ADDITIONAL INFORMATION

Please provide any supplemental information to this application, including the specific reason you believe you should be appointed to this advisory body.

With 35 years in mostly large commercial construction projects as a project superintendent and/or project manager, I beleive that I can bring a practical approach to the planning commission as I have been involved in many aspects of a project. From start to finish, I participated in the design and approval process, permitting, pre-construction, construction and project closeout. Projects include management of public funded hospitals, community colleges, high schools, middle schools, elementary schools, parks, Southern California Edison LARS Project; Privately funded projects such as high-rise buildings, Disney Studios, clean room project and many more. As a member of the Planning Commission, it would be my desire to help the community of Paso Robles continue to be the great area that we chose to live and retire in.

Dear Honorable Mayor Martin and Council Members:

It is with respect and humility that I ask your consideration for an appointment to the Paso Robles Planning Commission.

I have lived part time in Paso Robles (prox 50%) for over 14 years and have recently moved here as a full-time resident. In that time, I have seen Paso Robles, literally, rise from the ashes of a horrific earthquake to the bustling City that it is today. I am continually impressed with the progressive yet careful direction Paso Robles takes when contemplating the future. I have a proven past of Civic involvement over the past 30 years living in the City of Brea California.

Along with a busy personal and professional life, I always found time for Civic engagement. I have had the honor of sitting on many select committees including, a Downtown Charette during a vibrant time of Redevelopment, General Plan amendment updates, Fire Services Utilization analysis (City vs County) and a host of others.

I am particularly proud to have been a member of the Parks, Recreation, and Human Services Commission for the City of Brea from 2009 – 2013, chairing that body for two terms. This is a position I hope we can discuss in more detail.

In closing, I ask that you accept my application, personal resume, and Letters of Recommendation. I am confident that my background has paved the way for me to be an effective advisor to our City Council offering fair and unbiased analysis of proposals that may arise.

Respectfully,

Kevin R Bush

RE: Planning Commission Appointments

Dear Mayor Martin and Councilmembers:

I'm writing to recommend Kevin Bush to you for an appointment to the Planning Commission. I've known Kevin for 25 years, both as a friend and as a committed volunteer in the City of Brea. He was a trusted sounding board for me during my 3 terms on the City Council and served our city as a Parks, Recreation and Human Services Commissioner from 2009-2012 where he was selected Chair for 2 terms.

Kevin and his wife have been splitting time between Brea and Paso Robles for over 14 years (keeping close tabs on the development of Paso Robles for all that time) and have recently moved full-time to your fair city. Kevin has involved himself in your town's events and developments and, given his civic interest, would like to volunteer his time in service of his new home.

During Kevin's time both on the PR&HS Commission and as a volunteer in Brea, he was instrumental in the planning and construction of our 20 acre Sports Park, the 16 acre Wildcatters Park and the beginning of our 4-mile long Tracks at Brea Trail (a re-use of abandoned railroad tracks that traverse the city from east to west). He also was involved as a designer for our Downtown Charette, the major update of our General Plan and an engagement of the community to decide whether Brea should retain its own fire service or go with the county.

Kevin is thoughtful and gives each issue before him the time necessary to make sure that all sides on the matter are heard and their comments considered before making a final decision. We had a couple of very difficult issues arise with the use at the Sports Park and Kevin took the lead to work out a compromise that was acceptable to all sides, including the city. He does his due diligence and is always prepared. Serving the community is serious business to him, but he always has a smile and a good word for everyone.

Kevin takes great pride in living in Paso Robles (I've been lucky to visit him many times over the years - I'm kind of jealous of his living there!), and would be an excellent Planning Commissioner. He has my highest recommendation!

Dear Paso Robles Decision Maker,

Mr. Kevin Bush is applying for an open position on the Paso Robles Planning Commission. I highly recommend Mr. Bush for this appointment.

Kevin is very accustomed to serving in city government having been a member of the City of Brea's Parks and Recreation Commission for several years. He has a mind that's wired for city government and he knows the details required to drive analysis and decision-making, which is critical for a member of the Planning Commission. Kevin's financial background makes him savvy with city budgets and the monetary impacts that planning decisions have on a community. But in addition to the financial side, he is keenly aware of quality of life repercussions that planning decisions may have on the citizens. Kevin also a very good listener and thoroughly professional and articulate, key qualities to successfully work with the City Council, his peers, and with the public.

My observations of Kevin come from my experience and perspective with city government. I have served my city of Chino Hills, CA for 18 years as a Parks and Recreation Commissioner and currently for 10 years as a mayor and council member. Over those 10 years I have had the opportunity to appoint residents to our three City commissions, including the Planning Commission. I have interviewed dozens of candidates for those positions, made several appointments, and have seen what it takes to be effective. Kevin has the skills, experience, and personal integrity to successfully represent the citizens of Paso Robles in the capacity of planning commissioner.

Regards,

Dear Mayor and Council Members of Paso Robles,

I am pleased to add comment to the application of Mr. Kevin Bush to the Paso Robles Planning Commission. I have known Kevin both personally and professionally for the last 6 years.

Kevin has served the City of Brea for many years in the capacity of Parks, Recreation & Human Services Commissioner. During that time, I have observed his collaborative ability to engage parties for a common goal. He is a people person and takes the time to hear all sides before rendering a decision.

I am confident that, if selected, he will serve Paso Robles with the utmost integrity and passion as he did in the City of Brea. Kevin is an asset to any organization. If you wish to discuss his qualifications in more detail, please call me at (909) 217-2282.

Sincerely,

A handwritten signature in cursive script that reads "Cynthia Moran".

Dear Honorable Mayor Martin and Council Members:

It is with great pleasure that I wholeheartedly recommend Kevin Bush for your consideration as a Planning Commissioner for your wonderful community. I have known Kevin for more than 25 years. His Brea community service included:

- Parks, Recreation & Human Services Commission Vice Chair & Chair
- Parks, Recreation & Human Services Commission Subcommittees:
 - o Wildcatter's Park Design
 - o Birch Hills Golf Course
 - o Dog Park Planning & Design
- The Downtown Design Charrette
- General Plan Update Advisory Committee

What distinguishes Kevin is his ability to listen, evaluate and make decisions that reflect your community's values. Equally important, he knows how to work as a member of a team.

In addition to being Brea residents, Kevin and his wife were Brea small business owners, so he also understands the business community's perspective.

If selected, I know Kevin will serve your community well.

Respectfully submitted,

After 3 years I have a much better understanding of the process, the general plan, and specific plans as well as a productive working relationship with staff. **City of Paso Robles
Application for Planning Commission
Roberta Jorgensen**

I am applying for appointment to the Paso Robles Planning Commission for the following reasons:

1. I would like to bring my professional expertise and personal enthusiasm to collaboratively find ways to support healthy and sustainable growth for our city. Growth will happen, and thoughtful and insightful direction of that growth is imperative to the future quality of life and economic health of our community.
2. My professional career as an architect has focused on innovative high profile civic and public facilities, master planning, and conceptual design studies to define project needs. I currently serve as the Consulting Master Plan Architect for Cal Poly and also provide these services to other public clients in California. I would like to incorporate this experience into my participation on the planning commission.
3. Paso Robles clearly has valuable assets and frustrating challenges. As a Planning Commissioner I would like to encourage the following to occur:
 - a. We need to continue to seek ways to create opportunities for more head-of-household employment in industries that may not now think of Paso Robles as their choice for locating facilities. More and higher paying employment can be a high priority without compromising quality planning and construction.
 - b. We should continue to look for ways to encourage more housing that is affordable and an asset to our city, while looking in advance of project consideration to the infrastructure requirements and land development ramifications involved.
 - c. We should emphasize opportunities for redevelopment and in-fill development in our downtown and other older neighborhoods. Providing entitlements that encourage creative development should be a priority. In-fill development and redevelopment reduce our lateral growth, strengthen walking options, reduce automobile trips, create much more vibrant neighborhoods and continue what makes us unique, particularly in our downtown. I am excited about future opportunities for the Railroad/Salinas River area of downtown. We will need more than additional wine tasting rooms in the downtown area to keep the area vibrant and worth returning to.
 - d. Development concepts and design for housing, retail, office/commercial or mixed-use that is imported from other locations and not carefully conceived for the unique character and personality of Paso Robles is not good enough. We should find ways to achieve the highest standards and expectations while supporting business opportunities. We can come along side those who want to invest on our community and still hold them to our high standards and expectations.
 - e. Our country setting and agricultural heritage must be respected as growth inevitably changes the character of some elements of the city.
 - f. The sophisticated wine, food and hospitality industry that has become so important to our identity and economic strength requires supporting infrastructure to continue to attract visitors. How this is addressed will certainly be an ongoing topic.

Thank you for considering me for the Paso Robles Planning Commission. I am excited to support my city in this capacity.

[I should note that my husband, Gary Marshall, is a Paso Robles Airport Commissioner. I hope this is not a conflict.]
