REVIEW OF CITY COUNCIL MEETING

PLANNING COMMISSIONERS' COMMENTS

- Commissioner Ferravanti asked if we could extend contractors responsibility for City streets adjacent to their projects for up to one year.
- Commissioner Warnke noted an observed violation of the code related to the number of products that may be listed on a sign, specifically with reference to the Jiffy Mart located at 15th and Spring Streets.
- Commissioner Steinbeck stated that he noticed an A-frame sign on the sidewalk on 12th Street that appears to be about 5' tall, and asked staff to do code enforcement on it.
- Commissioner Johnson expressed concern regarding the differing quality of street patches throughout the City. He asked that staff draft a letter to the City Council recommending that the situation be reviewed by the Streets and Utilities Committee.
- Commissioner Calloway stated that perhaps the City could require contractors to use boring as the method for undergrounding utilities rather than trenching.
