

City of Paso Robles Planning Commission Agenda Report

From: Megan Miller, Planning Intern

Subject: **Bellissimo Restaurant and Apartments Planned Development (PD 17-002)**
Application requesting to add an additional 1,074 square feet of office space on the second floor of the Bellissimo Restaurant project proposed to be located at the corner of Spring Street and 4th Street (APN 009-291-007).
Applicant – Kasey Walker

Date: January 23, 2018

Facts

1. This item was continued from the January 9, 2018 Planning Commission meeting, because of a noticing error.
2. This project is located on a vacant parcel at the southeast corner of Spring Street and 4th Street. See Attachment 1, Vicinity Map.
3. On September 12, 2017, the Planning Commission approved a new mixed use development plan consisting of a 4,120 square foot restaurant, with 1,270 square foot of office on the second floor, and 3,500 square feet of outdoor dining area. The project also includes the construction of a 4-unit apartment complex.
4. An application has been submitted by Garth Kornreich, Architect, on behalf of Kasey Walker, for an amendment to add an additional 1,074 square feet of office space on the second floor of the Bellissimo Restaurant.
5. The property is zoned in the Uptown/Town Center Specific Plan as Town Center-2 (TC-2), and is designated in the General Plan as Downtown Commercial. Offices are permitted land uses in the TC-2 zone.
6. The restaurant building is proposed to have portions of the building up to 2-stories (36 feet), which complies with the 50-foot/4-story height limit of the TC-2 Zone. The office space will be on the second floor.
7. The approved project required a total of 27 parking spaces, and with the additional office space, the project is now required to have a total of 29 parking spaces. The site plan has been designed to provide 29 parking spaces, which complies with the necessary required spaces.
8. The exterior facade of the additional office space is consistent with the approved architectural style that is consistent with the Uptown / Town Center Specific Plan that incorporates primarily stucco exterior finish materials and mission clay tile roof. See Attachment 3, Architectural Elevations.

Agenda Item 1

9. In accordance with the California Environmental Quality Act (CEQA) Guidelines Section 15332, this project is Categorically Exempt (Class 32, Infill), from environmental review, and no environmental analysis is required. Consistency criteria include: (1) the project is consistent with all applicable development regulations; (2) the project site is within the City limits; (3) the project site is less than five acres; (4) the site does not have habitat value; and (5) the project would not result in significant environmental effects related to traffic, noise, air quality or water quality.

Options

1. Adopt Draft Resolution A (Attachment 4), approving Planned Development Amendment (PD 17-002).
2. Refer the project back to staff for additional analysis on specific issues identified, and continue the public hearing to a date-certain.
3. Deny Planned Development 17-002, based on specific findings for denial to be made by the Planning Commission.

Analysis and Conclusions

Project Summary

The proposed Bellissimo restaurant is an upper scale restaurant proposed at the south end of town, at the entrance to the City. The restaurant fits within the downtown historic design context and provides a compatible pedestrian-oriented scale development. As such, the project is consistent with the Uptown/Town Center Specific Plan and surrounding development. The project supports the City's Economic Strategy by providing infill development, restaurants for locals and tourists, expanding existing local business, and by providing local employment opportunities. The proposed 1,270 square foot addition seems reasonable at this location.

As noted above, the project complies with the applicable parking requirements and all development standards.

Analysis of Options

1. Option 1

The applicant is proposing additional office spaces on the second floor of the approved restaurant project that supports infill development goals in the downtown. The project would be consistent with the General Plan, Zoning Ordinance, Uptown/Town Center Specific Plan, and Economic Strategy.

2. Option 2

The Commission may wish to make suggestions to the site plan or architecture, and continue the public hearing to provide staff and the applicant time to address issues raised.

3. Option 3

If the Planning Commission decides to deny approval of the additional offices, the Commission must make specific findings as to how the project is not consistent with City policies and/or standards.

Fiscal Impact

Mixed Use buildings with retail/restaurant on the first floor with office on the second floor are encouraged within the Downtown, are consistent with the City's economic strategy and support the tourism/business industry. The project will also provide employment and rental housing opportunities for local citizens. The project is anticipated to have a slight positive fiscal impact on the City.

Recommendation

Approve Draft Resolution A, approving Planned Development Amendment (PD 17-002).

RESOLUTION 18-xxx

**A RESOLUTION OF THE PLANNING COMMISSION
OF THE CITY OF EL PASO DE ROBLES
APPROVING PLANNED DEVELOPMENT AMENDMENT (PD 17-002)
APPLICANT BELLISSIMO RESTAURANT/DUPLEXS – KASEY WALKER
SOUTHEAST CORNER OF 4TH STREET AND SPRING STREET, APN: 009-291-007**

WHEREAS, on September 12, 2017 the Planning Commission approved Resolution 17-039 approving Planned Development (PD 17-002) allowing for the construction of a 4,120± square foot restaurant, with 1,270± square foot of office on the second floor, 3,500± square feet of outdoor dining area, and the construction of a 4-unit apartment complex on the vacant parcel located at the southeast corner of Spring Street and 4th Street, APN 009-291-007; and

WHEREAS, Garth Kornreich, Architect, on behalf of Kasey Walker, has submitted for amendment to the Bellissimo project to add an additional 1,074 square feet of office on the second floor of the restaurant; and

WHEREAS, the property is zoned in the Uptown/Town Center Specific Plan as Town Center-2 (TC-2), and is designated in the General Plan as CC (Community Commercial). Offices are permitted land uses in the TC-2 zone, and is consistent with the General Plan designation; and

WHEREAS, the restaurant building is proposed to have portions of the building up to 2-stories (36 feet), which complies with the 50-foot/4-story height limit of the TC-2 Zone. The office space will be on the second floor; and

WHEREAS, the approved project required a total of 27 parking spaces, and with the addition office space, the project is now required to have a total of 29 parking spaces. The site plan has been designed to provide 29 parking spaces; and

WHEREAS, the additional office buildings are consistent with the approved architectural style that is consistent with the Uptown / Town Center Specific Plan with incorporates primarily stucco exterior finish materials and mission clay tile roof; and

WHEREAS, in accordance with the California Environmental Quality Act (CEQA) Guidelines Section 15332, this project is Categorically Exempt (Class 32, Infill), from environmental review, and no environmental analysis is required. Consistency criteria include: (1) the project is consistent with all applicable development regulations; (2) the project site is within the City limits; (3) the project site is less than five acres; (4) the site does not have habitat value; and (5) the project would not result in significant environmental effects related to traffic, noise, air quality or water quality; and

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission of the City of El Paso de Robles does hereby approve an amendment to Planned Development 17-002, subject to the following conditions of approval:

Section 1. The above recitals are true and correct and incorporated herein by reference.

Attachment 4

Section 2. Findings. In accordance with Zoning Ordinance Section 21.23B.050, Findings for Approval of Development Plans, and based upon the facts and analysis presented in the staff report and the attachments thereto, the public testimony received, and subject to the Conditions of Approval listed below, the Planning Commission makes the following findings:

1. The project is consistent with the goals and policies established by the General Plan, since the project would provide for expanded hotel development that supports infill development in the downtown, and additional tourist-oriented development.
2. The project is consistent with and supports the intent of the Town Center-1 (TC-1) zone in the Uptown/Town Center Specific Plan since it would help preserve and augment Downtown's unique historical value while enhancing its economic vitality.
3. The project is a “permitted” use in the Town Center-1 (TC-1) Zone in the Uptown/Town Center Specific Plan (UTCSP), and complies with all applicable development standards in the UTCSP and Zoning Ordinance.
4. The proposed development plan will not be detrimental to the health, safety, morals, comfort, convenience and general welfare of the person residing or working in the neighborhood, or be injurious or detrimental to property and improvements in the neighborhood or to the general welfare of the city since the property is surrounded by similar land uses, and it would not result in significant noise, traffic, light, glare, or other potential effects.
5. The proposed development plan accommodates the aesthetic quality of the city as a whole since it is designed consistent with the historic, pedestrian-scale development pattern of the downtown area, and incorporates an historic themed architectural form and would utilize compatible building materials such as rock, stucco, ornamental metalwork, and divided pane windows and balconies.
6. The proposed development plan is compatible with, and is not detrimental to, surrounding land uses and improvements, provides an appropriate visual appearance, and is an infill development project that would not impact environmental resources, and is therefore exempt from environmental review (Class 32), under the California Environmental Quality Act.
7. The proposed development plan is compatible with existing surrounding development and historic buildings, as noted in #4 above.
8. The proposed development plan contributes to the orderly development of the city as a whole by providing a well-designed project that is suitable for the location where it is proposed and surrounding land uses in the vicinity.

Section 3. Conditions. The Planning Commission of the City of El Paso de Robles does hereby approved Planned Development 17-002 Amendment, subject to the following Conditions of Approval.

1. Resolution 17-039 shall be superseded by this resolution which incorporates the 1,074 square foot of additional office space on the second floor. This project shall comply with the Project Specific Conditions of Approval attached hereto as Exhibit A, and the checked Standard Conditions of Approval, attached hereto as Exhibit B, and incorporated herein by reference.

Attachment 4

Exhibit A

PROJECT SPECIFIC CONDITIONS:

NOTE: In the event of conflict or duplication between standard and site-specific conditions, the site-specific condition shall supersede the standard condition.

Planning Division Conditions:

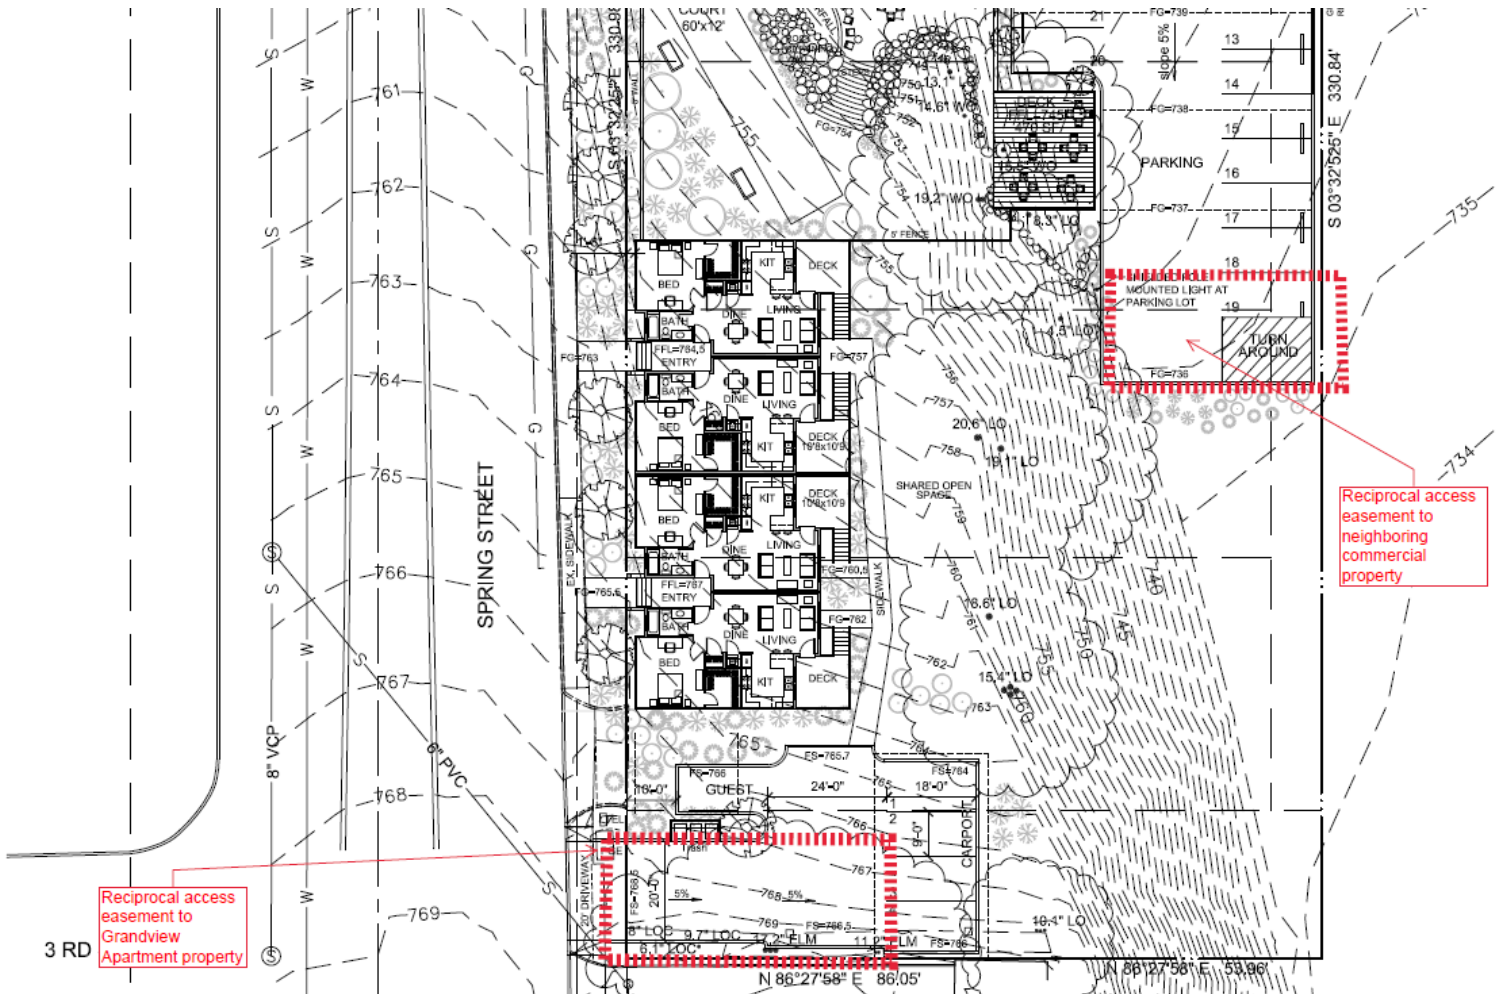

1. The project shall be constructed in substantial conformance with the Conditions of Approval established by this Resolution and it shall be constructed in substantial conformance with the following Exhibits:

EXHIBITS	DESCRIPTION
----------	-------------

- | | |
|----|--------------------------------|
| B. | Standard Conditions |
| C. | Site Plan / Floor Plan |
| D. | Elevations - 1 |
| E. | Elevations - 2 |
| F. | Preliminary Grading Plan 1 - 2 |
| G. | Color and Materials |
| H. | Tree Protection Plan |
2. The project shall be designed and constructed to be in substantial conformance with the site plan, elevations, floor plans, colors and materials, and preliminary grading plan approved with this resolution.
 3. Approval of this project is valid for a period of two (2) years from date of approval. Unless permits have been issued and site work has begun, the approval of Planned Development 17-002 shall expire on January 9, 2020. The Planning Commission may extend this expiration date if a Time Extension application has been filed with the City along with the fees before the expiration date.
 4. Oak tree protection measures outlined in the Tree Protection Plan (Attachment I) shall be complied with. Prior to the issuance of a Grading Permit, the project Arborist shall provide acknowledgment of proposed grading and building foundation to insure proper oak protection measures have been provided.
 5. Prior to issuance of certificates of use and occupancy, the property owner or authorized agent is required to pay the City's Development Impact Fees.
 6. No underground or aboveground storage of hazardous materials shall be allowed on-site without first obtaining City approval.
 7. Temporary construction noise levels in excess of 60 decibels shall be restricted to the daylight hours of 7am to 6pm. Noise levels shall be measured or monitored from site boundaries or the nearest adjoining residential use to determine compliance.
 8. Use and operation of the project and its appurtenances shall be conducted in compliance with the City's General Performance Standards for all uses (Section 21.21.040 of Chapter 21.21 Performance Standards of the City's Zoning Ordinance).

Engineering Division Conditions:

- Reciprocal parking and access easement shall be provided to the neighboring lots as shown in Diagram 1 below.

- A Stormwater Control Plan needs to be submitted with the grading plan for the project.
- Details for screening the double check valve assembly on the fire line need to be provided, and shall be located on the project site so that it is screened from view.
- Curb, gutter, sidewalk, decorative tree wells, trees, and decorative streetlights on 4th and Spring Streets must be constructed as determined by the City Engineer prior to building final.
- Street trees with decorative grates (City Std. C-4) shall be placed in the constructed tree wells on 4th and Spring Streets. Street tree species shall be approved by the Community Service Department and installed per City Std L-3.
- Decorative street lights, owned and maintained by PG&E, shall be placed along 4th and Spring Streets at an interval approved by the City Engineer. Street light standard to be approved by City Engineer.

Attachment 4

15. Sewer and Water connection location shall be approved by the City Engineer.
16. The driveway location for the apartments shall be installed as close to the southern property line as feasible and acceptable to the City Engineer. The applicant shall investigate combining the drive approach with the neighbors to align the driveways with the intersection of 3rd and Spring Street. Turning movements will need to be determined by the City Engineer at the time of issuance of the encroachment permit.

CITY OF EL PASO DE ROBLES STANDARD DEVELOPMENT CONDITIONS

Planned Development _____ Conditional Use Permit _____

Tentative Parcel Map _____ Tentative Tract Map _____

Approval Body: Planning Commission Date of Approval: Jan. 23, 2018

Applicant: Bellissimo Restaurant and Duplex Location: 4th & Spring St.
APN: 009-291-007

The following conditions that have been checked are standard conditions of approval for the above referenced project. The checked conditions shall be complied with in their entirety before the project can be finalized, unless otherwise specifically indicated. In addition, there may be site specific conditions of approval that apply to this project in the resolution.

COMMUNITY DEVELOPMENT DEPARTMENT - The applicant shall contact the Community Development Department, (805) 237-3970, for compliance with the following conditions:

A. GENERAL CONDITIONS – PD/CUP:

- 1. This project approval shall expire on January 23, 2020 unless a time extension request is filed with the Community Development Department, or a State mandated automatic time extension is applied prior to expiration.
- 2. The site shall be developed and maintained in accordance with the approved plans and unless specifically provided for through the Planned Development process shall not waive compliance with any sections of the Zoning Code, all other applicable City Ordinances, and applicable Specific Plans.
- 3. To the extent allowable by law, Owner agrees to hold City harmless from costs and expenses, including attorney’s fees, incurred by City or held to be the liability of City in connection with City’s defense of its actions in any proceeding brought in any State or Federal court challenging the City’s actions with respect to the project. Owner understands and acknowledges that City is under no obligation to defend any legal actions challenging the City’s actions with respect to the project.

(Adopted by Planning Commission Resolution _____)

Attachment 4

- 4. Any site specific condition imposed by the Planning Commission in approving this project (**Conditional Use Permit**) may be modified or eliminated, or new conditions may be added, provided that the Planning Commission shall first conduct a public hearing in the same manner as required for the approval of this project. No such modification shall be made unless the Commission finds that such modification is necessary to protect the public interest and/or neighboring properties, or, in the case of deletion of an existing condition, that such action is necessary to permit reasonable operation and use for this approval.
- 5. The site shall be kept in a neat manner at all times and the landscaping shall be continuously maintained in a healthy and thriving condition.
- 6. All signs shall be subject to review and approval as required by Municipal Code Section 21.19 and shall require a separate application and approval prior to installation of any sign.
- 7. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 8. Prior to the issuance of a Building Permit a landscape and irrigation plan consistent with the Landscape and Irrigation Ordinance, shall be submitted for City review and approval. The plan needs to be designed in a manner that utilizes drought tolerant plants, trees and ground covers and minimizes, if not eliminates the use of turf. The irrigation plan shall utilize drip irrigation and limit the use of spray irrigation. All existing and/or new landscaping shall be installed with automatic irrigation systems.
- 9. A reciprocal parking and access easement and agreement for site access, parking, and maintenance of all project entrances, parking areas, landscaping, hardscape, common open space, areas and site lighting standards and fixtures, shall be recorded prior to or in conjunction with the Final Map. Said easement and agreement shall apply to all properties, and be referenced in the site Covenants, Conditions and Restrictions (CC&Rs).
- 10. All outdoor storage shall be screened from public view by landscaping and walls or fences per Section 21.21.110 of the Municipal Code.
- 11. For commercial, industrial, office or multi-family projects, all refuse enclosures are required to provide adequate space for recycling bins. The enclosure shall be architecturally compatible with the primary building. Gates shall be view obscuring and constructed of durable materials. Check with Paso Robles Waste Disposal to determine the adequate size of enclosure based on the number and size of containers to be stored in the enclosure.

(Adopted by Planning Commission Resolution _____)

Attachment 4

- 12. For commercial, industrial, office or multi-family projects, all existing and/or new ground-mounted appurtenances such as air-conditioning condensers, electrical transformers, backflow devices etc., shall be screened from public view through the use of decorative walls and/or landscaping subject to approval by the Community Development Director or his designee. Details shall be included in the building plans.
- 13. All existing and/or new roof appurtenances such as air-conditioning units, grease hoods, etc. shall be screened from public view. The screening shall be architecturally integrated with the building design and constructed of compatible materials to the satisfaction of the Community Development Director or his designee. Details shall be included in the building plans.
- 14. All existing and/or new lighting shall be shielded so as to be directed downward in such a manner as to not create off-site glare or adversely impact adjacent properties. The style, location and height of the lighting fixtures shall be submitted with the building plans and shall be subject to approval by the Community Development Director or his designee.
- 15. All walls/fences and exposed retaining walls shall be constructed of decorative materials which include but are not limited to splitface block, slumpstone, stuccoed block, brick, wood, crib walls or other similar materials as determined by the Development Review Committee, but specifically excluding precision block.
- 16. It is the property owner's responsibility to insure that all construction of private property improvements occur on private property. It is the owner's responsibility to identify the property lines and insure compliance by the owner's agents.
- 17. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No.835 N.S., Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to removal.
- 18. No storage of trash cans or recycling bins shall be permitted within the public right-of-way.
- 19. Prior to recordation of the map or prior to occupancy of a project, all conditions of approval shall be completed to the satisfaction of the City Engineer and Community Developer Director or his designee.
- 20. Two sets of the revised Planning Commission approved plans incorporating all Conditions of Approval, standard and site specific, shall be submitted to the Community Development Department prior to the issuance of building permits.

(Adopted by Planning Commission Resolution _____)

Attachment 4

- 21. Prior to the issuance of building permits, the
 - Development Review Committee shall approve the following:
 - Planning Division Staff shall approve the following:
 - a. A detailed site plan indicating the location of all structures, parking layout, outdoor storage areas, walls, fences and trash enclosures;
 - b. A detailed landscape plan;
 - c. Detailed building elevations of all structures indicating materials, colors, and architectural treatments;
 - d. Other: See PD 17-001 Res._____

B. GENERAL CONDITIONS – TRACT/PARCEL MAP:

- 1. In accordance with Government Section 66474.9, the subdivider shall defend, indemnify and hold harmless the City, or its agent, officers and employees, from any claim, action or proceeding brought within the time period provided for in Government Code section 66499.37, against the City, or its agents, officers, or employees, to attack, set aside, void, annul the City's approval of this subdivision. The City will promptly notify subdivider of any such claim or action and will cooperate fully in the defense thereof.
- 2. The Covenants, Conditions, and Restrictions (CC&Rs) and/or Articles Affecting Real Property Interests are subject to the review and approval of the Community Development Department, the Public Works Department and/or the City Attorney. They shall be recorded concurrently with the Final Map or prior to the issuance of building permits, whichever occurs first. A recorded copy shall be provided to the affected City Departments.
- 3. The owner shall petition to annex residential Tract (or Parcel Map)_____ into the City of Paso Robles Community Facilities District No. 2005-1 for the purposes of mitigation of impacts on the City's Police and Emergency Services Departments.
- 4. Street names shall be submitted for review and approval by the Planning Commission, prior to approval of the final map.
- 5. The following areas shall be permanently maintained by the property owner, Homeowners' Association, or other means acceptable to the City:

(Adopted by Planning Commission Resolution _____)

Attachment 4

ENGINEERING DIVISION- The applicant shall contact the Engineering Division, (805) 237-3860, for compliance with the following conditions:

All conditions marked are applicable to the above referenced project for the phase indicated.

C. PRIOR TO ANY PLAN CHECK:

1. The applicant shall enter into an Engineering Plan Check and Inspection Services Agreement with the City.

D. PRIOR TO ISSUANCE OF A GRADING PERMIT:

1. Prior to approval of a grading plan, the developer shall apply through the City, to FEMA and receive a Letter of Map Amendment (LOMA) issued from FEMA. The developer's engineer shall provide the required supporting data to justify the application.
2. Any existing Oak trees located on the project site shall be protected and preserved as required in City Ordinance No. 553, Municipal Code No. 10.01 "Oak Tree Preservation", unless specifically approved to be removed. An Oak tree inventory shall be prepared listing the Oak trees, their disposition, and the proposed location of any replacement trees required. In the event an Oak tree is designated for removal, an approved Oak Tree Removal Permit must be obtained from the City, prior to its removal.
3. A complete grading and drainage plan shall be prepared for the project by a registered civil engineer and subject to approval by the City Engineer. The project shall conform to the City's Storm Water Discharge Ordinance.
4. A Preliminary Soils and/or Geology Report providing technical specifications for grading of the site shall be prepared by a Geotechnical Engineer.
5. A Storm Water Pollution Prevention Plan per the State General Permit for Storm Water Discharges Associated with Construction Activity shall be provided for any site that disturbs greater than or equal to one acre, including projects that are less than one acre that are part of a larger plan of development or sale that would disturb more than one acre.

E. PRIOR TO ISSUANCE OF A BUILDING PERMIT:

1. All off-site public improvement plans shall be prepared by a registered civil engineer and shall be submitted to the City Engineer for review and approval. The improvements shall be designed and placed to the Public Works Department Standards and Specifications.
2. The applicant shall submit a composite utility plan signed as approved by a

(Adopted by Planning Commission Resolution _____)

Attachment 4

representative of each public utility.

- 3. Landscape and irrigation plans for the public right-of-way shall be incorporated into the improvement plans and shall require approval by the Streets Division Supervisor and the Community Development Department.
- 4. In a special Flood Hazard Area as indicated on a Flood Insurance Rate Map (FIRM) the owner shall provide an Elevation Certificate in accordance with the National Flood Insurance program. This form must be completed by a land surveyor or civil engineer licensed in the State of California.

F. PRIOR TO ISSUANCE OF CERTIFICATE OF OCCUPANCY OR RECORDATION OF THE FINAL MAP:

The Planning Commission has made a finding that the fulfillment of the construction requirements listed below are a necessary prerequisite to the orderly development of the surrounding area.

- 1. The applicant shall pay any current and outstanding fees for Engineering Plan Checking and Construction Inspection services.
- 2. All public improvements are completed and approved by the City Engineer, and accepted by the City Council for maintenance.
- 3. The owner shall offer to dedicate and improve the following street(s) to the standard indicated:

Street Name	City Standard	Standard Drawing No.
- 4. If, at the time of approval of the final map, any required public improvements have not been completed and accepted by the City the owner shall be required to enter into a Subdivision Agreement with the City in accordance with the Subdivision Map Act.

Bonds required and the amount shall be as follows:
Performance Bond.....100% of improvement costs.
Labor and Materials Bond.....50% of performance bond.

- 5. If the existing City street adjacent to the frontage of the project is inadequate for the traffic generated by the project, or will be severely damaged by the construction, the applicant shall excavate the entire structural section and replace it with a standard half-width street plus a 12' wide travel lane and 8' wide graded shoulder adequate to provide for two-way traffic.
- 6. If the existing pavement and structural section of the City street adjacent to the frontage of the project is adequate, the applicant shall provide a new structural

(Adopted by Planning Commission Resolution _____)

Attachment 4

section from the proposed curb to the edge of pavement and shall overlay the existing paving to centerline for a smooth transition.

- 7. Due to the number of utility trenches required for this project, the City Council adopted Pavement Management Program requires a pavement overlay on _____ along the frontage of the project.
- 8. The applicant shall install all utilities. Street lights shall be installed at locations as required by the City Engineer. All existing overhead utilities adjacent to or within the project shall be relocated underground except for electrical lines 77 kilovolts or greater. All utilities shall be extended to the boundaries of the project.
- 9. The owner shall offer to dedicate to the City the following easement(s). The location and alignment of the easement(s) shall be to the description and satisfaction of the City Engineer:
 - a. Public Utilities Easement;
 - b. Water Line Easement;
 - c. Sewer Facilities Easement;
 - d. Landscape Easement;
 - e. Storm Drain Easement.
- 10. The developer shall annex to the City's Landscape and Lighting District for payment of the operating and maintenance costs of the following:
 - a. Street lights;
 - b. Parkway/open space landscaping;
 - c. Wall maintenance in conjunction with landscaping;
 - d. Graffiti abatement;
 - e. Maintenance of open space areas.
- 11. For a building with a Special Flood Hazard Area as indicated on a Flood Insurance Rate Map (FIRM), the developer shall provide an Elevation Certificate in accordance with the National Flood Insurance Program. This form must be completed by a lands surveyor or civil engineer licensed in the State of California.
- 12. All final property corners shall be installed.
- 13. All areas of the project shall be protected against erosion by hydro seeding or landscaping.
