PRESENTATIONS

Planning Commission approval of a development project is one step in the process of meeting applicable legal requirements. In addition to receiving Planning Commission approvals, all development plans must comply with applicable Zoning and Building Codes. Applicants are encouraged to consult with a design professional to confirm what provisions of the Uniform Building Codes and, in particular, requirements for handicapped access will apply to your project and the design and/or financial implications of meeting these legal requirements.

All items on the Planning Commission Agenda are scheduled for action unless explicitly otherwise stated. Planning Commission Action on General Plan Amendments, Rezones, Street and Public Easement Abandonments, Street Name Changes, Code Amendments and any legislative related action is a recommendation to the City Council; the Council will hold a separate public hearing prior to taking final action. All Other Planning Commission action is final unless an appeal application, including the required fee, is filed with the Community Development Department within 15 calendar days of the date of the action. Any member of the public or the City Council may file an appeal. Please see last page of agenda for how to file an appeal.

PUBLIC HEARINGS

- 1. FILE #: **PLANNED DEVELOPMENT 05-002 and TRACT 2654**
- APPLICATION: To consider a request to subdivide 9.24 acres into 24 lots including 20 single family lots, one multi-family property and three open space parcels. The project proposes to construct five detached single family homes, four duplexes, one triplex, one four-

plex and a five unit apartment building. The Planning Commission will also be considering the content and potential application of any conditions of approval that relate to the subject application.
APPLICANT: Cameron Financial
LOCATION: corner of South River Road and Serenade Drive

2. FILE #: **CONDITIONAL USE PERMIT 05-012**
APPLICATION: To consider a request to establish a card room. The Planning Commission will also be considering the content and potential application of any conditions of approval that relate to the subject application.
APPLICANT: David Stearns
LOCATION: 1124 Black Oak Drive

3. FILE #: **GENERAL PLAN AMENDMENT 05-001, PARTS A and B; AND REZONE 05-005**
APPLICATION: To consider making recommendations regarding adoption of Negative Declarations and approval of a two (2) part General Plan Amendment relating to the Land Use Element of the General Plan as follows:
Part A): To consider modifying the General Plan’s designation of property currently designated as “Parks and Open Space” and a portion designated as “Agriculture” to a “Business Park” land use designation. In conjunction with the General Plan Amendment is an application for Rezone 05-005 to consider modifying the Zoning Code designation of the property currently designated as “Parks and Open Space” to a “Planned Industrial” zoning designation. The Planning Commission will also be considering the content and potential application of any conditions of approval that relate to the subject application.
APPLICANT: Tom Erskine
LOCATION: East of Golden Hill Road and north of Highway 46 East
Part B): To reflect the most recent land use data and projections of the City’s “build-out” population based on the land use designations established in the 2003 General Plan update. The text changes to the General Plan acknowledge current land use information and recognize that the most recent build-

out projections (based on persons per dwelling unit and other specified factors) would result in a City population in 2025 that would be consistent with the established General Plan policy of a population not-to-exceed 44,000 residents. No changes in land use designations or policy are proposed as a part of this General Plan text Amendment, and there would be no environmental impacts resulting from updating the land use data and population build-out projections.

APPLICANT: City Initiated
LOCATION: Citywide

Planning Related Appeal Process

Decisions or determinations by the City's staff, Development Review Committee (DRC) or Planning Commission can be appealed by any interested person (applicant, neighbor, public official, or other interested party). The appeal process is described by Chapter 21.23.A of the City's Municipal Code, and is summarized as follows:

- a. An appeal of a staff determination or interpretation will be heard by the Planning Commission. There is no charge to the appealing party.
- b. The DRC is a subcommittee of the Planning Commission. Their role is to review design details as outlined in Chapter 21.23 B of the Municipal Code. Any decision, determination or recommendation of the DRC may be appealed to the full Planning Commission. There is no charge to the appealing party. In the absence of an appeal to the City Council, the Planning Commission is the final authority on Lot Line Adjustments, Parcel and Subdivision Maps, Conditional Use Permits, Planned Developments, design details and Zoning Code interpretations. Decisions and determinations by the Planning Commission are appeal able to the City Council. Appeals to the City Council require a \$200 fee deposit as adopted by City Council Resolution No. 03-66 toward covering the City's processing costs, including required public notice(s).

When must an appeal be filed?

An appeal must be filed within fifteen (15) calendar days of the decision. Upon receipt of an appeal, the matter will be scheduled for consideration before the appeal body as soon as feasible. Appeal applications can be obtained from the City's website at www.prcity.com, anyone in the Community Development Department or by calling (805) 237-3970.

What is the effect of filing an appeal?

If an appeal is filed, the body considering the appeal will consider the request as if it were a new application. Opportunities will be provided for all interested parties to speak and/or provide evidence to support approval or denial of the appeal.

There is no penalty for filing an appeal. The City cannot and will not penalize anyone for filing an appeal. Each application for a land use or other entitlement is handled on a "first-come-first-served" basis. (The City keeps a "log" of applications filed, and any of the public is welcome to confirm the order of processing for each application.)

How Can I Get More Information on Appeals?

Please check the City's website at www.prcity.com, call the Community Development Department at (805) 237-3970, or stop by City Hall at 1000 Spring Street, Paso Robles, CA 93446.
