

TO: HONORABLE CHAIRMAN AND PLANNING COMMISSION

FROM: WARREN FRACE, COMMUNITY DEVELOPMENT DIRECTOR

SUBJECT: TIME EXTENSION FOR TENTATIVE PARCEL MAP PR 05-0302 (BRUCE WHITE)

DATE: FEBRUARY 23, 2016

Needs: For the Planning Commission to consider the applicant's request for a one-year time extension of PR 05-0302, and a request to modify/omit a condition of approval.

Facts:

1. The site is located at 1337 & 1339 Vine Street, see Location Map, Attachment 1.
2. The parcel map was initially approved on December 13, 2005, via Planning Commission resolution 05-111, allowing for the subdivision of the 10,360 square foot lot into two parcels, where Parcel 1 would be 6,743 square feet and include the existing house, and Parcel 2 would be 3,624 square feet and include the detached barn. See Resolution 05-0111, Attachment 2.
3. In 2005, when the tentative map was originally approved, the zoning designation of the property was R2 with an Office Professional Overlay (R2-OP). In 2006 the Planning Commission approved Conditional Use Permit (CUP) 06-009 allowing the conversion of the primary residence to an office and conversion of the barn to an office use on the first floor with a residence above.
4. The major remodel of the both structures, which included converting the original primary residence to an office, demolition of the original barn, and the construction of a new two story building with an office use on the first floor and a residence on the second floor, was completed in 2009.
5. In 2011, the Uptown Town Centre Specific Plan (Specific Plan) was approved and re-designated this site to T3-F. The T3-F zone is predominately residential with the flexibility to have other uses, which includes office professional.
6. The parcel map was originally scheduled to expire on December 13, 2007, and a time extension was approved by the Planning Commission (Res. 08-003) extending the expiration to December 13, 2008. Since 2008, the parcel map has been automatically extended by the State as a result of AB 1185, AB 333, AB 208, & AB 116, to December 13, 2015.

7. PR 05-0302, has not been recorded and was scheduled to expire on December 13, 2015. A request for a time extension was filed prior to the December 13, 2015 deadline.
8. With the original approval of PR 05-0302, which was initially proposing the creation of a new parcel and adding a new residential unit, Standard Condition of Approval B.5 was required, which required the newly created parcel to be included in the City's Community Facilities District (CFD). The intent of the CFD is to mitigate the incremental impact of new residential development on City Services.
9. Since the existing office professional and residential uses are permitted in the T3-F zone, and there is not a new residential use being created with the recordation of PR 05-0302, Mr. White is requesting that the CFD condition be omitted.

Analysis
and

Conclusion:

Based on the R2-OP zoning at the time of the original tentative map approval, Mr. White's tentative map indicated that the use of the newly created parcel would be residential; therefore there was a requirement for the new residential parcel to be included in the CFD.

Since existing mixed uses on the parcel are consistent with the current T3-F zoning, and since the existing office uses are subject to CUP 06-009, there is not the ability to create additional residential units without amending the CUP. Therefore, Mr. White's request to omit Condition No. B.5 in conjunction with the time extension request seems like a reasonable request. All the remaining project conditions would remain in effect as originally required.

It is Mr. White's intent to record the parcel map in the near future, once the requested condition of approval has been omitted. The Planning Commission has the discretion to change/omit conditions in conjunction with the processing of a time extension when both the City and the applicant agree on the change. In this case, Mr. White has requested that the CFD condition be removed.

Policy

Reference:

General Plan Land Use Element, Zoning Code.

Fiscal

Impact:

There are no specific fiscal impacts associated with approval of this time extension.

Options: After consideration of public testimony, the Planning Commission should consider one of the following options:

- a. Adopt a resolution granting a one-year time extension for Tentative Parcel Map PR 05-0302, and omit Standard Condition No. B.5, not requiring the parcel map to be included in the Community Facilities District;
- b. Adopt a resolution granting a time extension for a shorter period of time;
- c. Amend, modify or reject the above noted options.

RESOLUTION NO. 05-0111

**A RESOLUTION OF THE PLANNING COMMISSION
OF THE CITY OF EL PASO DE ROBLES
TO GRANT APPROVAL FOR TENTATIVE PARCEL MAP PR 05-0302
(Bruce White)
APN: 009-033-012**

WHEREAS, this is Tentative Parcel Map PR 05-0302, an application filed by Bruce White, to divide a 10,360 s.f. parcel into two single family residential parcels located at 1337 Vine Street; and

WHEREAS, the subject site is located in the RMF-8 land use category and in the R-2 zoning district; and

WHEREAS, the applicant proposes to create two lots that would be 6,743 s.f. and 3,624 s.f. in area; and

WHEREAS, proposed parcel 1 has an existing single family home located on it, and proposed parcel 2 has a storage structure located on it that is intended to be converted into a residence in the future; and

WHEREAS, the proposed map would be consistent with density standards of the R2 zoning district which allows subdivision of a parcel that is 7,000 s.f. or larger into two parcels; and

WHEREAS, the proposed tentative parcel map is Categorically Exempt from environmental review per Section 15315 of the State's Guidelines to Implement the California Environmental Quality Act (CEQA), Class 15, Minor Land Divisions; and

WHEREAS, the open public hearing was conducted by the Planning Commission on December 13, 2005 to consider facts as presented in the staff report prepared for the tentative parcel map, and to accept public testimony regarding the application; and

WHEREAS, based upon the facts and analysis presented in the staff report, public testimony received and subject to the conditions listed below, the Planning Commission makes the following findings as required by Government Code Sections 66474 and 65457:

1. The proposed tentative parcel map is consistent with the adopted General Plan for the City of El Paso de Robles;

2. The design of lots, streets, open space, drainage, sewers, water and other improvements is consistent with the General Plan and Zoning Ordinance;
3. The site is physically suitable for the type of development proposed;
4. The site is physically suitable for the proposed density of development;
5. The design of the land division is not likely to cause substantial environmental damage or substantially and unavoidably injure fish or wildlife or their habitat;
6. The land division proposed is not likely to cause serious public health problems;
7. The design of the land division will not conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision;
8. The fulfillment of the requirements listed in the Conditions below are a necessary prerequisite to the orderly development of the site and surrounding area.

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of El Paso de Robles, does hereby grant tentative map approval for Tentative Parcel Map PR 05-0302 subject to the following conditions of approval.

STANDARD CONDITIONS OF APPROVAL:

1. The applicant/developer shall comply with those standard conditions which are indicated as applicable in "Exhibit A" to this resolution.

SITE SPECIFIC CONDITIONS OF APPROVAL:

NOTE: In the event of conflict or duplication between standard and site specific conditions, the site specific condition shall supersede the standard condition.

PLANNING

2. The project shall be designed so that it substantially conforms with the following exhibit and conditions established by this resolution:

<u>EXHIBIT</u>	<u>DESCRIPTION</u>
B	Tentative Parcel Map PR 05-0302

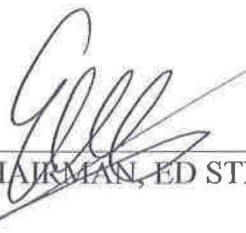

3. A Constructive Notice shall be recorded with the Final Map that requires tree protection measures identified in the Arborist Report be employed during construction of future development on Parcel 2, including construction of sewer lines and parking spaces, and that no oak trees shall be removed on this site to accommodate building construction.

ENGINEERING

4. Prior to occupancy of any building permit on Parcel 2, the alley must be improved in accordance with City Standard A-17 from the south boundary of the property north to 14th Street. A standard alley approach is required at 14th Street.
5. Prior to final map approval, the applicant shall reconstruct the existing sidewalk adjacent to the property on Vine Street.
6. Prior to final map approval, the applicant shall enter into an agreement not to protest the formation of an assessment district to underground existing overhead utilities in the block.
7. The final parcel map shall include all utility easements necessary, including easements for water and sewer services.

PASSED AND ADOPTED THIS 13th day of December, 2005 by the following Roll Call Vote:

AYES: Commissioners – Meneth, Johnson, Flynn, Hamon, Holstein, Mattke and Chair Steinbeck
NOES: Commissioners –
ABSENT: Commissioner –
ABSTAIN: Commissioners -

CHAIRMAN, ED STEINBECK

EXHIBIT A OF RESOLUTION ~~03~~-05-0111

CITY OF EL PASO DE ROBLES STANDARD DEVELOPMENT CONDITIONS
FOR SINGLE FAMILY RESIDENTIAL TRACT AND PARCEL MAPS

PROJECT #: Tentative Parcel Map PR 05-0302

APPROVING BODY: Planning Commission

DATE OF APPROVAL: _____

APPLICANT: White

LOCATION: 1337 Vine Street

The following conditions that have been checked are standard conditions of approval for the above referenced project. The checked conditions shall be complied with in their entirety before the project can be finalized, unless otherwise specifically indicated. In addition, there may be site specific conditions of approval that apply to this project in the resolution.

COMMUNITY DEVELOPMENT DEPARTMENT - The applicant shall contact the Planning Division, (805) 237-3970, for compliance with the following conditions:

A. GENERAL CONDITIONS

- 1. This project approval shall expire on December 13, 2006, unless a time extension request is filed with the Community Development Department prior to expiration.
- 2. The site shall be developed and maintained in accordance with the approved plans and unless specifically provided for through the Planned Development process, development shall comply with the Zoning Code, all other applicable City Ordinances, and applicable Specific Plans.
- 3. Prior to recordation of the map, all conditions of approval shall be completed to the satisfaction of the City Engineer and Community Developer Director or his designee.
- 4. This project is subject to the California Environmental Quality Act (CEQA), which requires the applicant submit a \$25.00 filing fee for the Notice of Determination payable to "County of San Luis Obispo". The fee should be submitted to the Community Development Department within 24 hours of project approval, which is then forwarded to the San Luis Obispo County Clerk. Please note that the project may be subject to court challenge unless the required fee is paid.
- 5. In accordance with Government Section 66474.9, the subdivider shall defend, indemnify and hold harmless the City, or its agent, officers and employees, from any claim, action or proceeding brought within the time period provided for in Government Code section 66499.37, against the City, or its agents, officers, or employees, to attack, set aside, void, annul the City's approval of this subdivision. The City will promptly notify subdivider of any such claim or action and will cooperate fully in the defense thereof.

(Adopted by Planning Commission Resolution 94-038)

- 6. All signs shall be subject to review and approval as required by Municipal Code Section 21.19 and shall require a separate application and approval prior to installation of any sign.
- 7. All existing and/or new lighting shall be shielded so as to be directed downward in such a manner as to not create off-site glare or adversely impact adjacent properties. The style, location and height of the lighting fixtures shall be submitted with the building plans and subject to approval by the Community Development Department.
- 8. All existing and/or new landscaping shall be installed with automatic irrigation systems.
- 9. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 10. The following areas shall be placed in a Landscape and Lighting District:
- 11. The following areas shall be permanently maintained by the property owner, Homeowners' Association, or other means acceptable to the City:

- 12. The applicant shall install durable, decorative fence/wall treatments and landscaping along all arterial streets consisting of brick, tubular steel with pilasters, or other similar materials as determined by the Development Review Committee, but specifically excluding precision block and wood fences. Substantial setbacks with landscaping may be considered as an alternative, subject to approval by the Development Review Committee.
- 13. The applicant shall provide a one-foot non-access easement along the rear/side of all lots that back up/side against a collector or arterial street.

B. THE FOLLOWING CONDITIONS SHALL BE COMPLETED PRIOR TO THE ISSUANCE OF BUILDING PERMITS OR RECORDATION OF THE FINAL MAP, WHICHEVER OCCURS FIRST:

- 1. Two sets of the revised Planning Commission approved plans incorporating all Conditions of Approval, standard and site specific, shall be submitted to the Community Development Department.
- 2. Prior to the issuance of building permits, the
 - Development Review Committee shall approve the following:
 - Planning Division Staff shall approve the following:
 - a. A detailed landscape plan including walls/fencing;
 - b. Other: Exterior Lighting Cut Sheets
- 3. The Covenants, Conditions, and Restrictions (CC&Rs) and/or Articles Affecting Real Property Interests are subject to the review and approval of the Community Development Department, the

(Adopted by Planning Commission Resolution 94-038)

Public Works Department and/or the City Attorney. They shall be recorded concurrently with the Final Map or prior to the issuance of building permits, whichever occurs first. A recorded copy shall be provided to the affected City Departments.

- 4. The applicant shall agree, in a manner acceptable to the City Attorney, to pay impact mitigation fees as may be established through a resolution or ordinance adopted by the City Council, in effect at the time building permits are issued.
- 5. The applicant shall take the steps necessary to annex to or form a City Community Facilities District (CFD) in order to provide funding for City services for each new parcel or dwelling unit in the proposed development. The agreement to form or annex to a CFD shall be in a manner to be approved by the City Attorney. Participation in a City CFD for services is intended to fully mitigate the incremental impact of new residential development on City services.

In order to insure that there is adequate and consistent funding to provide for City services in a manner reflective of adopted General Plan standards, it is necessary to provide a "fall back" funding mechanism in case, for any reason, it is not possible to annex to or form a CFD that would fully mitigate the incremental fiscal impacts on City services. A fall back funding mechanism is also needed if a CFD is formed and for whatever reason the CFD is invalidated or otherwise is incapable of meeting its intended purpose of fully mitigating the impacts of new residential development on City services.

In order to insure that there is an alternative form of fiscal mitigation, prior to final approval of any project creating additional residential lots or dwelling units, the property owner shall agree, in a manner subject to approval by the City Attorney, to provide for alternative means of fiscal mitigation. The alternative means of fiscal mitigation could include, but would not be limited to, equivalent services being provided by a Homeowners Association, a perpetual endowment to cover the incremental costs of City services (including a CPI adjustment), a City road maintenance assessment district, or a combination of such tools to insure full fiscal mitigation of impacts to City services.

- 6. Street names shall be submitted for review and approval by the Planning Commission, prior to approval of the final map.
- 7. The developer shall provide constructive notice to all buyers that all homes are required to utilize semi-automated trash containers as provided by the City's franchisee for solid waste collection.
- 8. The developer shall provide constructive notice to future buyers that all residential units shall be required to be equipped with trash compactors.
- 9. The applicant shall meet with the City's Crime Prevention Officer prior to the issuance of building permits for recommendations on security measures to be incorporated into the design of the structures to be constructed. The applicant is encouraged to contact the Police Department at (805) 237-6464 prior to plan check submittal.

PUBLIC WORKS DEPARTMENT - The applicant shall contact the Engineering Division, (805) 237-3860, for compliance with the following conditions:

APPLICANT: White
REPRESENTATIVE: McCarthy
PROJECT: Tentative Parcel Map 05-0302

PREPARED BY: John Falkenstien
CHECKED BY:
TO PLANNING:

C. PRIOR TO ANY PLAN CHECK:

- 1. The applicant shall enter into an Engineering Plan Check and Inspection Services Agreement with the City.

D. PRIOR TO RECORDING OF THE FINAL OR PARCEL MAP:

- 1. The owner shall pay all Final Map fees, and current and outstanding fees for Engineering Plan Check and Construction and Inspection services and any annexation fees due.
- 2. If, at the time of approval of the final/record parcel map, any required public improvements have not been completed and accepted by the City the owner shall be required to enter into a Subdivision Agreement with the City in accordance with the Subdivision Map Act, prior to recordation. The owner shall also be required to post securities to guarantee the installation and completion of said improvements as specified in the Subdivision Map Act and submit a Certificate of Insurance as required by the City. The owner shall also be required to post securities for grading in accordance with Section 7008 of the Uniform Building Code, latest edition. This bond shall be of sufficient amount to ensure completion of the grading and drainage facilities. (A finding of "orderly development" has been made for this condition on parcel maps).

Bonds required and the amount shall be as follows:

Performance Bond.....100% of improvement costs.

Labor and Materials Bond.....50% of performance bond.

- 3. The developer shall annex to the City's Landscape and Lighting District for payment of the operating and maintenance costs of the following:
 - a. Street lights;
 - b. Parkway and open space landscaping;
 - c. Wall maintenance in conjunction with landscaping;
 - d. Graffiti abatement;
 - e. Maintenance of open space areas.
- 4. The owner shall offer to dedicate to the City a 6 foot public utilities and 6 foot tree easement adjacent to all road right-of-ways. The owner shall offer to dedicate to the City the following easement(s). The location and alignment of the easement(s) shall be to the description and satisfaction of the City Engineer:
 - a. Public Utilities Easement;
 - b. Water Line Easement;
 - c. Sewer Facilities Easement;
 - d. Landscape Easement;
 - e. Storm Drain Easement.

(Adopted by Planning Commission Resolution 94-038)

- 5. The subdivider shall offer to dedicate and improve the following street(s) to the standard indicated:

Vine Street	Westside	A-12
Street Name	City Standard	Standard Drawing No.

- 6. Landscape and irrigation plans for the public right-of-way shall be incorporated into the improvement plans and shall require a signature of approval by the Department of Public Works, Street Superintendent and the Community Development Department.
- 7. All improvement plans shall be prepared by a registered civil engineer and shall be submitted to the City Engineer for review and approval. The improvements shall be designed and placed to Public Works Department Standards and Specifications.
- 8. Prior to any site work a Preliminary Soils Report shall be prepared for the property to determine the presence of expansive soils or other soils problems and shall make recommendations regarding grading of the proposed site.
- 9. The applicant shall submit a composite utility plan signed as approved by a representative of each public utility, together with the improvement plans. The composite utility plan shall also be signed by the Water, Fire, Wastewater and Street Division Managers.
- 10. A complete grading and drainage plan prepared by a registered civil engineer shall be included with the improvement plans. Drainage calculations shall be submitted, with provisions made for on-site detention/ retention if adequate disposal facilities are not available, as determined by the City Engineer.
- 11. The owner shall provide an additional map sheet to record concurrently with the final map or parcel map showing the lot configuration, and the area subject to inundation by the 100 year storm with base flood elevations shown in feet, in relation to the National Geodetic Vertical Datum of 1929.
- 12. The owner shall install all utilities (sewer, water, gas, electricity, cable TV, and telephone) underground to each lot in the subdivision. Street lights shall be installed at locations as required by the City Engineer. All existing overhead utilities adjacent to or within the project shall be relocated underground, except for electrical lines 77 kilovolts or greater. All utilities shall be extended to the boundaries of the project, unless it is determined that no need for future extension exists. All underground construction shall be completed and approved by the City and the public utility companies, and the subgrade shall be scarified and compacted, before paving the streets.
- 13. Any utility trenching in existing streets shall be overlaid to restore a smooth riding surface as required by the City Engineer. Boring and jacking rather than trenching may be required on newly constructed or heavily traveled City Streets.
- 14. Prior to paving any street, the water and sewer systems shall successfully pass a City pressure test. The sewer system shall also be tested by a means of a mandrel and video inspection with a copy of the video tape provided to the City. No paving shall occur until the City has reviewed and viewed the sewer video tape and has determined that the sewerline is acceptable. Any repair costs to the pipeline including trench paving restoration shall be at the developer's expense.

- 15. The owner shall install all street name, traffic signs and traffic striping as directed by the City Engineer.
- 16. The adjoining existing City street is inadequate for the traffic generated by the project, or will be severely damaged by the construction. The applicant shall remove the entire roadway and replace it with a minimum full half-width street plus a 12' wide travel lane and 8' wide base shoulder adequate to provide for two-way traffic. (A finding of "rough proportionality" has been made in the resolution for this condition.)
- 17. The development includes a phased street construction along the project boundary for future completion by the adjacent property owner, the applicant shall provide a minimum half-width street plus a 12' travel lane and 4' wide base shoulder adequate for two-way traffic. (A finding of "rough proportionality" has been made in the resolution for this condition.)
- 18. The project fronts on an existing street. The applicant shall pave-out from the proposed gutter to the edge of pavement if the existing pavement section is adequate, and shall feather the new paving out to the centerline for a smooth transition. If the existing pavement, structural sections or geometrics are inadequate per current City Standards, the roadway shall be replaced to centerline and the remaining pavement shall be overlaid. (A finding of "rough proportionality" has been made in the resolution for this condition.)

E. PRIOR TO ANY SITE WORK:

- 1. The applicant shall obtain a Grading Permit from the City Building Division.
- 2. Prior to issuance of a Grading Permit the developer shall apply, through the City, to FEMA and receive a Letter of Map Amendment (LOMA) issued from FEMA. The developer's engineer shall provide the required supporting data to justify the application.
- 3. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No. 553, Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to its removal.
- 4. All property corners shall be staked for construction control, and shall be promptly replaced if destroyed.
- 5. Any grading anticipated during the rainy season (October 15 to April 15) will require the approval of a construction zone drainage and erosion control plan to prevent damage to adjacent property. Appropriateness of areas shall be subject to City Engineer approval.
- 6. Any construction within an existing street shall require a traffic control plan. The plan shall include any necessary detours, flagging, signing, or road closures requested. Said plan shall be prepared and signed by a registered civil or traffic engineer.

F. PRIOR TO ISSUANCE OF A BUILDING PERMIT:

- 1. A final soils report shall be submitted to the City prior to the final inspection and shall certify that all grading was inspected and approved, and that all work has been done in accordance with the plans, preliminary report, and Chapter 70 of the Uniform Building Code.

- 2. The applicants civil and soils engineer shall submit a certification that the rough grading work has been completed in substantial conformance to the approved plans and permit.
- 3. Building permits shall not be issued until the water system has been completed and approved, and a based access road installed sufficient to support the City's fire trucks, in a manner approved by the Fire Chief.
- 4. Prior to issuance of a Building Permit for building within Flood Insurance Rate Map (FIRM) zones A1-A30, AE, AO, AH, A, V1-V30, VE and V, the developer shall provide an Elevation Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor, engineer or architect licensed in the State of California.
- 5. Prior to issuance of a Building Permit for building within Flood Insurance Rate Map (FIRM) zones A1-A30, AE, AO, AH, A, V1-V30, VE and V, the developer shall provide a Flood Proofing Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor, engineer or architect licensed in the State of California.

G. PRIOR TO ISSUANCE OF CERTIFICATE OF OCCUPANCY:

- 1. All final property corners and street monuments shall be installed before acceptance of the public improvements.
- 2. No buildings shall be occupied until all public improvements are completed and approved by the City Engineer, and accepted by the City Council for maintenance.
- 3. All disturbed areas not slated for development shall be protected against erosion in a manner acceptable to the City Engineer, which may include hydroseeding or landscaping.
- 4. The applicant shall pay any current and outstanding fees for Engineering Plan Checking and Construction Inspection Services and any outstanding annexation fees.
- 5. All top soil removed shall be stockpiled and evenly distributed over the slopes and lots upon completion of rough grading to support hydroseeding and landscaping. All slope areas shall be protected against erosion by hydroseeding or landscaping.
- 6. All construction refuse shall be separated (i.e. concrete, asphalt concrete, wood, gypsum board, etc.) and removed from the project to a recycling facility in accordance with the City's Source Reduction and Recycling Element.
- 7. If any of the public improvements or conditions of approval are not completed or met, then the subdivider may, at the discretion of the City Engineer, enter into a Performance Agreement with the City to complete said improvements at a later date and post securities to cover the cost of the improvements. The form of the agreement and amount of the securities are subject to the approval of the City Engineer.
- 8. A blackline clear Mylar (0.4 MIL) copy and two (2) blueline prints of as-built improvement plans, signed by the engineer of record, shall be provided to the City Engineer prior to the final inspection. A reduced copy (i.e. 1" = 100') of the composite utility plan shall be provided to update the City's Atlas Map.

- 9. A benchmark shall be placed for vertical control on the U.S.G.S. Datum as required by the City Engineer.

PASO ROBLES FIRE DEPARTMENT - The applicant shall contact the Fire Department, (805) 237-3973, for compliance with the following conditions:

H. GENERAL CONDITIONS

- 1. Fire hydrants shall be installed at intervals as required by the Fire Chief and City Engineer. The maximum spacing for single family residential shall be 500 feet. The maximum spacing for multi-family and commercial/residential shall be 300 feet. On-site hydrants shall be placed as required by the Fire Chief.
- 2. Building permits shall not be issued until the water system, including hydrants, has been tested and accepted and a based access road installed sufficient to support the City's fire apparatus (HS-20 truck loading). The access road shall be kept clear to a minimum of 24 feet at all times and shall be extended to each lot and shall be maintained to provide all weather driving conditions.
- 3. No buildings shall be occupied until all improvements are completed and accepted by the City for maintenance.
- 4. If the development includes phased street construction, temporary turn-arounds shall be provided for streets that exceed 150 feet in length. The temporary turn around shall meet City requirements as set forth in the Public Works Department Standards and Specifications.
- 5. All open space areas to be dedicated to the City shall be inspected by the Fire Department prior to acceptance. A report shall be submitted recommending action needed for debris, brush and weed removal and tree trimming. The developer shall clean out all debris, dead limbs and trash from areas to be recorded as open space prior to acceptance into a Benefit Maintenance District.
- 6. Any open space included in a private development shall be subject to the approval of a vegetation management plan approved by the Fire Chief.
- 7. Each tract or phase shall provide two sources of water and two points of access unless otherwise determined by the Fire Chief and Public Works Director.
- 8. Provisions shall be made to update the Fire Department Run Book.

RESOLUTION NO: 16-_____

A RESOLUTION OF THE PLANNING COMMISSION
OF THE CITY OF EL PASO DE ROBLES
TO GRANT A ONE-YEAR TIME EXTENSION &
CONDITION OF APPROVAL MODIFICATION
FOR TENTATIVE PARCEL MAP PR 05-0302
(BRUCE WHITE)
APN: 009-033-012

WHEREAS, a time extension request for Tentative Parcel Map PR 04-0495, has been filed by Bruce White; and

WHEREAS, the site is located at 1337 & 1339 Vine Street; and

WHEREAS, the parcel map was initially approved on December 13, 2005, via Planning Commission resolution 05-111, allowing for the subdivision of the 10,360 square foot lot into two parcels, where Parcel 1 would be 6,743 square feet and include the existing house, and Parcel 2 would be 3,624 square feet and include the detached barn; and

WHEREAS, in 2006 the Planning Commission approved Conditional Use Permit (CUP) 06-009 allowing the conversion of the primary residence to an office and conversion of the barn to an office use on the first floor with a residence above; and

WHEREAS, in 2011 the Uptown Town Centre Specific Plan (Specific Plan) was approved and re-designated this site from R2-OP to T3-F, which is predominately residential with the flexibility to have other uses, including office professional uses by right; and

WHEREAS, with the original approval of PR 05-0302, which was initially proposing the creation of a new parcel and adding a new residential unit, Standard Condition of Approval B.5 was required, which required the newly created parcel to be included in the City's Community Facilities District (CFD); and

WHEREAS, since CUP 06-009 has been approved allowing for the existing office professional uses, and there is no new residential uses being created with the recordation of PR 05-0302, the applicant is requesting that the Standard Condition No. B.5 be omitted along with the time extension request; and

WHEREAS, PR 05-0302, has not been recorded and was scheduled to expire on December 13, 2015, and a request for a time extension was filed prior to the December 13, 2015 deadline; and

WHEREAS, the Planning Commission is empowered through the Zoning Code to approve development plans and their related Time Extension requests; and

WHEREAS, a public hearing was conducted by the Planning Commission on February 23, 2016 to consider facts as presented in the staff report prepared for this time extension and condition of approval modification request, and to accept public testimony regarding the extension; and

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of El Paso de Robles does hereby grant a one year time extension (as measured from the most current expiration date of December 13, 2015) to PR 05-0302 along with the omission of Standard Condition B.5, removing the condition requiring the newly created parcel to be included in the City's Community Facilities District (CFD), subject to the following conditions:

1. All conditions adopted within resolutions 05-0111 shall remain in full force and effect, except to that Standard Condition B.5 can be omitted (See Revised Standard Conditions, Exhibit A).
2. Tentative Parcel Map PR 04-0495 shall expire on December 13, 2016, unless a time extension request is filed prior to that date.

EXHIBIT A OF RESOLUTION 16-_____

**CITY OF EL PASO DE ROBLES STANDARD DEVELOPMENT CONDITIONS
FOR SINGLE FAMILY RESIDENTIAL TRACT AND PARCEL MAPS**

PROJECT #: Tentative Parcel Map PR 05-0302

APPROVING BODY: Planning Commission

DATE OF APPROVAL: February 23, 2016 (Time Extension/Omit Cond. B.5)

APPLICANT: White

LOCATION: 1337/1339 Vine Street

The following conditions that have been checked are standard conditions of approval for the above referenced project. The checked conditions shall be complied with in their entirety before the project can be finalized, unless otherwise specifically indicated. In addition, there may be site specific conditions of approval that apply to this project in the resolution.

COMMUNITY DEVELOPMENT DEPARTMENT - The applicant shall contact the Planning Division, (805) 237-3970, for compliance with the following conditions:

A. GENERAL CONDITIONS

- 1. This project approval shall expire on **December 13, 2017**, unless a time extension request is filed with the Community Development Department prior to expiration.
- 2. The site shall be developed and maintained in accordance with the approved plans and unless specifically provided for through the Planned Development process, development shall comply with the Zoning Code, all other applicable City Ordinances, and applicable Specific Plans.
- 3. Prior to recordation of the map, all conditions of approval shall be completed to the satisfaction of the City Engineer and Community Developer Director or his designee.
- 4. This project is subject to the California Environmental Quality Act (CEQA), which requires the applicant submit a \$25.00 filing fee for the Notice of Determination payable to "County of San Luis Obispo". The fee should be submitted to the Community Development Department within 24 hours of project approval, which is then forwarded to the San Luis Obispo County Clerk. Please note that the project may be subject to court challenge unless the required fee is paid.
- 5. In accordance with Government Section 66474.9, the subdivider shall defend, indemnify and hold harmless the City, or its agent, officers and employees, from any claim, action or proceeding brought within the time period provided for in Government Code section 66499.37, against the City, or its agents, officers, or employees, to attack, set aside, void, annul the City's approval of this subdivision. The City will promptly notify subdivider of any such claim or action and will cooperate fully in the defense thereof.

- 6. All signs shall be subject to review and approval as required by Municipal Code Section 21.19 and shall require a separate application and approval prior to installation of any sign.
- 7. All existing and/or new lighting shall be shielded so as to be directed downward in such a manner as to not create off-site glare or adversely impact adjacent properties. The style, location and height of the lighting fixtures shall be submitted with the building plans and subject to approval by the Community Development Department.
- 8. All existing and/or new landscaping shall be installed with automatic irrigation systems.
- 9. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 10. The following areas shall be placed in a Landscape and Lighting District:
- 11. The following areas shall be permanently maintained by the property owner, Homeowners' Association, or other means acceptable to the City:

- 12. The applicant shall install durable, decorative fence/wall treatments and landscaping along all arterial streets consisting of brick, tubular steel with pilasters, or other similar materials as determined by the Development Review Committee, but specifically excluding precision block and wood fences. Substantial setbacks with landscaping may be considered as an alternative, subject to approval by the Development Review Committee.
- 13. The applicant shall provide a one-foot non-access easement along the rear/side of all lots that back up/side against a collector or arterial street.

B. THE FOLLOWING CONDITIONS SHALL BE COMPLETED PRIOR TO THE ISSUANCE OF BUILDING PERMITS OR RECORDATION OF THE FINAL MAP, WHICHEVER OCCURS FIRST:

- 1. Two sets of the revised Planning Commission approved plans incorporating all Conditions of Approval, standard and site specific, shall be submitted to the Community Development Department.
- 2. Prior to the issuance of building permits, the
 - Development Review Committee shall approve the following:
 - Planning Division Staff shall approve the following:
 - a. A detailed landscape plan including walls/fencing;
 - b. Other: Exterior Lighting Cut Sheets
- 3. The Covenants, Conditions, and Restrictions (CC&Rs) and/or Articles Affecting Real Property Interests are subject to the review and approval of the Community Development Department, the

Public Works Department and/or the City Attorney. They shall be recorded concurrently with the Final Map or prior to the issuance of building permits, whichever occurs first. A recorded copy shall be provided to the affected City Departments.

4. The applicant shall agree, in a manner acceptable to the City Attorney, to pay impact mitigation fees as may be established through a resolution or ordinance adopted by the City Council, in effect at the time building permits are issued.

~~5. The applicant shall take the steps necessary to annex to or form a City Community Facilities District (CFD) in order to provide funding for City services for each new parcel or dwelling unit in the proposed development. The agreement to form or annex to a CFD shall be in a manner to be approved by the City Attorney. Participation in a City CFD for services is intended to fully mitigate the incremental impact of new residential development on City services.~~

~~In order to insure that there is adequate and consistent funding to provide for City services in a manner reflective of adopted General Plan standards, it is necessary to provide a "fall back" funding mechanism in case, for any reason, it is not possible to annex to or form a CFD that would fully mitigate the incremental fiscal impacts on City services. A fall back funding mechanism is also needed if a CFD is formed and for whatever reason the CFD is invalidated or otherwise is incapable of meeting its intended purpose of fully mitigating the impacts of new residential development on City services.~~

~~In order to insure that there is an alternative form of fiscal mitigation, prior to final approval of any project creating additional residential lots or dwelling units, the property owner shall agree, in a manner subject to approval by the City Attorney, to provide for alternative means of fiscal mitigation. The alternative means of fiscal mitigation could include, but would not be limited to, equivalent services being provided by a Homeowners Association, a perpetual endowment to cover the incremental costs of City services (including a CPI adjustment), a City road maintenance assessment district, or a combination of such tools to insure full fiscal mitigation of impacts to City services.~~

6. Street names shall be submitted for review and approval by the Planning Commission, prior to approval of the final map.

7. The developer shall provide constructive notice to all buyers that all homes are required to utilize semi-automated trash containers as provided by the City's franchisee for solid waste collection.

8. The developer shall provide constructive notice to future buyers that all residential units shall be required to be equipped with trash compactors.

9. The applicant shall meet with the City's Crime Prevention Officer prior to the issuance of building permits for recommendations on security measures to be incorporated into the design of the structures to be constructed. The applicant is encouraged to contact the Police Department at (805) 237-6464 prior to plan check submittal.

PUBLIC WORKS DEPARTMENT - The applicant shall contact the Engineering Division, (805) 237-3860, for compliance with the following conditions:

APPLICANT: White
REPRESENTATIVE: McCarthy
PROJECT: Tentative Parcel Map 05-0302

PREPARED BY: John Falkenstien
CHECKED BY:
TO PLANNING:

C. PRIOR TO ANY PLAN CHECK:

- 1. The applicant shall enter into an Engineering Plan Check and Inspection Services Agreement with the City.

D. PRIOR TO RECORDING OF THE FINAL OR PARCEL MAP:

- 1. The owner shall pay all Final Map fees, and current and outstanding fees for Engineering Plan Check and Construction and Inspection services and any annexation fees due.
- 2. If, at the time of approval of the final/record parcel map, any required public improvements have not been completed and accepted by the City the owner shall be required to enter into a Subdivision Agreement with the City in accordance with the Subdivision Map Act, prior to recordation. The owner shall also be required to post securities to guarantee the installation and completion of said improvements as specified in the Subdivision Map Act and submit a Certificate of Insurance as required by the City. The owner shall also be required to post securities for grading in accordance with Section 7008 of the Uniform Building Code, latest edition. This bond shall be of sufficient amount to ensure completion of the grading and drainage facilities. (A finding of "orderly development" has been made for this condition on parcel maps).

Bonds required and the amount shall be as follows:
Performance Bond.....100% of improvement costs.
Labor and Materials Bond.....50% of performance bond.

- 3. The developer shall annex to the City's Landscape and Lighting District for payment of the operating and maintenance costs of the following:
 - a. Street lights;
 - b. Parkway and open space landscaping;
 - c. Wall maintenance in conjunction with landscaping;
 - d. Graffiti abatement;
 - e. Maintenance of open space areas.
- 4. The owner shall offer to dedicate to the City a 6 foot public utilities and 6 foot tree easement adjacent to all road right-of-ways. The owner shall offer to dedicate to the City the following easement(s). The location and alignment of the easement(s) shall be to the description and satisfaction of the City Engineer:
 - a. Public Utilities Easement;
 - b. Water Line Easement;
 - c. Sewer Facilities Easement;
 - d. Landscape Easement;
 - e. Storm Drain Easement.

5. The subdivider shall offer to dedicate and improve the following street(s) to the standard indicated:

Vine Street	Westside	A-12
Street Name	City Standard	Standard Drawing No.

6. Landscape and irrigation plans for the public right-of-way shall be incorporated into the improvement plans and shall require a signature of approval by the Department of Public Works, Street Superintendent and the Community Development Department.
7. All improvement plans shall be prepared by a registered civil engineer and shall be submitted to the City Engineer for review and approval. The improvements shall be designed and placed to Public Works Department Standards and Specifications.
8. Prior to any site work a Preliminary Soils Report shall be prepared for the property to determine the presence of expansive soils or other soils problems and shall make recommendations regarding grading of the proposed site.
9. The applicant shall submit a composite utility plan signed as approved by a representative of each public utility, together with the improvement plans. The composite utility plan shall also be signed by the Water, Fire, Wastewater and Street Division Managers.
10. A complete grading and drainage plan prepared by a registered civil engineer shall be included with the improvement plans. Drainage calculations shall be submitted, with provisions made for on-site detention/ retention if adequate disposal facilities are not available, as determined by the City Engineer.
11. The owner shall provide an additional map sheet to record concurrently with the final map or parcel map showing the lot configuration, and the area subject to inundation by the 100 year storm with base flood elevations shown in feet, in relation to the National Geodetic Vertical Datum of 1929.
12. The owner shall install all utilities (sewer, water, gas, electricity, cable TV, and telephone) underground to each lot in the subdivision. Street lights shall be installed at locations as required by the City Engineer. All existing overhead utilities adjacent to or within the project shall be relocated underground, except for electrical lines 77 kilovolts or greater. All utilities shall be extended to the boundaries of the project, unless it is determined that no need for future extension exists. All underground construction shall be completed and approved by the City and the public utility companies, and the subgrade shall be scarified and compacted, before paving the streets.
13. Any utility trenching in existing streets shall be overlaid to restore a smooth riding surface as required by the City Engineer. Boring and jacking rather than trenching may be required on newly constructed or heavily traveled City Streets.
14. Prior to paving any street, the water and sewer systems shall successfully pass a City pressure test. The sewer system shall also be tested by a means of a mandrel and video inspection with a copy of the video tape provided to the City. No paving shall occur until the City has reviewed and viewed the sewer video tape and has determined that the sewerline is acceptable. Any repair costs to the pipeline including trench paving restoration shall be at the developer's expense.

- 15. The owner shall install all street name, traffic signs and traffic striping as directed by the City Engineer.
- 16. The adjoining existing City street is inadequate for the traffic generated by the project, or will be severely damaged by the construction. The applicant shall remove the entire roadway and replace it with a minimum full half-width street plus a 12' wide travel lane and 8' wide base shoulder adequate to provide for two-way traffic. (A finding of "rough proportionality" has been made in the resolution for this condition.)
- 17. The development includes a phased street construction along the project boundary for future completion by the adjacent property owner, the applicant shall provide a minimum half-width street plus a 12' travel lane and 4' wide base shoulder adequate for two-way traffic. (A finding of "rough proportionality" has been made in the resolution for this condition.)
- 18. The project fronts on an existing street. The applicant shall pave-out from the proposed gutter to the edge of pavement if the existing pavement section is adequate, and shall feather the new paving out to the centerline for a smooth transition. If the existing pavement, structural sections or geometrics are inadequate per current City Standards, the roadway shall be replaced to centerline and the remaining pavement shall be overlaid. (A finding of "rough proportionality" has been made in the resolution for this condition.)

E. PRIOR TO ANY SITE WORK:

- 1. The applicant shall obtain a Grading Permit from the City Building Division.
- 2. Prior to issuance of a Grading Permit the developer shall apply, through the City, to FEMA and receive a Letter of Map Amendment (LOMA) issued from FEMA. The developer's engineer shall provide the required supporting data to justify the application.
- 3. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No. 553, Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to its removal.
- 4. All property corners shall be staked for construction control, and shall be promptly replaced if destroyed.
- 5. Any grading anticipated during the rainy season (October 15 to April 15) will require the approval of a construction zone drainage and erosion control plan to prevent damage to adjacent property. Appropriateness of areas shall be subject to City Engineer approval.
- 6. Any construction within an existing street shall require a traffic control plan. The plan shall include any necessary detours, flagging, signing, or road closures requested. Said plan shall be prepared and signed by a registered civil or traffic engineer.

F. PRIOR TO ISSUANCE OF A BUILDING PERMIT:

- 1. A final soils report shall be submitted to the City prior to the final inspection and shall certify that all grading was inspected and approved, and that all work has been done in accordance with the plans, preliminary report, and Chapter 70 of the Uniform Building Code.

- 2. The applicants civil and soils engineer shall submit a certification that the rough grading work has been completed in substantial conformance to the approved plans and permit.
- 3. Building permits shall not be issued until the water system has been completed and approved, and a based access road installed sufficient to support the City's fire trucks, in a manner approved by the Fire Chief.
- 4. Prior to issuance of a Building Permit for building within Flood Insurance Rate Map (FIRM) zones A1-A30, AE, AO, AH, A, V1-V30, VE and V, the developer shall provide an Elevation Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor, engineer or architect licensed in the State of California.
- 5. Prior to issuance of a Building Permit for building within Flood Insurance Rate Map (FIRM) zones A1-A30, AE, AO, AH, A, V1-V30, VE and V, the developer shall provide a Flood Proofing Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor, engineer or architect licensed in the State of California.

G. PRIOR TO ISSUANCE OF CERTIFICATE OF OCCUPANCY:

- 1. All final property corners and street monuments shall be installed before acceptance of the public improvements.
- 2. No buildings shall be occupied until all public improvements are completed and approved by the City Engineer, and accepted by the City Council for maintenance.
- 3. All disturbed areas not slated for development shall be protected against erosion in a manner acceptable to the City Engineer, which may include hydroseeding or landscaping.
- 4. The applicant shall pay any current and outstanding fees for Engineering Plan Checking and Construction Inspection Services and any outstanding annexation fees.
- 5. All top soil removed shall be stockpiled and evenly distributed over the slopes and lots upon completion of rough grading to support hydroseeding and landscaping. All slope areas shall be protected against erosion by hydroseeding or landscaping.
- 6. All construction refuse shall be separated (i.e. concrete, asphalt concrete, wood, gypsum board, etc.) and removed from the project to a recycling facility in accordance with the City's Source Reduction and Recycling Element.
- 7. If any of the public improvements or conditions of approval are not completed or met, then the subdivider may, at the discretion of the City Engineer, enter into a Performance Agreement with the City to complete said improvements at a later date and post securities to cover the cost of the improvements. The form of the agreement and amount of the securities are subject to the approval of the City Engineer.
- 8. A blackline clear Mylar (0.4 MIL) copy and two (2) blue-line prints of as-built improvement plans, signed by the engineer of record, shall be provided to the City Engineer prior to the final inspection. A reduced copy (i.e. 1" = 100') of the composite utility plan shall be provided to update the City's Atlas Map.

- 9. A benchmark shall be placed for vertical control on the U.S.G.S. Datum as required by the City Engineer.

PASO ROBLES FIRE DEPARTMENT - The applicant shall contact the Fire Department, (805) 237-3973, for compliance with the following conditions:

H. GENERAL CONDITIONS

- 1. Fire hydrants shall be installed at intervals as required by the Fire Chief and City Engineer. The maximum spacing for single family residential shall be 500 feet. The maximum spacing for multi-family and commercial/residential shall be 300 feet. On-site hydrants shall be placed as required by the Fire Chief.
- 2. Building permits shall not be issued until the water system, including hydrants, has been tested and accepted and a based access road installed sufficient to support the City's fire apparatus (HS-20 truck loading). The access road shall be kept clear to a minimum of 24 feet at all times and shall be extended to each lot and shall be maintained to provide all weather driving conditions.
- 3. No buildings shall be occupied until all improvements are completed and accepted by the City for maintenance.
- 4. If the development includes phased street construction, temporary turn-arounds shall be provided for streets that exceed 150 feet in length. The temporary turn around shall meet City requirements as set forth in the Public Works Department Standards and Specifications.
- 5. All open space areas to be dedicated to the City shall be inspected by the Fire Department prior to acceptance. A report shall be submitted recommending action needed for debris, brush and weed removal and tree trimming. The developer shall clean out all debris, dead limbs and trash from areas to be recorded as open space prior to acceptance into a Benefit Maintenance District.
- 6. Any open space included in a private development shall be subject to the approval of a vegetation management plan approved by the Fire Chief.
- 7. Each tract or phase shall provide two sources of water and two points of access unless otherwise determined by the Fire Chief and Public Works Director.
- 8. Provisions shall be made to update the Fire Department Run Book.

Monica C Hollenbeck

CITY OF EL PASO DE ROBLES
NOTICE OF PUBLIC HEARING;
NOTICE IS HEREBY GIVEN that the Planning Commission of the City of El Paso de Robles will hold a Public Hearing to consider a request for a 1-year time extension and a request to amend the conditions of approval for the following project:
Tentative Parcel Map PR 05-0302: a two lot parcel map that would subdivide the existing 10,367 square foot parcel into two parcels where Parcel 1 would be 6,743 square feet, and Parcel 2 would be 3,624. The property is located at 1337/1339 Vine Street.
The meeting will begin at the hour of 6:30 pm on February 23, 2016, in the Conference Center (First Floor) at the Paso Robles Library/City Hall, 1000 Spring Street, Paso Robles, California. All interested parties may appear and be heard at this hearing.
Questions about this application may be directed to the Community Development Department at (805) 237-3970 or via email at planning@prcity.com. Comments on the proposed Conditional Use Permit may be mailed to the Community Development Department, 1000 Spring Street, Paso Robles, CA 93446 or emailed to planning@prcity.com provided that such comments are received prior to the time of the hearing.
If you challenge the time extension in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the Planning Commission at, or prior to, the public hearing.
Darren Nash, Associate Planner
