This rate shall include pickup, cleaning and replacement of the the commercial bin by COMPANY. If public health agencies require more frequent cleaning, and if such additional cleaning results in reduced costs to COMPANY, the rate shall be adjusted to reflect such reduced costs subject to approval by Council.

J. SPECIAL TAG SERVICE

COMPANY shall make available to subscribers desiring such service special tags at the rate of one dollar (\$1.00) per tag (for 1 to 9 tags, 10 or more tags are discounted to 75¢ per tag) which shall

entitle the subscriber to place the equivalent of one thirty-two gallon container of rubbish at the curb-line or alley for collection. Rubbish may be placed in a plastic bag, box or refuse container, but shall not exceed thirty-two gallons in capacity and fifty (50) pounds in weight. Tags shall be attached to the bag, box or container and shall be visible from the street. This service shall be available to subscribers who accumulate rubbish which exceeds the quantities permitted by paragraph A above on an infrequent and non-routine basis.

K. SPECIAL HAULING RATE

For subscribers desiring the hauling of materials which cannot, because of size, quantity or type of material, be disposed of by any means defined above, COMPANY may, through individual contract, provide special hauling services.

BE IT FURTHER RESOLVED that for the purpose of this resolution, the following definitions shall have the meanings respectively ascribed to them:

COLLECTION STATION

"Collection Station" means the location where the occupant of any premises places garbage or rubbish in standard containers, boxes, cans, bales, bundles, or as separate items, for collection by a refuse collector.

GARBAGE

"Garbage" means trimmings, and leftovers from the homes, restaurants, markets, and other accommodations occupied by human beings, and the unwashed paper, cardboard, wood, metal, plastic or glass containers which have been used as food containers and to which putrescible food particles adhere.

REFUSE

"Refuse" means all putrescible or nonputrescible solid and semisolid waste, whether combustible or noncombustible, including both garbage and rubbish.

RUBBISH

"Rubbish" includes, but is not limited to, grass trimmings, yard cuttings, and all refuse not defined above as garbage and as waste material.

STANDARD CONTAINER

"Standard Container" means a metallic can or plastic watertight container with a closefitting cover, a cover handle and side bails. The capacity of a standard container shall be thirty-two gallons or less in gross capacity, and not exceed fifty pounds in gross

weight when filled, except for those identified in paragraph #3 above which shall have a capacity of 20 gallons or less.

WASTE MATERIAL

"Waste Material" includes but is not limited to fish and fowl, corrosive substances, sludge, oil, residue, sewage, liquid wastes, industrial wastes, and any and all other material not commonly classified as refuse.

BE IT FURTHER RESOLVED that the following collection regulations will prevail:

The refuse collector shall be required to replace covers on containers after emptying them, but not to pick up refuse which has been scattered on the premises by others. Refuse may be placed at the curb for collection not earlier than 6:00 p.m. on the day preceding the day of collection. The owner of empty containers shall remove them from the street not later than 6:00 p.m. on the day of collection. It is unlawful to place refuse at the curb so that either sidewalk or street gutter is obstructed. Containers, other than standard containers as defined, will be removed with their contents at the time of collection unless they are plainly labeled "DO NOT TAKE" in large letters.

All refuse containers shall be kept in a clean and sanitary condition by the owner or person using same and shall be kept tightly covered at all times as proof against access by flies to the contents thereof, except when refuse is being deposited therein or removed therefrom.

Preparation of tree limbs, cuttings, boxes, magazines, etc., for collection with refuse shall be as follows:

Tree limbs, cuttings and the like will be collected if they are cut into lengths of four feet or less and placed in the refuse container or securely tied into bundles of not more than fifty pounds or eighteen inches in diameter and placed beside the regular container. Tree limbs or trunks in excess of three inches in diameter will not be collected. Cartons, boxes and the like will be collected if they are folded or broken apart, tied in bundles and placed beside the regular containers. Papers and magazines not in containers shall be tied to prevent being scattered and when set out for pickup shall be placed adjacent to the container on the ground.

THE COMPANY shall mail to each subscriber a statement of rules, container limitations, fees, telephone number and other pertinent information. By way of illustration and not limitation, the preceding includes garbage regulations as follows:

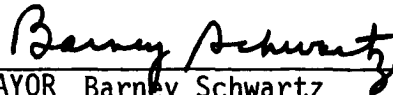

- a. Standard container must be METAL or PLASTIC with flytight lid, watertight bottom and handles, not to exceed 32 gallons capacity.
- b. All types of garbage and refuse may be put in container with EXCEPTION OF WASTE MATERIALS SUCH AS DIRT, ROCK, CONSTRUCTION DEBRIS AND INCINERATOR AND FIREPLACE ASHES.

- c. Not responsible for items you do not want to throw away, but which are left near the standard container.
- d. Containers must be readily accessible and within 50 feet of the curb-line and the approach to container shall be free of all obstacles. Container placed at curb-lines may not create hazard.
- e. OFFICE HOURS for telephone calls and payment of bills shall be from 9:30 a.m. to 4:00 p.m., Saturdays, Sundays and holidays excepted.

The rates as established herein shall become effective on the 1st day of March, 1982.

PASSED AND ADOPTED this 2nd day of March, 1982, by the City Council of the City of El Paso de Robles.
