Planning Commission approval of a development project is one step in the process of meeting applicable legal requirements. In addition to receiving Planning Commission approvals, all development plans must comply with applicable Zoning and Building Codes. Applicants are encouraged to consult with a design professional to confirm what provisions of the Uniform Building Codes and, in particular, requirements for handicapped access will apply to your project and the design and/or financial implications of meeting these legal requirements.

All items on the Planning Commission Agenda are scheduled for action unless explicitly otherwise stated. Planning Commission Action on General Plan Amendments, Rezones, Street and Public Easement Abandonments, Street Name Changes, Code Amendments and any legislative related action is a recommendation to the City Council; the Council will hold a separate public hearing prior to taking final action. All Other Planning Commission action is final unless an appeal application, including the required fee, is filed with the Community Development Department within 15 calendar days of the date of the action. Any member of the public or the City Council may file an appeal. Please see last page of agenda for how to file an appeal.

- Commissioner Peterson reported banners at Paso Bowl and Appy's Liquor that have been up for a year and should be removed.
- Commissioner Barth reported issues with two handicap ramp locations. The crosswalk lines should be removed at the north side of the intersection of 11th & Spring and replaced at the south side of that intersection where a new handicap ramp was installed. The crosswalk at 12th & Park leads directly into the curb instead of the ramp.
