

TO: HONORABLE CHAIRMAN AND PLANNING COMMISSION
FROM: ED GALLAGHER, COMMUNITY DEVELOPMENT DIRECTOR
SUBJECT: TENTATIVE PARCEL MAP PR 12-0078 (APPLICANT: NUNNO CORP.)
APN: 025-436-031
DATE: MAY 28, 2013

Needs: For the Planning Commission to consider a Parcel Map application filed by North Coast Engineering on behalf of Nunno Corporation, LLC, to subdivide a 38-acre parcel into four 9.5-acre parcels.

Facts:

1. The site is located on the south side of Dry Creek Road, east of Airport Road, see Vicinity Map (Attachment 1).
2. The General Plan land use designation for the site is BP (Business Park). The Zoning designation is AP-PD (Airport – Planned Development Overlay).
3. The site is located within Airport Zones 3 and 5, where most of the project is within Zone 5, except for Parcels 1 and 2 which are partially within Zone 3.
4. The subdivision would create four 9.5-acre parcels. There is no development proposed for the parcels at this time. Future development will need to comply with the requirements of the General Plan, Zoning Code and Airport Land Use Plan. As a result of the PD Overlay, a development plan (PD) will be required to be processed for each parcel. The PD will establish site planning, building architecture, parking, drainage as well as landscaping.
5. The existing house located on proposed Parcel 2 will remain until such time that Parcel 2 is developed.
6. The City Engineer has provided a memo (Attachment 2) that discusses the requirements for sewer, water, and public improvements.
7. The Development Review Committee (DRC) reviewed the subdivision at their meeting on May 20, 2013. The Committee recommended that the Planning Commission approved the Parcel Map.

8. This application is Categorical Exempt from environmental review per Section 15303 of the State's Guidelines to Implement the California Environmental Quality Act (CEQA).

Analysis

and

Conclusion: The lots created by the subdivision would be of similar shape and size to others in the Dry Creek Road area. It is anticipated that these parcels would develop in the future with industrial/manufacturing and warehouse uses, which are permitted in the AP-PD zoning district.

The proposed lots are located within Zones 3 and 5 of the Airport Land Use Plan (ALUP). Table 6 of the ALUP lists the types of uses that are allowed within the airport zones. Generally, most industrial, manufacturing, warehousing, and many commercial uses are permitted in Zones 3 and 5, however, projects within Zone 3 would be subject to limitations of the number of people that could locate on the property at any one time. It has been the City's experience that the thresholds identified in the ALUP for people-per-acre would not be met for industrial, manufacturing, and warehouse uses, since these types of uses are typically low employee generators.

The proposed subdivision as designed is in conformance with the General Plan and Zoning Code since it would provide areas for clean and attractive businesses and industries in which all activities are conducted in doors.

Policy

Reference: General Plan, Zoning Ordinance

Fiscal

Impact: None.

Options: After consideration of public testimony, the Planning Commission will be asked to consider the actions listed below:

- a. Adopt the attached Resolution, approving PR 12-0078, subject to standard and site specific development conditions; or
- b. Amend, modify, or alter the foregoing options.

Prepared by:

Darren Nash, Associate Planner

LOCATION MAP
NO SCALE

Attachment 1
Vicinity Map
PR 12-0078
(Nunno Corp.)

TO: Darren Nash
FROM: John Falkenstien
SUBJECT: Tentative Parcel Map PR 12-0078 Nunno
DATE: April 26, 2013

Dry Creek Road

Dry Creek Road is listed on the master list of roads to be repaired and the current AB 1600 impact fee Needs List because it is a key leg in the Parallel Routes Study and Circulation Element. It qualifies for AB 1600 funding for capacity increasing improvements such as widening, turn pockets and bike lanes.

To date, developments along Dry Creek Road (Santa Cruz Biotech and Nunno) have been conditioned to participate in the improvements. Any future development of these proposed parcels will be similarly conditioned.

Sewer

Sewer extension in Dry Creek Road is a priority in the sewer enterprise capital improvement program and should be accomplished before a new road surface is laid. However, it's priority is secondary to construction of the new treatment plant. The Dry Creek Road sewer is anticipated to be funded in 2017. To date, the council has authorized the use of septic systems in the area subject to agreements to participate in the sewer extension and to hook up when available.

The Wastewater Division Manager, Matt Thompson, has recently kicked off a master planning effort for the Dry Creek Road sewer and surrounding area.

Water

The Nunno parcel map will necessitate a condition of approval to extend a water main across the frontage of the parcels prior to recordation. The applicant will be responsible for extension of an 8-inch water main. In accordance with the City's Water Master Plan, a 16-inch water main is needed.

The City will fund the difference in cost to upgrade the size of the water main from 8-inch to 16-inch.

Recommended Conditions of Approval

Prior to final map approval, the applicant shall extend a 16-inch water main across the frontage of the subdivision in accordance with plans approved by the City Engineer. The City will reimburse the applicant for all expenses for increasing the size of the water main from 8-inch to 16-inch in accordance with Municipal Code guidelines.

Dry Creek Road shall be improved across the frontage of each parcel at the time of its development.

At the time of development of each parcel, the developer shall make provisions to hook to sanitary sewer and shall enter into an agreement to pay their share of the extension of sewer to the area.

City Engineer Memo
PR 12-0078 – (Nunno Corp)

RESOLUTION NO. _____

A RESOLUTION OF THE PLANNING COMMISSION
OF THE CITY OF EL PASO DE ROBLES
TO GRANT TENTATIVE MAP APPROVAL FOR
PARCEL MAP PR 12-0078
(NUNNO CORP.)
APN: 025-436-031

WHEREAS, Parcel Map PR 12-0078, an application filed by North Coast Engineering, on behalf of Nunno Corporation, LLC, to subdivide a 38-acre site into four 9.5 acre parcels; and

WHEREAS, the site is located on the south side of Dry Creek Road, east of Airport Road, approximately a quarter mile from the Dry Creek Road/Airport Road intersection; and

WHEREAS, the General Plan land use designation for the site is BP (Business Park). The Zoning designation is AP-PD (Airport - Planned Development Overlay); and

WHEREAS, Section 21.22.160.A of the Zoning Code gives the Planning Commission the ability to approve the use of tandem parking when appropriate; and

WHEREAS, the proposed parcel map is Categorically Exempt from environmental review per Section 15315 of the State's Guidelines to Implement the California Environmental Quality Act (CEQA); and

WHEREAS, a public hearing was conducted by the Planning Commission on May 28, 2013, to consider facts as presented in the staff report prepared for the tentative parcel map, and to accept public testimony regarding the application; and

WHEREAS, based upon the facts and analysis presented in the staff report, public testimony received and subject to the conditions listed below, the Planning Commission makes the following findings as required by Government Code Sections 66474 and 65457:

1. The proposed tentative parcel map is consistent with the adopted General Plan for the City of El Paso de Robles in that it provides for the development of clean attractive businesses, where the uses are conducted indoors;
2. As conditioned the design of lots, streets, open space, drainage, sewers, water and other improvements is consistent with the General Plan and Zoning Ordinance;
3. The site is physically suitable for the type of development proposed as demonstrated with the proposed site plans;

4. The design of the land division is not likely to cause substantial environmental damage or substantially and unavoidably injure fish or wildlife or their habitat;
5. The design of the land division and types of improvements proposed are not likely to cause serious public health problems;
6. The design of the land division and the type of improvements proposed will not conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision;

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of El Paso de Robles, does hereby grant tentative map approval for Parcel Map PR 12-0078 subject to the following conditions of approval:

1. The project shall be constructed so as to substantially conform with the following listed exhibit and conditions established by this resolution:

<u>EXHIBIT</u>	<u>DESCRIPTION</u>
A	Standard Conditions
B	Tentative Parcel Map

2. PR 12-0078 would allow the subdivision of the existing 38-acre site into four 9.5 acre lots.
3. Future development of each parcel will be subject to the Development Plan (PD) process and subject to the uses and requirements outlined in the Airport Land Use Plan.
4. Pursuant to submittal requirements and Standard Condition B-1 of Attachment A, prior to occupancy the applicant shall provide on a 3.5 inch disk or IBM-compatible CD a copy of all signed and stamped approved plans, exhibits, resolutions, and all submittal materials and other documentation pertaining to approval of this application for electronic archiving. The applicant may elect to have the City send out the documents for scanning at the applicant's expense.
5. Prior to final map approval, the applicant shall extend a 16-inch water main across the frontage of the subdivision in accordance with plans approved by the City Engineer. The City will reimburse the applicant for all expenses for increasing the size of the water main from 8-inch to 16-inch in accordance with Municipal Code guidelines.
6. Dry Creek Road shall be improved across the frontage of each parcel at the time of its development.

7. At the time of development of each parcel, the developer shall make provisions to hook to sanitary sewer and shall enter into an agreement to pay their share of the extension of sewer to the area.

EXHIBIT A OF RESOLUTION
CITY OF EL PASO DE ROBLES
STANDARD DEVELOPMENT CONDITIONS

Planned Development _____ Conditional Use Permit _____
 Tentative Parcel Map _____ Tentative Tract Map _____
Approval Body: Planning Commission Date of Approval: May 28, 2013
Applicant: Nunno Corp. Location: Dry Creek Rd.
APN: 025-436-031

The following conditions that have been checked are standard conditions of approval for the above referenced project. The checked conditions shall be complied with in their entirety before the project can be finalized, unless otherwise specifically indicated. In addition, there may be site specific conditions of approval that apply to this project in the resolution.

COMMUNITY DEVELOPMENT DEPARTMENT - The applicant shall contact the Community Development Department, (805) 237-3970, for compliance with the following conditions:

A. GENERAL CONDITIONS – PD/CUP:

- 1. This project approval shall expire on May 28, 2015 unless a time extension request is filed with the Community Development Department, or a State mandated automatic time extension is applied prior to expiration.
- 2. The site shall be developed and maintained in accordance with the approved plans and unless specifically provided for through the Planned Development process shall not waive compliance with any sections of the Zoning Code, all other applicable City Ordinances, and applicable Specific Plans.
- 3. To the extent allowable by law, Owner agrees to hold City harmless from costs and expenses, including attorney's fees, incurred by City or held to be the liability of City in connection with City's defense of its actions in any proceeding brought in any State or Federal court challenging the City's actions with respect to the project. Owner understands and acknowledges that City is under no obligation to defend any legal actions challenging the City's actions with respect to the project.

(Adopted by Planning Commission Resolution 09-028)

- 4. Any site specific condition imposed by the Planning Commission in approving this project (**Conditional Use Permit**) may be modified or eliminated, or new conditions may be added, provided that the Planning Commission shall first conduct a public hearing in the same manner as required for the approval of this project. No such modification shall be made unless the Commission finds that such modification is necessary to protect the public interest and/or neighboring properties, or, in the case of deletion of an existing condition, that such action is necessary to permit reasonable operation and use for this approval.
- 5. The site shall be kept in a neat manner at all times and the landscaping shall be continuously maintained in a healthy and thriving condition.
- 6. All signs shall be subject to review and approval as required by Municipal Code Section 21.19 and shall require a separate application and approval prior to installation of any sign.
- 7. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 8. Prior to the issuance of a Building Permit a landscape and irrigation plan consistent with the Landscape and Irrigation Ordinance, shall be submitted for City review and approval. The plan needs to be designed in a manner that utilizes drought tolerant plants, trees and ground covers and minimizes, if not eliminates the use of turf. The irrigation plan shall utilize drip irrigation and limit the use of spray irrigation. All existing and/or new landscaping shall be installed with automatic irrigation systems.
- 9. A reciprocal parking and access easement and agreement for site access, parking, and maintenance of all project entrances, parking areas, landscaping, hardscape, common open space, areas and site lighting standards and fixtures, shall be recorded prior to or in conjunction with the Final Map. Said easement and agreement shall apply to all properties, and be referenced in the site Covenants, Conditions and Restrictions (CC&Rs).
- 10. All outdoor storage shall be screened from public view by landscaping and walls or fences per Section 21.21.110 of the Municipal Code.
- 11. For commercial, industrial, office or multi-family projects, all refuse enclosures are required to provide adequate space for recycling bins. The enclosure shall be architecturally compatible with the primary building. Gates shall be view obscuring and constructed of durable materials. Check with Paso Robles Waste Disposal to determine the adequate size of enclosure based on the number and size of containers to be stored in the enclosure.

- 12. For commercial, industrial, office or multi-family projects, all existing and/or new ground-mounted appurtenances such as air-conditioning condensers, electrical transformers, backflow devices etc., shall be screened from public view through the use of decorative walls and/or landscaping subject to approval by the Community Development Director or his designee. Details shall be included in the building plans.
- 13. All existing and/or new roof appurtenances such as air-conditioning units, grease hoods, etc. shall be screened from public view. The screening shall be architecturally integrated with the building design and constructed of compatible materials to the satisfaction of the Community Development Director or his designee. Details shall be included in the building plans.
- 14. All existing and/or new lighting shall be shielded so as to be directed downward in such a manner as to not create off-site glare or adversely impact adjacent properties. The style, location and height of the lighting fixtures shall be submitted with the building plans and shall be subject to approval by the Community Development Director or his designee.
- 15. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 16. It is the property owner's responsibility to insure that all construction of private property improvements occur on private property. It is the owner's responsibility to identify the property lines and insure compliance by the owner's agents.
- 17. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No.835 N.S., Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to removal.
- 18. No storage of trash cans or recycling bins shall be permitted within the public right-of-way.
- 19. Prior to recordation of the map or prior to occupancy of a project, all conditions of approval shall be completed to the satisfaction of the City Engineer and Community Developer Director or his designee.
- 20. Two sets of the revised Planning Commission approved plans incorporating all Conditions of Approval, standard and site specific, shall be submitted to the Community Development Department prior to the issuance of building permits.

(Adopted by Planning Commission Resolution 09-028)

- 21. Prior to the issuance of building permits, the
 - Development Review Committee shall approve the following:
 - Planning Division Staff shall approve the following:
 - a. A detailed site plan indicating the location of all structures, parking layout, outdoor storage areas, walls, fences and trash enclosures;
 - b. A detailed landscape plan;
 - c. Detailed building elevations of all structures indicating materials, colors, and architectural treatments;
 - d. Other:

B. GENERAL CONDITIONS – TRACT/PARCEL MAP:

- 1. In accordance with Government Section 66474.9, the subdivider shall defend, indemnify and hold harmless the City, or its agent, officers and employees, from any claim, action or proceeding brought within the time period provided for in Government Code section 66499.37, against the City, or its agents, officers, or employees, to attack, set aside, void, annul the City's approval of this subdivision. The City will promptly notify subdivider of any such claim or action and will cooperate fully in the defense thereof.
- 2. The Covenants, Conditions, and Restrictions (CC&Rs) and/or Articles Affecting Real Property Interests are subject to the review and approval of the Community Development Department, the Public Works Department and/or the City Attorney. They shall be recorded concurrently with the Final Map or prior to the issuance of building permits, whichever occurs first. A recorded copy shall be provided to the affected City Departments.
- 3. The owner shall petition to annex residential Tract (or Parcel Map) _____ into the City of Paso Robles Community Facilities District No. 2005-1 for the purposes of mitigation of impacts on the City's Police and Emergency Services Departments.
- 4. Street names shall be submitted for review and approval by the Planning Commission, prior to approval of the final map.
- 5. The following areas shall be permanently maintained by the property owner, Homeowners' Association, or other means acceptable to the City:

_____.

ENGINEERING DIVISION- The applicant shall contact the Engineering Division, (805) 237-3860, for compliance with the following conditions:

All conditions marked are applicable to the above referenced project for the phase indicated.

C. PRIOR TO ANY PLAN CHECK:

- 1. The applicant shall enter into an Engineering Plan Check and Inspection Services Agreement with the City.

D. PRIOR TO ISSUANCE OF A GRADING PERMIT:

- 1. Prior to approval of a grading plan, the developer shall apply through the City, to FEMA and receive a Letter of Map Amendment (LOMA) issued from FEMA. The developer's engineer shall provide the required supporting data to justify the application.
- 2. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No. 553, Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to its removal.
- 3. A complete grading and drainage plan shall be prepared for the project by a registered civil engineer and subject to approval by the City Engineer. The project shall conform to the City's Storm Water Discharge Ordinance.
- 4. A Preliminary Soils and/or Geology Report providing technical specifications for grading of the site shall be prepared by a Geotechnical Engineer.
- 5. A Storm Water Pollution Prevention Plan per the State General Permit for Storm Water Discharges Associated with Construction Activity shall be provided for any site that disturbs greater than or equal to one acre, including projects that are less than one acre that are part of a larger plan of development or sale that would disturb more than one acre.

E. PRIOR TO ISSUANCE OF A BUILDING PERMIT:

- 1. All off-site public improvement plans shall be prepared by a registered civil engineer and shall be submitted to the City Engineer for review and approval. The improvements shall be designed and placed to the Public Works Department Standards and Specifications.

- 2. The applicant shall submit a composite utility plan signed as approved by a representative of each public utility.
- 3. Landscape and irrigation plans for the public right-of-way shall be incorporated into the improvement plans and shall require approval by the Streets Division Supervisor and the Community Development Department.
- 4. In a special Flood Hazard Area as indicated on a Flood Insurance Rate Map (FIRM) the owner shall provide an Elevation Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor or civil engineer licensed in the State of California.

F. PRIOR TO ISSUANCE OF CERTIFICATE OF OCCUPANCY OR RECORDATION OF THE FINAL MAP:

The Planning Commission has made a finding that the fulfillment of the construction requirements listed below are a necessary prerequisite to the orderly development of the surrounding area.

- 1. The applicant shall pay any current and outstanding fees for Engineering Plan Checking and Construction Inspection services.
- 2. All public improvements are completed and approved by the City Engineer, and accepted by the City Council for maintenance.
- 3. The owner shall offer to dedicate and improve the following street(s) to the standard indicated:

Street Name	City Standard	Standard Drawing No.
-------------	---------------	----------------------

- 4. If, at the time of approval of the final map, any required public improvements have not been completed and accepted by the City the owner shall be required to enter into a Subdivision Agreement with the City in accordance with the Subdivision Map Act.

Bonds required and the amount shall be as follows:
 Performance Bond.....100% of improvement costs.
 Labor and Materials Bond.....50% of performance bond.

- 5. If the existing City street adjacent to the frontage of the project is inadequate for the traffic generated by the project, or will be severely damaged by the construction, the applicant shall excavate the entire structural section and replace it with a standard half-width street plus a 12' wide travel lane and 8' wide graded shoulder adequate to provide for two-way traffic.
- 6. If the existing pavement and structural section of the City street adjacent to the

(Adopted by Planning Commission Resolution 09-028)

frontage of the project is adequate, the applicant shall provide a new structural section from the proposed curb to the edge of pavement and shall overlay the existing paving to centerline for a smooth transition.

- 7. Due to the number of utility trenches required for this project, the City Council adopted Pavement Management Program requires a pavement overlay on _____ along the frontage of the project.

- 8. The applicant shall install all utilities. Street lights shall be installed at locations as required by the City Engineer. All existing overhead utilities adjacent to or within the project shall be relocated underground except for electrical lines 77 kilovolts or greater. All utilities shall be extended to the boundaries of the project.

- 9. The owner shall offer to dedicate to the City the following easement(s). The location and alignment of the easement(s) shall be to the description and satisfaction of the City Engineer:
 - a. Public Utilities Easement;
 - b. Water Line Easement;
 - c. Sewer Facilities Easement;
 - d. Landscape Easement;
 - e. Storm Drain Easement.

- 10. The developer shall annex to the City's Landscape and Lighting District for payment of the operating and maintenance costs of the following:
 - a. Street lights;
 - b. Parkway/open space landscaping;
 - c. Wall maintenance in conjunction with landscaping;
 - d. Graffiti abatement;
 - e. Maintenance of open space areas.

- 11. For a building with a Special Flood Hazard Area as indicated on a Flood Insurance Rate Map (FIRM), the developer shall provide an Elevation Certificate in accordance with the National Flood Insurance Program. This form must be completed by a lands surveyor or civil engineer licensed in the State of California.

- 12. All final property corners shall be installed.

- 13. All areas of the project shall be protected against erosion by hydro seeding or landscaping.

- 14. All construction refuse shall be separated (i.e. concrete, asphalt concrete, wood gypsum board, etc.) and removed from the project in accordance with the City's Source Reduction and Recycling Element.

(Adopted by Planning Commission Resolution 09-028)

- 15. Clear blackline mylars and paper prints of record drawings, signed by the engineer of record, shall be provided to the City Engineer prior to the final inspection. An electronic autocad drawing file registered to the California State Plane – Zone 5 / NAD83 projected coordinate system, units in survey feet, shall be provided.

PASO ROBLES DEPARTMENT OF EMERGENCY SERVICES- The applicant shall contact the Department of Emergency Services, (805) 227-7560, for compliance with the following conditions:

G. GENERAL CONDITIONS

- 1. Prior to the start of construction:
 - Plans shall be reviewed, approved and permits issued by Emergency Services for underground fire lines.
 - Applicant shall provide documentation to Emergency Services that required fire flows can be provided to meet project demands.
 - Fire hydrants shall be installed and operative to current, adopted edition of the California Fire Code.
 - A based access road sufficient to support the department’s fire apparatus (HS-20 truck loading) shall be constructed and maintained for the duration of the construction phase of the project.
 - Access road shall be at least twenty (20) feet in width with at least thirteen (13) feet, six (6) inches of vertical clearance.

- 2. Provide central station monitored fire sprinkler system for all residential, commercial and industrial buildings that require fire sprinklers in current, adopted edition of the California Building Code, California Fire Code and Paso Robles Municipal Code.
 - Plans shall be reviewed, approved and permits issued by Emergency Services for the installation of fire sprinkler systems.

- 3. Provide central station monitored fire alarm system for all residential, commercial and industrial buildings that require fire alarm system in current, adopted edition of the California Building Code, California Fire Code and Paso Robles Municipal Code.

- 4. If required by the Fire Chief, provide on the address side of the building if applicable:
 - Fire alarm annunciator panel in weatherproof case.
 - Knox box key entry box or system.
 - Fire department connection to fire sprinkler system.

- 5. Provide temporary turn-around to current City Engineering Standard for phased construction streets that exceed 150 feet in length.

(Adopted by Planning Commission Resolution 09-028)

- 6. Project shall comply with all requirements in current, adopted edition of California Fire Code and Paso Robles Municipal Code.
- 7. Prior to the issuance of Certificate of Occupancy:
 - Final inspections shall be completed on all underground fire lines, fire sprinkler systems, fire alarm systems and chemical hood fire suppression systems.
 - Final inspections shall be completed on all buildings.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of El Paso de Robles will hold a Public Hearing to consider Tentative Parcel Map PR 12-0078, an application submitted by North Coast Engineering, on behalf of Nunno Corporation, Ltd., requesting to subdivide a 38-acre parcel into four 9.5-acre parcels. The site is located on the south side of Dry Creek Road, east of Airport Road, approximately 1/2 mile from the Airport/Dry Creek Road intersection. APN: 025-436-031.

This hearing will take place in the City Hall/Library Conference Room, 1000 Spring Street, Paso Robles, California, at the hour of 7:30 PM on Tuesday, May 28, 2013, at which time all interested parties may appear and be heard.

Questions about this application may be directed to the Community Development Department at (805) 237-3970 or via email at planning@prcity.com. Comments on the proposed Tentative Parcel Map may be mailed to the Community Development Department, 1000 Spring Street, Paso Robles, CA 93446, or emailed to planning@prcity.com provided that such comments are received prior to the time of the hearing.

This application is Categorically Exempt from environmental review per Section 15301 of the State's Guidelines to Implement the California Environmental Quality Act (CEQA).

If you challenge the Tentative Parcel Map application in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the Planning Commission at or prior to the public hearing.
