

RESOLUTION NO. 91-106

A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF EL PASO DE ROBLES FIXING FEES AND CHARGES
FOR SERVICES RENDERED IN THE COLLECTION AND REMOVAL
OF SOLID WASTE MATERIAL EFFECTIVE SEPTEMBER 1, 1991
AND RESCINDING RESOLUTION NO. 90-145

WHEREAS, Chapter 7.16.530 of the Municipal Code of the City of El Paso de Robles provides that the City Council shall by resolution from time to time set the fees and charges for the services rendered in the collection and removal of solid waste matter within the City limits; and

WHEREAS, upon application of the franchise holders, upon investigation of the City Council, and after due consideration;

BE AND IT IS HEREBY RESOLVED that the fees and charges for such service are set as identified in Exhibit A; and user options shall include:

1. Domestic users shall have the option of selecting either backyard/side yard service or alley/curb line service subject to the rates specified in Exhibit A.
2. The basic collection charge shall apply to either refuse or rubbish, but rubbish shall be limited to curb-line or alley collection only.
3. Commercial bulk pickup charges shall be at a rate to be negotiated between COMPANY and customer.
4. COMPANY shall make available to subscribers desiring such service special tags.
5. For subscribers desiring the hauling of materials which cannot, because of size, quantity or type of material, be disposed of by any means defined above, COMPANY may, through individual contract, provide special hauling services.

BE IT FURTHER RESOLVED that the following collection regulations will prevail:

The refuse collector shall be required to replace covers on containers after emptying them, but not to pick up refuse which has been scattered on the premises by others. Refuse may be placed at the curb for collection not earlier than 6:00 P.M. on the day preceding the day of collection. The owner of empty containers shall remove them from the street not later than 6:00 P.M. on the day of collection. It is unlawful to place refuse at the curb so that either sidewalk or street gutter is obstructed. Containers, other than standard containers as defined, will be removed with the contents at the time of collection unless they are plainly labeled "DO NOT TAKE" in large letters.

All refuse containers shall be kept in a clean and sanitary condition by the owner or person using same and shall be kept tightly covered at all times as proof against access by flies to the contents thereof, except when refuse is being deposited therein or removed therefrom.

Preparation of tree limbs, cuttings, boxes, magazine, etc., for collection with refuse shall be as follows:

Tree limbs, cuttings and the like will be collected if they are cut into lengths of four feet or less and placed in the refuse container or securely tied into bundles of not more than fifty pounds or eighteen inches in diameter and placed beside the regular container. Tree limbs or trunks in excess of three inches in diameter will not be collected. Cartons, boxes and the like will be collected if they are folded or broken apart, tied in bundles and placed beside the regular containers. Papers and magazines not in containers shall be tied to prevent being scattered and when set out for pickup shall be placed adjacent to the container on the ground.

Use of semi-automated solid waste containers shall be mandatory in all newly approved housing tracts.

The COMPANY shall mail to each subscriber a statement of rules, container limitations, fees, telephone number and other pertinent information. By way of illustration and not limitation, the preceding includes garbage regulations.

The rates as established shall become effective on the 1st day of September, 1991.

**Solid Waste Collection Rates
Calculations for Proposed Increase**

A. Landfill Deliveries by franchise solid waste hauler:

	Compacted	Uncompacted
January '1991	6,524	1,200
February '1991	5,945	1,070
March '1991	6,204	960
April '1991	6,619	1,436
May '1991	7,079	1,430
June '1991	<u>6,326</u>	<u>1,680</u>
Total	38,697	7,776
Monthly Average	6,450	1,296

B. Conversion factor from tonnage to compacted and uncompacted yardage:

	Compacted 4:1	Uncompacted 7:1
At \$2.00 per ton:	\$0.50	\$0.28

C. Additional monthly cost to solid waste hauler:

	Compacted	Uncompacted
Monthly Ave. Yards	6,450	1,296.00
Conversion Rate	<u>X \$0.50</u>	<u>X \$0.28</u>
	\$3,225.00	\$ 362.88
	=====	=====

D. Base monthly revenues at current rate levels:

Commercial customers		\$43,512.84
Residential customers		<u>36,323.86</u>
Total		\$79,836.70
		=====

E. Required rate increase to offset additional operating costs due to increased landfill tipping fees:

Compacted	$\$3,225/79,836.70 = 4.0\%$
Uncompacted (Drop Box)	$\$3.45 + .28 = \3.73
