PUBLIC HEARINGS

2. Planned Development PD 14-001 (Promenade) and Parcel Map PR-XXX

For the Planning Commission to consider an application filed by Brett Van Steenwyck and Debbie Lorenz to develop a two-phased project with the following components on the southeast corner of 10th and Pine Streets:

Phase One: 100 - 121 room hotel, 3,600 sq. ft. of meeting rooms, 11,500 sq.ft public market (retail commercial space), 5,800 sq.ft. restaurant and surface and subterranean parking lots;

Phase Two: 400-500 seat Performing Arts Center, 5 level 240 space parking structure, and 5,400 sq. ft. office built into the parking structure (these would replace the surface parking lot).

The application also includes a request to approve a tentative parcel map to subdivide the site into two parcels.

Rec'd 7/8/14
@ PC/CC Meeting

Dear Council Members and Honorable Mayor Picanco,

I am writing this letter on behalf of Paso Robles Casino, its employees, my family and our patrons. I feel that it is important to illustrate to you, what our business is, how we operate and what we are striving for.

We currently operate Paso Robles Casino in approximately 1000 square feet in a building that still looks like a Pizza Hut. My wife, my brother, our employees and I have done everything we can to make this space inviting and comfortable for our patrons and guests but it is a small space with very limited potential and we believe we have gone as far as we can with this space.

My wife, my brother and I have conducted extensive research over the past two years looking at and networking with other Card Room operations around the state and researching building options within Paso Robles. We believed that we had found the right building to house our vision of our business, that is, the building currently owned by Gordon and Sheryl Knight, Knights Carpets and Interiors.

We want to emphasize we are not looking to simply relocate the card room. We are looking at having a state of the art facility that will include our current card games as well as a dining area, sports bar and kitchen facilities. We want a business that encompasses our vision and meets the needs of our clientele and supports the community.

Our current clientele includes grandmothers, their children and grandchildren, school teachers, business owners, engineers, attorneys, dentists, doctors, police officers, firemen, bank executives, military personnel and retirees. We are a social business. People come to our business to sit and play cards but also to socialize, to talk about politics and life, to talk about that time they lost a huge hand or won a big pot. We are a friendly and responsible business. We don't allow swearing or curse words and have a sign posted to that effect in the card room. This helps us maintain a pleasant and comfortable environment for everyone. Our business attracts people from all walks of life.

We support our community. We host fundraising tournaments for local and national groups such as PokerGives.org, Supplies for Soldiers. We donate to local organizations such as the Paso Robles Youth Council, the Paso Robles Veterans Center and 4H.

As you are aware, a card room can be a seedy dumpy sort of place as it is in some towns if not operated properly and I want to assure you that is not what we are about or how we operate our business. We are a highly regulated industry. We have been fully vetted by the Paso Robles Police Department, the Bureau of Alcohol, Tobacco and Firearms, the California State Department of Justice, and the California Gambling Control Commission. We are inspected regularly, without prior notice and will continue to be inspected regularly by all of the aforementioned regulators and enforcement agencies.

It seems in the previous meeting on our request for a zoning change in any (M) manufacturing zone in the city to add card rooms, things became heated and went somewhat off point. We are looking to rectify that by putting everyone's minds at ease and pointing out that we are not the bad guys. When a lawyer is forced to write a letter on behalf of a client to protect their interest and rights, language may

be used that could easily be misconstrued or misinterpreted in any number of ways. I want to reassure you that we are not looking to intimidate, threaten or pick a fight with anyone!

We have made a very significant investment so that our business will be a great asset to the community. We are fully aware that some people may be opposed to gambling for personal reasons, just as some people are opposed to drinking and smoking. There is nothing we can do about that except try to ease their minds as to the way we conduct our legal and lawful business and business practices.

We have been in Paso Robles for three years, highly regulated and thoroughly vetted by the Police Department and operated our business to not have a single incident or card room related police call in that time. I did call the police department dispatcher one time to inquire about what to do about someone abandoning their truck and horse trailer with a horse inside in our parking lot on an extremely hot day, but this was mainly out of concern for the horse. They came out and spoke to the horse owner and the vehicle was moved. We are very proud of this record because it exemplifies how we conduct our business.

At this time, I would like to ask you to please look at our zoning request again and decide if such a state of the art facility would indeed be a benefit to the community. Please keep in mind that we operate our business in the most highly ethical manner and in keeping with the goals of businesses within Paso Robles as it is outlined on the City website.

Kind regards,

Robert H. Ezzell
