WHEREAS, the Contract provides for annual salary adjustments to the base salary for the City Manager on September 1 of each year, based on several criteria; and

WHEREAS, all City employees, including the City Manager, received their deferred pay increases effective July 1, 2012; and

WHEREAS, although the City Manager was entitled last year to a salary adjustment to \$180,020, he offered to defer the adjustment, and City Council accepted his offer; and

WHEREAS, all other City employees, including executive managers, received a three percent (3%) increase in pay retroactive to January 1, 2014; and

WHEREAS, all other City non-safety employees, including executive managers, received a two percent (2%) increase in pay beginning July 6, 2014; the fiscal impact upon the City is offset by the requirement that such employees begin contributing, for the first time, two percent (2%) of their salary to the California Public Employee Retirement System ("CalPERS"); and

WHEREAS, the Contract provides that the City Manager's base salary shall be at least Twenty Thousand Dollars (\$20,000) greater than that being paid to the executive managers of the City; and

WHEREAS, the City Council has conducted its annual review of the City Manager's performance in accordance with the provisions of the Contract and desires that he continue as City Manager;
