

TO: HONORABLE CHAIRMAN AND PLANNING COMMISSION
FROM: RON WHISENAND, COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: STORM WATER QUALITY PRESENTATION
DATE: JUNE 9, 2009

Verbal presentation by Darla Inglis of the California Regional Water Quality Control Board covering the following topics as they relate to storm water quality:

1. What is Low Impact Development (LID)?
2. What are the current and emerging trends and regulations related to LID?
3. What is the Central Coast Low Impact Development Center?
4. How can LID help the City of Paso Robles meet various city objectives?
 - a. LID can help integrate community services related to environmental protection, flood control, street improvements, neighborhood aesthetics, groundwater recharge, economic and vitality.
 - i. Example: Town Center
 - ii. Example: River Corridor
