A brief review of the City Council Meeting of September 19, 2000 was provided.

PLANNING COMMISSIONERS' COMMENTS

- Commissioner Finigan asked for an update on the status of the Niblick Bridge. He also stated that there is an oversized A-frame sign on the corner of 6th and Spring Streets that is blocking the sidewalk.
- Commissioners Nemeth and Steinbeck asked about the status of the awnings on the Prudential Building which were required by the DRC.
- Commissioner Johnson stated that the temperature of the room was good tonight.
- Commissioner Finigan noted that after a function is held in the downtown the trash cans are overflowing until they are emptied on Wednesday, which is the regularly scheduled day. He asked if it would be possible to have the trash cans emptied immediately after the function to avoid having trash spilling over for several days following an event.
- Commissioner Nemeth inquired about the landscaping at the new Paris Precision building and asked if the DRC would be looking at what is proposed and what is needed. Darren Nash will distribute copies of the original landscape plans.
