Planning Commission approval of a development project is one step in the process of meeting applicable legal requirements. In addition to receiving Planning Commission approvals, all development plans must comply with applicable Zoning and Building Codes. Applicants are encouraged to consult with a design professional to confirm what provisions of the Uniform Building Codes and, in particular, requirements for handicapped access will apply to your project and the design and/or financial implications of meeting these legal requirements.

All items on the Planning Commission Agenda are scheduled for action unless explicitly otherwise stated. Planning Commission Action on General Plan Amendments, Rezones, Street and Public Easement Abandonments, Street Name Changes, Code Amendments and any legislative related action is a recommendation to the City Council; the Council will hold a separate public hearing prior to taking final action. All Other Planning Commission action is final unless an appeal application, including the required fee, is filed with the Community Development Department within 15 calendar days of the date of the action. Any member of the public or the City Council may file an appeal. Please see last page of agenda for how to file an appeal.

Planning Commissioner Comments:

Commissioner Gregory:

- City ag lands should be treated (protected) like County ag lands.
- Best use of ag conservation is private not government.
- Doesn't want to use tax revenues to fund program and doesn't want a vote of the people to increase taxes to fund the program.
- Buffers should be addressed on a case by case basis.
- Care needs to be taken in using soil types to rate ag quality.
- Adopting LAFCO policies is a bad thing.

Commissioner Peterson:

- Blessed with great private ag development of Purple Belt. Plan should reserve what we have. We didn't need to create it.
- Wants to have specifics of what is acceptable in ag lands.
- Wants ag land preserved inside City limits as well as in the County and flexibility with buffers.

Commissioner Garcia:

- Wants "teeth" in program with MOU with County.
- Purple belt would also apply to City.
- Wants plan to explore hillside protection.

Commissioner Nemeth:

- Good program; move forward.

Commissioner Tretch:

- MOU would be good.
- Apply to City limits as well as County

Action: A motion was made by Commissioner Nemeth, seconded by Commissioner Garcia, and passed 5-0-2 (Commissioners Holstine and Johnson absent), to recommend the City Council approve the Negative Declaration with added findings noting the positive impacts of the project.

Action: A motion was made by Commissioner Nemeth, seconded by Commissioner Peterson, and passed 5-0-2 (Commissioners Holstine and Johnson absent), to recommend the City Council approve the Purple Belt Program with an MOU between the City and County to help enforce the program and a recommendation that the program should apply to both city and county ag lands, and stating that buffer positions remain flexible.
