145 and 147);
- Sub-Area 36E — Tract 2457-2 (River Oaks – Traditions, Lots 1-77 and Exempt Lots 78 and 79);
- Sub-Area 36F — Tract 2457-3 (River Oaks Community, Lots 63 through 86, 154 through 184, and 196 through 205); and,
- Sub-Area 36G — Tract 2457-4(River Oaks Community, Lots 1 through 62, and 206 through 210).

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While each Sub-Area shares some improvements within the Zone proportionately, other improvements are considered sub-area specific improvements that are assessed to only properties within that specific Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by Sub-Areas within Zone 05.

#### **Improvements Shared by All Sub-Areas of the Zone:**

- Local street lighting improvements;
- Irrigated parkways on west side of Buena Vista Drive;
- Irrigated medians on Buena Vista Dr;
- Irrigated parkways on both side of River Oaks Drive;
- Irrigated medians on River Oaks Dr;
- Irrigated parkways on Experimental Station Road;
- Irrigated Open Space and Entryway on River Oaks Drive at Buena Vista Drive; and,
- Pedestrian Paths throughout the Zone.

#### **Sub-Area Specific Improvements:**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 05. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area that receives special benefits from that improvement.

##### **For Sub-Area 36A**

Irrigated parkways (Turf) within Tract 1895-1, Stonebrook Circle.

##### **For Sub-Area 36B**

Irrigated parkways (Turf) within Tract 1895-2, Vineyard Circle.

##### **For Sub-Area 36C**

Irrigated parkways (Turf) within Tract 2376, Lenox Court, Wedgewood Drive, Waterford Court.

##### **For Sub-Area 36E**

Irrigated parkways (Turf) within Tract 2457-2.

##### **For Sub-Area 36F**

Irrigated parkways (Turf) within Tract 2457-3.

##### **For Sub-Area 36G**

Irrigated parkways (Turf) within Tract 2457-4.

The cost to provide each improvement within the Zone is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas

limit available funding, the level of service to maintain various sub-area specific improvements have been modified to be consistent with the assessment revenues available from the benefiting Sub-Areas.

### **Zone 06**

Zone 06 is comprised of those residential subdivisions and properties generally located on the north and south side of Stoney Creek Drive, east of Creston Road, west of Beechwood Drive and south of Myrtlewood Drive. This Zone includes the parcels within following developments:

- Sub-Area 42 (A-D) — Tracts 2214-1 through 2214-4 (Orradre);

Each residential parcel within this Zone proportionately benefits from and is assessed for the maintenance and operation of improvements provided within the Zone that were installed in connection with the development of properties within the Zone and/or Sub-Areas.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 06 and the parcels therein.

### **Improvements Shared by All Sub-Areas of Zone 06:**

- Local street lighting improvements.

### **Sub-Area Specific Improvements:**

No improvements for Zone 06 have been identified as sub-area specific improvements. All improvements are budgeted and assessed proportionately as shared special benefits.

### **Zone 07**

Zone 07 is comprised of those residential subdivisions and properties generally located south of Kenton Court, north of Charolais Road and east of South River Road. This Zone includes the parcels within following developments:

- Sub-Area 45 (A-E) — Tracts 1771-1 through 1771-6 (Burke-Ellsworth), located on the north side of Charolais Road and east of South River Road. This Sub-Area is also designated as “Sub-Zone A” of Zone 07;
- Sub-Area 21 — Tracts 1754-1 and 1754-2, located along the north side of Charolais Road, west of Creston Road. This Sub-Area is also designated as “Sub-Zone B” of Zone 07;
- Sub-Area 63 — Tract 2351, located along the north side of Charolais Road, west of Creston Road. This Sub-Area is also designated as “Sub-Zone C” of Zone 07.

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their

proportional special benefit from each of the various improvements provided within the Zone. While some of the improvements within the Zone are shared proportionately by all Sub-Areas, other improvements are considered Sub-Area specific and the cost of providing those improvements are assessed to only properties within that specific Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 07.

#### **Improvements Shared by All Sub-Areas of Zone 07:**

- Local street lighting improvements;
- Irrigated parkway/slope adjacent to Sub-Area 45 on north side of Charolais Road;
- Irrigated parkway/slope adjacent to Sub-Area 21 on north side of Charolais Road;
- Irrigated parkway/slope adjacent to Sub-Area 63 on north side of Charolais Road;
- Non-irrigated open space area adjacent to Sub-Area 45;
- Non-irrigated open space area adjacent to Sub-Area 21;
- Non-irrigated open space area adjacent to Sub-Area 63.

#### **Sub-Area Specific Improvements:**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 07. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area that receives special benefits from that improvement.

##### **For Sub-Area 21**

Non-irrigated Pedestrian/Bike Path within Sub-Area 21.

##### **For Sub-Area 45**

- Irrigated entryway island for Tracts 1771-1 through 1771-6;
- Irrigated Interior parkways (Shrubs) within Tracts 1771-1 through 1771-6;
- Non-irrigated Pedestrian/Bike Path within Sub-Area 45.

##### **For Sub-Area 63**

Irrigated entryway island (Creston Road) for Tract 2351.

The cost to provide each improvement within this Zone is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas may limit available funding, the level of service to maintain various shared

improvements as well as sub-area specific improvements shall be monitored and modified or adjusted according to the assessment revenues available from the benefiting Sub-Areas.

### **Zone 08**

Zone 08 is comprised of those residential subdivisions and properties generally located east of South River Road and North of Charolais Road. This Zone includes the parcels within following developments:

- Sub-Area 29 — PR 95-013; and,
- Sub-Area 31 — PR 94-128 (French).

Each residential parcel within this Zone proportionately benefits from and is assessed for the maintenance and operation of improvements provided within the Zone that were installed in connection with the development of properties within the Zone and/or Sub-Areas.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 08 and the parcels therein.

### **Improvements Shared by All Sub-Areas of the Zone 08:**

- Local street lighting improvements;

### **Sub-Area Specific Improvements**

No improvements for Zone 08 have been identified as sub-area specific improvements. All Zone improvements are budgeted and assessed as proportionately shared special benefits

### **Zone 09**

Zone 09 is comprised of those residential subdivisions and properties generally located near Creston Road, east of Golden Hill Road. This Zone includes the parcels within following developments:

- Sub-Area 52 (A-E) — Tracts 2281-1 through 2281-5 (Shadow Canyon).

Each residential parcel within this Zone proportionately benefits from and is assessed for the maintenance and operation of improvements provided within the Zone that were installed in connection with the development of properties within the Zone and/or Sub-Areas.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 09 and the parcels therein.

**Improvements Shared by All Sub-Areas of Zone 09:**

- Local street lighting improvements;
- Irrigated perimeter parkway/slope on Golden Hills Road adjacent to Tract 2281-1;
- Irrigated parkway/slope on Grand Canyon Drive adjacent to Tract 2281-1 and Tract 2281-4;
- Irrigated parkway/slope on Red River Road adjacent to Tract 2281-2;
- Irrigated parkways (Turf) on all residential streets within Sub-Area 52;
- Irrigated open space/detention basin area within Tract 2281-1.

**Sub-Area Specific Improvements**

No improvements for Zone 09 have been identified as sub-area specific improvements. All Zone improvements are budgeted and assessed as proportionately shared special benefits.

**Zone 10**

Zone 10 is comprised of those residential subdivisions and properties generally located along Golden Hill Road and Rolling Hills Road, south of Union Road. The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area based on their proportional special benefit from the specific improvements to be maintained by the District and associated with that Sub-Area. The Sub-Areas within Zone 10 include:

- Sub-Area 13 — Tract 1886 (Summit Hills), located west of Golden Hill Road and south of Union Road;
- Sub-Area 67 — Tract 2373, located southeast of Union Road and along the west side of Golden Hill Road;
- Sub-Area 40 — Parcel Map PR 93-087 (Gilead Lane), located along the east side of Golden Hill Road and the south side of Gilead Lane; and
- Sub-Areas 72A, 72B, 72C, and 72D — Tract 2350, located along the east side of Rolling Hills Road and the west side of Golden Hill Road.

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While this Zone includes several different Sub-Areas that have frontage along Golden Hill Road and/or Rolling Hills Road, the improvements for each Sub-Area are currently budgeted and assessed to each Sub-Area independent of the other Sub-Areas. The improvements associated with Sub-Areas 13, 40 and 67 are budgeted and assessed as sub-area specific improvements for each respective Sub-Area. For those Sub-Areas that comprise Sub-Area 72 (Sub-Areas 72A, 72B, 72C, and 72D) many of the improvements are shared improvements, with the costs being proportionately

budgeted and assessed to all parcels within Sub-Areas 72A, 72B, 72C, and 72D. In addition to these shared improvements, Sub-Areas 72A, 72B and 72C have internal landscape improvements that are budgeted and assessed to only those Sub-Areas.

### **Shared Improvements Sub-Areas 72A, 72B, 72C, and 72D**

Several of the District improvements within Sub-Area 72 are proportionately shared by each of the underlying Sub-Areas (Sub-Areas 72A, 72B, 72C, and 72D). Generally, these shared improvements include local street lighting and the perimeter landscaped areas on Golden Hill Road and Rolling Hills Road that surround or are adjacent to these developments. These improvements are proportionately budgeted and assessed to all parcels within Sub-Area 72, while other landscaped improvements within the Sub-Area are budgeted and assessed as sub-area specific improvements.

The other Sub-Areas within Zone 10 share none of the improvements associated with Sub-Area 72, and the parcels within Sub-Area 72 do not share the improvements associated with the other Sub-Areas. The following is a list of improvements that are proportionately shared by the parcel within Sub-Area 72:

#### **Improvements Shared by Two or More Sub-Areas:**

- Local street lighting improvements within Sub-Area 72
- Irrigated perimeter parkway/slope on Rolling Hills Road adjacent to Sub-Area 72;
- Irrigated perimeter street parkway/slope on Golden Hill Road adjacent to Sub-Area 72;
- Irrigated open space areas within and surrounding all of Sub-Area 72;
- Irrigated open space/detention basin within Sub-Area 72 at Golden Hill Road and Rolling Hills Road.

#### **Sub-Area Specific Improvements**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 10. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area or Sub-Area sub-set (lettered sub-areas).

##### **For Sub-Area 72:**

- Irrigated internal parkways (Turf) within Sub-Area 72A;
- Irrigated internal parkways (Turf) within Sub-Area 72B;
- Irrigated internal parkways (Turf) within Sub-Area 72C;
- Removal and replacement of Acacia (destroyed due to frost in 2007/2008) within Sub-Area 72A, 72B, 72C and 72D.

##### **For Sub-Area 13:**

- Local street lighting improvements within Sub-Area 13;

- Irrigated perimeter parkway/slope (Shrubs) on Golden Hill Road and Rolling Hills Road adjacent to Sub-Area 13;
- Irrigated entryway median islands (Shrubs) on Summit Drive (2 locations) within Sub-Area 13;
- Irrigated open space/detention basin for Sub-Area 13, adjacent to the perimeter landscaped area at Golden Hill Road and Rolling Hills Road;
- Non-irrigated slope/drainage easement on the backside of Sub-Area 13.

**For Sub-Area 40:**

- Local street lighting improvements within Sub-Area 40;
- Irrigated perimeter parkway/slope (Shrubs) on Golden Hill Road adjacent to Sub-Area 40;
- Internal parkways (Shrubs) within Sub-Area 40 (Gilead Lane).

**For Sub-Area 67:**

- Local street lighting improvements within Sub-Area 67;
- Irrigated perimeter street parkway on Golden Hill Road adjacent to Sub-Area 67;
- Irrigated perimeter parkway/slope (Shrubs) on Union Road adjacent to Sub-Area 67;
- Irrigated internal parkways (Shrubs) within Sub-Area 67 (Crown Way and Almendra Court);
- Irrigated open space/detention basin within Sub-Area 67.

The cost to provide each improvement within the Zone is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas limit available funding, the level of service to maintain specific improvements shall be monitored and modified or adjusted according to the assessment revenues available from the benefiting Sub-Area or Sub-Areas.

**Zone 11**

Zone 11 is comprised of those residential subdivisions and properties generally located south of State Highway 46 and north of Union Road. This Zone includes the parcels within following developments:

- Sub-Area 32 — Tract 2223-1 (Bella Vista), generally located along Mesa Road between Apion Court and west of Signora Rose Court, and the west side of Arciero Court between Mesa Road and Bella Vista Court;
- Sub-Area 38 — PR 98-008 (Arciero), generally located south of Mesa Road, north of Patria Court, between Arciero Court and Prospect Avenue;

- Sub-Area 39 — PR 98-009 (Arciero), located south of Bella Vista Court and generally north of Terrabella Court between Arciero Court and Prospect Avenue;
- Sub-Area 48 — Tract 2284 (Harris), generally located south of Patria Court, north of Bella Vista Court, between Arciero Court and Prospect Avenue;
- Sub-Area 57 — Tract 2223-2 (Bella Vista), generally located along Bella Vista Court south and west of Sub-Area 32, and north of Sub-Area 76B;
- Sub-Area 75 — Tract 2296, located on the west side of Prospect Avenue, south of State Highway 46 and north of Mesa Road;
- Sub-Areas 76A — Tract 2430, located east of Arciero Court and south of Sub-Area 39 and includes both sides of Terrabella Ct; and,
- Sub-Area 76B — Tract 2431, located south of Bella Vista Court and west of Arciero Court.

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While all Sub-Areas within the Zone share some of the improvements within the Zone proportionately, the majority of the parkway landscaping within the Zone is considered a sub-area specific improvement and the cost of providing those specific landscape improvements are assessed to only properties within each respective Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by the Sub-Areas within Zone 11.

#### **Improvements Shared by All Sub-Areas of Zone 11:**

- Local street lighting improvements;
- Highway 46 parkways/slopes located on the perimeter of the Zone adjacent to Sub-Areas 32 and 75;
- Irrigated entryway landscaping to the Zone on Prospect Avenue adjacent to Sub-Area 75;
- Irrigated open space/detention basin along Highway 46 between Sub-Area 32 and Sub-Area 75;
- Irrigated open space/detention basin on Arciero Court within Sub-Area 48;
- Irrigated and non-irrigated portions of the open space/detention basin on Bella Vista Court within Sub-Area 57;

- Irrigated and non-irrigated portions of the open space/detention basin south of Bella Vista Court within Sub-Area 76B.

### **Sub-Area Specific Improvements**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 11. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within the Sub-Area that are directly associated with that improvement.

#### **For Sub-Area 32**

Local street lighting improvements within Sub-Area 32.

#### **For Sub-Area 38**

Local street lighting improvements within Sub-Area 38.

#### **For Sub-Area 39**

Local street lighting improvements within Sub-Area 39.

#### **For Sub-Area 48**

Local street lighting improvements within Sub-Area 48.

#### **For Sub-Area 57**

Irrigated front-yard parkways (Shrub) on the streets within Sub-Area 57.

#### **For Sub-Area 75**

Irrigated front-yard parkways (Shrub) on the streets within Sub-Area 75.

#### **For Sub-Area 76A**

Irrigated front-yard parkways (Turf) on the streets within Sub-Area 76A.

#### **For Sub-Area 76B**

Irrigated front-yard parkways (Turf) on the streets within Sub-Area 76B.

Since the available revenues at the approved maximum assessment rates in some Sub-Areas limit available funding, the level of service to maintain various improvements within Zone 11 has been modified to a level of service that can be supported by the assessment revenues available from each respective Sub-Area.

### **Zone 12**

Zone 12 is comprised of those residential subdivisions and properties generally located south of Zone 06, between Creston Road and Beechwood Drive. The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area based on their proportional special benefit from the specific improvements to be maintained by the District and associated with that Sub-Area. The Sub-zones within Zone 12 include:

- Sub-Area 3 — Tract 1457, located east of Creston Road and north of Meadowlark;
- Sub-Area 54 — Tract 1983 (Koval), located south of Meadowlark, east of Creston Road and north of Silver Oak Drive;
- Sub-Area 70A — Tract 2254-1, located northeast of Charolais Road, west of Beechwood Drive and south of Meadowlark;
- Sub-Area 70B — Tract 2254-2, located northeast of Charolais Road, west of Beechwood Drive and south of Meadowlark;
- Sub-Area 70C — Tract 2254-3, located northeast of Charolais Road, west of Beechwood Drive and south of Meadowlark; and
- Sub-Area 89 — Tract 2391, located along the west side of Beechwood Drive and northeast of Charolais Road.

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While this Zone includes several different Sub-Areas that have frontage along Charolais Road and/or Beechwood Drive, the improvements associated with Sub-Areas 3 and 54 are budgeted and assessed as sub-area specific improvements for each respective Sub-Area including the landscape improvements along Charolais Road. For those Sub-Areas that comprise Sub-Area 70 (Sub-Areas 70A, 70B, and 70C) and Sub-Area 89, the perimeter landscaping surrounding these developments are considered shared improvements, with the cost of these shared improvements being proportionately budgeted and assessed to the parcels within each of these Sub-Areas. In addition to these shared improvements, each Sub-Area has street lighting and landscape improvements that are budgeted and assessed to each respective Sub-Area.

### **Shared Improvements**

The perimeter landscaping associated with Sub-Areas 70A, 70B, 70C and 89 are proportionately shared by each of these Sub-Areas. The following is a list of improvements that are proportionately shared by two or more Sub-Areas within Zone 12:

- Irrigated perimeter parkway/slope on Creston Road adjacent to Sub-Area 70;
- Irrigated parkway/slope on Beechwood Drive adjacent to Sub-Area 70 and Sub-Area 89.

### **Sub-Area Specific Improvements**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 12. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within each respective Sub-Area or Sub-Area sub-set (lettered sub-areas).

**For Sub-Area 3:**

- Local street lighting improvements within the Sub-Area 3;
- Irrigated perimeter parkway/slope on Creston Rd adjacent to Sub-Area 3;
- Non-irrigated creek area within Sub-Area 3.

**For Sub-Area 54:**

- Local street lighting improvements within the Sub-Area 54;
- Irrigated perimeter parkway/slope on Creston Rd adjacent to Sub-Area 54;
- Irrigated detention basin within Sub-Area 54.

**For Sub-Area 70 (A-C):**

- Local street lighting improvements within the Sub-Areas 70A, 70B, and 70C — Proportionately budgeted to each Sub-Area (70 A-C);
- Irrigated internal (Turf) parkways within Sub-Area 70A, 70B and 70 C;
- Irrigated open space areas within Sub-Area 70.

**For Sub-Area 89:**

- Local street lighting improvements within the Sub-Area 89;
- Irrigated internal (Turf) parkways within Sub-Area 89;
- Irrigated median island entryway for Sub-Area 89.

The cost to provide each improvement within the Zone is proportionately allocated to those parcels that receive special benefits from that improvement. Because the available revenues at the approved maximum assessment rates in some Sub-Areas limit available funding, the level of service to maintain specific improvements shall be monitored and modified or adjusted according to the assessment revenues available from the benefiting Sub-Area or Sub-Areas.

**Zone 13**

Zone 13 is comprised of those commercial developments generally located east of the Salinas River near South River Road and Niblick Road. The Sub-Areas within Zone 13 include:

- Sub-Area 7 — Woodland Plaza I, which is located on the north side of Niblick Road and west side of South River Road. This Sub-Area is also designated as part “Sub-Zone A” of Zone 13;
- Sub-Area 22 — PR 91-095 (Woodland Plaza II), located along the west side of South River Road and the south side of Niblick Road. This Sub-Area is also designated as part “Sub-Zone B” of Zone 13;

Properties within “Sub-zone A” and “Sub-zone B” are proportionately assessed for only the improvements that benefit the entire Zone.

- Sub-Area 46 — PR 98-038 (Woodland Plaza III), located along the north side of Oak Hill Road and the east side of South River Road. This Sub-Area is also designated as “Sub-Zone C” of Zone 13;

Properties within “Sub-zone C” are proportionately assessed for the improvements that benefit the entire Zone, but also have sub-area specific improvements.

The costs associated with the various improvements within the Zone have been budgeted and apportioned to each Sub-Area and the parcels therein, based on their proportional special benefit from each of the various improvements provided within the Zone. While some of the improvements within the Zone are shared proportionately by all Sub-Areas within the Zone, other improvements are considered sub-area specific improvements, the cost of which are assessed to only properties within that specific Sub-Area.

### **Shared Improvements**

The following is a list of improvements that are proportionately shared by all Sub-Areas within Zone 13.

#### **Improvements Shared by All Sub-Areas of Zone 13:**

- Local street lighting improvements;
- Irrigated Median on South River Road, north of Niblick Road and adjacent to Sub-Area 7;
- Irrigated Median on Niblick Road, west of South River Road and located between Sub-Area 7 and Sub-Area 22;
- Irrigated parkway on the east side of South River Road, south of Niblick Road to Oak Hill Road between Sub-Area 22 and Sub-Area 46;
- Irrigate parkways on south side of Niblick Road, between South River Road and Old South River Road, adjacent to Sub-Area 46.

#### **Sub-Area Specific Improvements:**

The following is a list of improvements that provide special benefits to specific Sub-Areas within Zone 13. The cost of providing these improvements are budgeted and proportionately assessed to only the parcels within Sub-Area 46.

##### **For Sub-Area 46**

- Irrigate parkways on Niblick Road east of Old South River Road;
- (1) Irrigated parkway on north side of Oak Hill Road, east of South River Road up to the start of Sub-Area 73 and Sub-Area 86 (within Sub-Area 46);

- Irrigated slope on the east side of Sub-Area 46 north of Oak Hill Road (located between Sub-Area 46 and Sub-Area 73).

### **Sub-Areas**

The following provides a general description of the improvements and developments (Sub-Areas) that are considered stand-alone Sub-Areas (not part of a Zone) for which the improvements and corresponding budgets are currently identified as “Sub-Area Specific Improvements”. Only the parcels within each respective Sub-Area receive special benefits from the improvements associated with that Sub-Area and each parcel therein is proportionately assessed for the net cost of those improvements.

#### **Sub-Area 8:**

Includes parcels within Tract 1630 (Trent), located north of Nannette Drive and bisected horizontally by Andrea Circle. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated open space areas and walkways associated with Tract 1630.

#### **Sub-Area 9:**

Includes parcels within Tract 1942, located west of Creston Road and north of Niblick Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated perimeter landscaping along Niblick Road and Creston Road associated with Tract 1942.

#### **Sub-Area 10:**

Includes parcels within Tract 2036 (Granary), located west of Riverside Avenue and south of 12th Street. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

#### **Sub-Area 11:**

Includes parcels within Tract 1723 and encompasses Fallbrook Court. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and for maintenance of the non-irrigated creek area associated with Tract 1723.

#### **Sub-Area 12:**

Includes parcels within Tract 2070 (Alder Creek Condos), located south of Niblick Road and bisected by Nicklaus Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

#### **Sub-Area 14:**

Includes parcels within the area known as the Williams Brothers Shopping Center (Vons), located north of Creston Road and east of Rolling Hills Road. Parcels within this Sub-Area receive special benefit and are assessed for street lighting. (The

landscape improvements and maintenance have been taken over by the property owners).

**Sub-Area 23:**

Includes parcels within the PR 93-085 (Tarr), located north of Dry Creek Road and encompassing Aerotech Center Way. Parcels within this Sub-Area receive special benefit and are assessed for street lighting only.

**Sub-Area 28:**

Includes parcels within Tract 1718 (Rainbow Court), located south of Rose Lane and encompassing Rainbow Court. Parcels within this Sub-Area receive special benefit and are assessed for street lighting only.

**Sub-Area 33:**

Includes parcels within PR 97-167, located south of Highway 46 East and north of Union Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and weed abatement of the detention basin and non-irrigated open space area associated with PR 97-167.

**Sub-Area 34:**

Includes parcels within PD 95-009 (Target Center), located south of Gahan Place and west of Theatre Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 35:**

Includes parcels within CUP 95-018, within the area known as Creston Village, located west of Creston Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 37:**

Includes parcels within Tract 2269 (Oakwood Orchard), located encompassing Danley Court and portions of Wisteria Lane and of Germaine Way. Sub-Area also includes parcels within Tract 2778 Phase II, located on the eastern end of Wisteria Lane. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkways and slopes (shrubs) on Golden Hill Road and interior parkways (shrubs) associated with Tract 2269.

**Sub-Area 41:**

Includes parcels within PR 97-138 (Pippen), located south of 24th Street. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and for maintenance of the Irrigated perimeter parkway/slope (Shrubs) on Navajo Avenue and the non-Irrigated drainage creek area and non-irrigated open space area associated with PR 97-138.

**Sub-Area 43:**

Includes parcels within Tract 1951, located south of Sewer Access Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 44:**

Includes parcels within Tract 2186 (Viborg), located southeast of Navaho Avenue and encompassing Mohawk Court. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting, and maintenance of the irrigated parkways and slopes (shrubs) on Navajo Avenue, irrigated entryway parkway/slope (Shrubs) on Mohawk Court and maintenance of the irrigated open space areas within Tract 2186.

**Sub-Area 49:**

Includes parcels within Tract 2276 (Bonita Homes), located east of Fontana Road and west of Airport Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated perimeter parkways and median islands (Shrubs) on Airport Road, irrigated entryway median (Shrubs) on Turtle Creek Road, irrigated internal parkways (Turf), irrigated open space/detention basin areas and non-Irrigated open space areas associated with Tract 2276.

**Sub-Area 50:**

Includes parcels within Tract 2311 (Serenade), located east of South River Road including the open space areas. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the non-irrigated open space areas associated with Tract 2311.

**Sub-Area 53:**

Includes parcels within PR 91-045 (Larson), located south of Ashwood Place. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 59:**

Includes parcels within Tract 2352 (Casa Blanca Court), located north of 24th Street and west of Vine Street. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated perimeter parkway (Shrubs) on 24th St and irrigated internal parkways (Shrubs) associated with Tract 2352.

**Sub-Area 60:**

Includes parcels within Tract 2071, located west of Pacific Avenue. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 61:**

Includes parcels with Tract 2005 (Dallons Drive), located encompassing a portion of Dallons Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 62:**

Includes parcels within PR 01-007 (Golden Hill), located east of Golden Hill Road. Parcels with this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 64:**

Includes parcels within PR 01-186, located east of Prospect Avenue and north of Union Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and for maintenance of the irrigated perimeter parkway (Turf) on Prospect Avenue and irrigated perimeter parkway (Turf) on Union Road associated with PR 01-186.

**Sub-Area 66:**

Includes parcels within PD 00-029, located west of Ramada Drive near US Highway 101. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 68:**

Includes parcels within PD 01-003, located south of Highway 46 and north of Gahan Place. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkway/slope (Turf) on Alexa Court and irrigated parkway/slope (Shrubs) on Theater Drive associated with PD 01-003.

**Sub-Area 71:**

Includes parcels within PR 01-263, located south of Sherwood Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 73:**

Includes parcels within PD 02-001, located north of Oak Hill Road and west of Nicklaus Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkway (Shrubs) on Oak Hill Rd leading up to Sub-Area 73, the irrigated parkway (Shrubs) on Nickolaus Road adjacent to and associated with PD 02-001.

**Sub-Area 74:**

Includes parcels within Tract 2411, located west of Vine Street. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkway (Turf) on Vine Street associated with Tract 2411.

**Sub-Area 77:**

Includes parcels within Tract 2404, located north of Nicklaus Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 78:**

Includes parcels within PR 01-141, located west of Wade Drive. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 79:**

Includes parcels within PR 01-266, located east of Golden Hills Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 81:**

Includes parcels within Tract 2472, located northeast of Creston Road. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated perimeter parkway (Turf) on Creston Road associated with Tract 2472.

**Sub-Area 82:**

Includes parcels within Tract 2477, located north of Creston Road. Parcels within this Sub-Area are not currently assessed for District improvements.

**Sub-Area 83:**

Includes parcels within PR 97-226. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting.

**Sub-Area 84:**

Includes parcels within PR 97-227. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting.

**Sub-Area 85:**

Includes parcels within PD 02-018. Parcels within this Sub-Area are not currently assessed for District improvements.

**Sub-Area 86:**

Includes parcels within PD 98-016. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkway (Shrubs) on Oak Hill Rd leading up to Sub-Area 86, the irrigated parkway (Shrubs) on Nickolaus Road adjacent to and associated with PD 98-016.

**Sub-Area 87:**

Includes parcels within PR 01-102. Parcels within this Sub-Area are not currently assessed for District improvements.

**Sub-Area 88:**

Includes parcels within Tract 2422, located north of 28th Street. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated perimeter parkway (Shrubs) on South River Road, irrigated internal parkways (Turf) on Navajo Avenue & Vista Del Rio Court, and non-irrigated open space areas associated with Tract 2422.

**Sub-Area 92:**

Includes parcels within PD 02-017. Parcels within this Sub-Area are currently assessed for the maintenance and operation of the street lighting improvements installed in connection with this development. Any landscape improvements associated with the development will not be maintained by the District, but may be included in subsequent fiscal years.

**Sub-Area 93:**

Includes parcels within PR 04-053. Parcels within this Sub-Area are currently assessed for street lighting and maintenance of the irrigated parkway (Shrubs) and block wall on north side of Larkfield Place directly across from the development.

**Sub-Area 94:**

Includes parcels within PD 02-003 (East Village). Parcels within this Sub-Area are currently assessed for the maintenance and operation of the street lighting improvements installed in connection with this development. Any landscape improvements associated with the development will not be maintained by the District, but may be included in subsequent fiscal years.

**Sub-Area 95:**

Includes parcels within PD 95-009 (Theater Drive — Petco). Parcels within this Sub-Area are currently assessed for the maintenance and operation of the street lighting improvements installed in connection with this development. Any landscape improvements associated with the development will not be maintained by the District, but may be included in subsequent fiscal years.

**Sub-Area 96:**

Includes parcels within PD 02-008 (Jiffy Lube). Parcels within this Sub-Area are currently assessed for the maintenance and operation of the street lighting improvements installed in connection with this development. Any landscape improvements associated with the development will not be maintained by the District, but may be included in subsequent fiscal years.

**Sub-Area 97:**

Includes parcels within PR 00-076. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 98:**

Includes parcels within Tract 2593. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated internal parkways (Shrubs) within the subdivision including Red Cloud Road and Navajo Avenue.

**Sub-Area 99:**

Includes parcels within Tract 2521. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 100:**

Includes parcels within PR 03-222. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting only.

**Sub-Area 101:**

Includes parcels within Tract 2611-1. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated internal parkways (both Turf & Shrubs) on Brahama Street and Kenton Court, irrigated and non-irrigated portions of open space/detention basin associated with Tract 2611-1. The City anticipates maintenance of the improvements associated with this development to begin in February 2007, and the Sub-Area was assessed for the first time in fiscal year 2009/2010.

**Sub-Area 102:**

Includes parcels within Tract 2676. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkways (Shrubs) on Oak Grove Court and Navajo Avenue. The Sub-Area was assessed for the first time in fiscal year 2009/2010.

**Sub-Area 103:**

Includes parcels within Tract 2594. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the landscaped areas associated with the development.

**Sub-Area 106:**

Includes parcels within Tract 2529. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the landscaped areas associated with the development.

**Sub-Area 110:**

Includes parcels within Tract 2775. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated parkways on Maple Street and behind the sidewalk and Maplewood Court (both turf & shrubs).

**Sub-Area 112:**

Includes parcels within Tract 2609. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the irrigated internal parkways on Cool Valley Road, irrigated perimeter parkway (Shrubs) on Meadowlark Road and Oriole Way, and irrigated open space detention basin areas within the subdivision.

**Sub-Area 116:**

Includes parcels within Tract 2782. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the landscaped areas associated with the development.

**Sub-Area 117:**

Includes parcels within Tract 2772-1, Tract 2772-2 and Parcel Map PR 07-0294 (Airport Road Business Park). Parcels within this Sub-Area receive special benefit and are assessed for local street lighting and maintenance of the landscaped areas associated with the development. This Sub-Area was initially annexed as SA 116 in FY 2009/2010. However since the "116" designation was already used to annex Tract 2782 into the district in FY 2008/2009 this Sub-Area designation is changing to SA 117.

**Sub-Area 118:**

Includes parcels within Tract 3016. Parcels within this Sub-Area receive special benefit and are assessed for local street lighting associated with the development.

***Funding Note***

The available funding to maintain various improvements within a Zone or Sub-Area is sometimes limited by the assessment revenues that can be allocated to that particular improvement or Sub-Area due to the approved maximum assessment rates of the Sub-Areas associated with that improvement. While it is the City's desire to provide full service maintenance throughout the District, the current maximum assessment rates for some Sub-Areas requires that the level of maintenance and operation of the improvement be reduced, based on available assessment revenues. Unfortunately, the funding necessary to fully maintain a particular improvement that provides a special benefit to more than a single Sub-Area is often limited by the Sub-Area that has the lowest maximum assessment rate (revenue generating capability). While another Sub-Area's maximum assessment rate may be more than sufficient to proportionately support full maintenance of a particular improvement, it is neither reasonable nor equitable for that Sub-Area to be assessed a disproportionate amount of the

maintenance costs of that shared improvement simply because another benefiting Sub-Area has not approved an assessment that would support full service.

Those improvements identified as shared improvements, are given priority in the allocation of available assessment revenues from each of the Sub-Areas, with street lighting being given the highest priority. Sub-Area specific improvements have the least priority, and the level of service provided for those improvements directly depend on the Sub-Areas available revenues after their proportionate allocation of the Zones' shared improvements has been budgeted.

### Overview of the Zones and Sub-Areas

The following table (Table III) provides an overview of the Sub-Areas and the associated Zone designations as applicable for the District.

**TABLE III**  
DISTRICT ZONES AND SUB AREAS FISCAL YEAR 2014/2015

Benefit Zone Designation		Subdivision	Description	Total	Taxable	Benefit
Zone	Sub Area			Parcels	Parcels	Units
Zone 01	Sub Area 1	Tract 1581-1, 2	Riverglen	65	65	65.00
Zone 01	Sub Area 4	Tract 1619	Union	59	59	59.00

### **III. METHOD OF APPORTIONMENT**

---

#### **A. GENERAL**

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in each applicable Zone or Sub-Area of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

#### **B. BENEFIT ANALYSIS**

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified and allocated based on special benefit pursuant to the provisions of the Constitution and 1972 Act. The improvements associated with each Zone and Sub-Area of the District have been identified as necessary, required and/or desired for the orderly development of the properties within the District to their full potential, consistent with the proposed development plans and applicable portions of the City General Plan. As such, these improvements would be necessary and required of individual property owners for the development of such properties, and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within the District receives special benefit from various improvements provided by the District. The desirability and security of properties is enhanced by the presence of local improvements in close proximity to those properties.

The special benefits associated with landscaped improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.

- Environmental enhancement through improved erosion resistance, dust and debris control.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits associated with street lighting are specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on roads and streets.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal act and damage to improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

Based on the preceding special benefits, it has been determined that the improvements provided by the District and for which parcels are assessed, contribute to the safety, security, aesthetic value and desirability of those properties. It has further been determined that these improvements, either individually or collectively are provided for the special benefit and enhancement of properties within the District and provide no measurable general benefit to properties outside the District or to the public at large.

### **C. ASSESSMENT METHODOLOGY**

The benefit formula used within each Zone and/or Sub-Area of the District may vary, but reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on the special benefits to each assessable parcel. It has been previously determined that dedicated public easements, open space areas, public rights-of-ways, public greenbelts and parkways, utility rights-of-way, common areas, sliver parcels and bifurcated lots or any other property that cannot be developed, park properties and other publicly owned properties that are part of the District improvements or that have little or no improvement value, receive no special benefit from District improvements and are not assessed.

**Acreage Benefit Calculation:**

ZONE 13; and, SUB AREAS 10, 14, 23, 117 and 118

When Sub-Areas 7, 10, 14, 22, 23, 117 and 118 were originally established and the assessments were approved, the composition of the parcels and the improvements to be provided made an apportionment of the maintenance costs and special benefits based on parcel acreage the most equitable method of apportionment. Sub-Areas 7 and 22 along with Sub-Area 46 have been reorganized into Zone 13 based on their shared benefit from various improvements. As part of this reorganization, the method of apportionment for Sub-Area 46 was modified from a per parcel apportionment to an acreage apportionment. The following formula is used to arrive at the levy amount for each parcel within Zone 13 and Sub-Areas 10, 14, 23, 117 and 118.

$$\frac{\text{Total Balance to Levy}}{\text{Total Acres}} = \text{Levy per Acre}$$

$$\text{Levy per Acre (rate)} \times \text{Parcel Acreage} = \text{Parcel Levy Amount}$$

**Per Parcel Benefit Calculation:**

ZONES 1-12; and, SUB AREAS 8, 9, 11, 12, 28, 33, 34, 35, 37, 41, 43, 44, 49, 50, 53, 59-62, 64, 66, 68, 71, 73, 74, 77-79, 81-88, 91-112 and 116.

While a per acre method of apportionment is an appropriate calculation of special benefit for some benefit zones, most developments and Sub-Areas within the District are comprised entirely of single family residential properties or the improvements to be maintained are associated with a specific commercial development. For these developments it was determined that the most appropriate apportionment of maintenance costs and special benefit was an equal per parcel distribution. This method of apportionment is used in most of the Zones and Sub-Areas of the District to proportionately allocate the net annual cost of the improvements (special benefit) to each parcel. The total amount to be levied in each Sub-Area, Zone or Sub-zone is shared and assessed equally to each benefiting parcel. The following formula is used to arrive at the levy amount for each parcel within these Sub-Areas.

$$\frac{\text{Total Balance to Levy for Improvements}}{\text{Total Assessable Parcels}} = \text{Parcel Levy Amount}$$

**D. ASSESSMENT RANGE FORMULA (INFLATIONARY ADJUSTMENT)**

The maximum annual assessment that may be levied each fiscal year for many of the District’s Sub-Areas includes an annual inflationary adjustment to the maximum assessment rate based on the percentage change in the Consumer Price Index reported by the San Francisco/Oakland Urban Wage Earners and Clerical Workers increase. Although the maximum rate for these Sub-Areas may be increased each year, the actual amount to be assessed is based on the annual budget and may be less than the maximum rate. The property owners must approve any proposed new or

increased assessment that exceeds the adjusted maximum rate, before that assessment may be imposed. The Assessment Range Formula (inflationary adjustment) adopted for the District assessments is based on the annual percentage change in the Consumer Price Index reported by the San Francisco/Oakland Urban Wage Earners and Clerical Workers and available at the time the Engineer's Report is prepared.

The maximum assessment that may be levied in a fiscal year is increased annually by the following formula

$$\left. \begin{array}{l} \text{(Prior Year's Annual Maximum Assessment x CPI)} \\ \text{Plus} \\ \text{Prior Year's Annual Maximum Assessment} \end{array} \right\} = \text{Current Year's New Annual Maximum Assessment}$$

The percentage change used is the annual change for the preceding 12 months. The annual inflation factor applied for fiscal year 2014/2015 is based on the annual percentage change from 2013 to 2014 (February to February), and has been identified as 2.45%.

The following table (Table IV) provides a listing of all Sub-Areas within the District for which the Assessment Range Formula (annual inflationary adjustment) for the maximum assessment rates have been approved and previously adopted.

\* Sub-Area was balloted and approved for an annual inflationary adjustment in 2008/2009

#### ***IV. DISTRICT BUDGETS FISCAL YEAR 2014/2015***

The following pages provide the proposed budgets and assessment rates for each of the Zones and/or Sub-Areas within the District for fiscal year 2014/2015. These budgets include the City’s estimate of anticipated expenditures, deficits, surpluses, revenues, and reserve fund balances associated with the annual maintenance and operation of the improvements. The net cost of providing the improvements in each Zone and/or Sub-Area is proportionately allocated to each benefiting parcel with each respective Zone and/or Sub-Area using the adopted method of apportionment to calculate the proportional special benefit to properties within the District. Each parcel within the District is therefore assessed proportionately for only the improvements associated with the parcel and determined to be of special benefit.

The following budgets may include one or more of the following footnote references:

**Foot Notes:**

- 1           Currently assessed for Street Lights Only
- 2           The Sub-Area is part of a Zone that has some shared improvements with other sub-areas, it's budget reflects the Sub-Areas' specific improvements as well as its proportional cost and special benefit from any shared zone improvements that may be funded by available assessment revenues for the sub-area.
- 3           Although the Sub-Area is part of a Zone, its budget reflects the Sub-Areas' proportional cost and special benefit from sub-area specific improvements only that may be funded by available assessment revenues for the sub-area.
- 4           A New Maximum Assessment was approved by property owners in fiscal year 2006/2007, including the inflationary adjustment.
- 5           A New Maximum Assessment was approved by property owners in fiscal year 2008/2009, including the inflationary adjustment.
- 6           Landscape Water allocation is for shared improvements. Sub Area specific landscape water allocation is \$0 as water was shut off to these sub areas.

## ***V. DISTRICT BOUNDARY DIAGRAMS***

---

The boundary diagrams for the District have previously been submitted to the City Clerk in the format required under the Act and, by reference are hereby made part of this Report. The boundary diagrams are available for inspection at the office of the City Clerk during normal business hours. The following diagram provides an overview of the District, identifying the various Zones and Sub-Areas.

## ***VI. PART V – ASSESSMENT ROLL***

---

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the San Luis Obispo County Assessor Parcel Maps and/or the San Luis Obispo County Secured Tax Roll for the year in which this Report is prepared. The proposed assessment for each parcel within the District has been prepared in accordance with the assessment rates presented in the budget and the method of apportionment described in this report and has been presented to the City Clerk under a separate cover.

Non-assessable lots or parcels may include government owned land; public utility owned property, land principally encumbered with public right-of-ways or easements and dedicated common areas.

The assessment information for each parcel as outlined in this Report and confirmed by the City Council, shall be submitted to the County Auditor/Controller, and included on the property tax roll for fiscal year 2014/2015. If the parcels or assessment numbers within the District and referenced by this Report are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and assessment rates approved in this Report by the City Council.
