AGENDA ITEMS PROPOSED TO BE TABLED OR RE-SCHEDULED: None

PRESENTATIONS: None

Planning Commission approval of a development project is one step in the process of meeting applicable legal requirements. In addition to receiving Planning Commission approvals, all development plans must comply with applicable Zoning and Building Codes. Applicants are encouraged to consult with a design professional to confirm what provisions of the Uniform Building Codes and, in particular, requirements for handicapped access will apply to your project and the design and/or financial implications of meeting these legal requirements.

All items on the Planning Commission Agenda are scheduled for action unless explicitly otherwise stated. Planning Commission Action on General Plan Amendments, Rezones, Street and Public Easement Abandonments, Street Name Changes, Code Amendments and any legislative related action is a recommendation to the City Council; the Council will hold a separate public hearing prior to taking final action. All Other Planning Commission action is final unless an appeal application, including the required fee, is filed with the Community Development Department within 15 calendar days of the date of the action. Any member of the public or the City Council may file an appeal. Please see last page of agenda for how to file an appeal.

Planning Related Appeal Process

Decisions or determinations by the City's staff, Development Review Committee (DRC) or Planning Commission can be appealed by any interested person (applicant, neighbor, public official, or other interested party). The appeal process is described by Chapter 21.23.A of the City's Municipal Code, and is summarized as follows:

- a. An appeal of a staff determination or interpretation will be heard by the Planning Commission. There is no charge to the appealing party.
- b. The DRC is a subcommittee of the Planning Commission. Their role is to review design details as outlined in Chapter 21.23 B of the Municipal Code. Any decision, determination or recommendation of the DRC may be appealed to the full Planning Commission. There is no charge to the appealing party.
- c. In the absence of an appeal to the City Council, the Planning Commission is the final authority on Lot Line Adjustments, Parcel and Subdivision Maps, Conditional Use Permits, Planned Developments, design details and Zoning Code interpretations. Decisions and determinations by the Planning Commission are appeal able to the City Council. Appeals to the City Council require a \$100. deposit toward covering the City's processing costs, including required a public notice(s).

When must an appeal be filed?

An appeal must be filed within fifteen (15) calendar days of the decision. Upon receipt of an appeal, the matter will be scheduled for consideration before the appeal body as soon as feasible. Appeal applications can be obtained from anyone in the Community Development Department or by calling (805) 237-3970.

What is the effect of filing an appeal?

If an appeal is filed, the body considering the appeal will consider the request as if it were a new application. Opportunities will be provided for all interested parties to speak and/or provide evidence to support approval or denial of the appeal.

There is no penalty for filing an appeal. The City cannot and will not penalize anyone for filing an appeal. Each application for a land use or other entitlement is handled on a "first-come-first- served" basis. (The City keeps a "log" of applications filed, and any of the public is welcome to confirm the order of processing for each application.)

How Can I Get More Information on Appeals?

Please call the Community Development Department at (805) 237-3970, or stop by City Hall at 1000 Spring Street, Paso Robles, CA 93446.
