

RESOLUTION NO. 2766

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
EL PASO DE ROBLES, CALIFORNIA, A CHARTER CITY,
REQUESTING THE STATE TO FUND CERTAIN PORTIONS
OF THE COSTS OF THE 911 EMERGENCY TELEPHONE SYSTEM.

WHEREAS, Assembly Bill 515, adopted in 1972, established a one-number emergency telephone system throughout the State of California, designated as 911, and required that the system be fully operational by December 31, 1982; and

WHEREAS, Senate Bill 1180, signed into law September 28, 1979, mandated a users tax of one-half of one percent be collected on the telephone billing to each residential or centrex subscriber, which would provide sufficient funding for the installation and servicing of the system; and

WHEREAS, the City of El Paso de Robles has now complied with the State's mandate and provided the necessary telephone equipment, for what is deemed an adequate emergency telephone service for the citizens of Paso Robles; and

WHEREAS, the State of California is paying for the installation of all the emergency telephone equipment except that equipment classified as incremental cost equipment; and

WHEREAS, the City of El Paso de Robles has, after due consideration for the life saving capabilities and investigative abilities, vis-a-vis the needs of its citizens, installed an automatic locations indicator which is classified as incremental cost equipment; and

WHEREAS, sufficient funds have been and are now being collected to cover the costs of the automatic location indicator, if the funds were not loaned to other State accounts, and if the interest accruing to the funds was continued in credit to the Emergency Telephone Users Tax account; and

WHEREAS, the State of California has borrowed 20 million dollars from the users tax account as well as diverting all interest accrued since 1979 from the monies in the account and placing all of the same in the State General Fund.

NOW, THEREFORE, BE IT RESOLVED that the City of El Paso de Robles does hereby petition that the funds borrowed from the Emergency Telephone Users Tax account and all interest accruing to that account be placed back into that account; and

BE IT FURTHER RESOLVED that the City Council of the City of El Paso de Robles requests that the incremental costs incurred by the City of El Paso de Robles, for the installation and monthly servicing of the automatic locating equipment, be refunded to the City of El Paso de Robles by the State of California from the Emergency Telephone Users Tax account.

PASSED AND ADOPTED by the City Council of the City of El Paso de Robles, California, at a meeting thereof on the 20th day of July, 1982, by the following vote:

AYES: Councilmen Monroe, Ovitt, Parish, Thorndyke and Stemper
